Press report:

In the District Court of the United States for the Eastern District of Illinois. In the matter of Interstate Coal Company, a corporation, Debtor. No. B-2919-D. In Proceedings for Reorganization Under Section 77B of the Bankruptcy Act as Amended.

Name State Date Charter Forfeited Vol.

To the holders of receivers' claims and receivers' certificates and first mortgage bonds of Interstate Coal Company and certificates of deposit therefor entitled to participate in the plan of reorganization of the debtor:

You are hereby notified that on September 22, an order was entered in the above entitled cause by his Honor, Judge Walter C. Lindley, providing that persons entitled to receive shares of Preferred Stock or Common Stock or both of Burr Oak Coal Corporation, in accordance with the provisions of the Plan of Reorganization of Interstate Coal Company, Debtor, heretofore confirmed by said court, shall not be entitled to any of the rights of stockholders until they shall have done all acts necessary to procure delivery of certificates of such Preferred Stock or Common Stock, or both as the case may be, and shall have delivered to Burr Oak Coal Corporation, for surrender and cancellation, their Receivers' Claims or Certificates, or their First Mortgage Bonds or Certificates of Deposit therefor, and until such acts are performed they shall not be entitled to notices of or to vote at any stockholders meeting nor shall such shares remaining unclaimed, be deemed to be outstanding for the purposes of calculating a quorum or in determining the percentage of the vote of outstanding stock. Such Preferred Stock remaining unclaimed may be called for redemption and dividends on such Preferred Stock and Common Stock remaining unclaimed shall be declared in the same manner as though such shares had actually been delivered under the Plan and such dividends and redemption moneys shall be set apart for payment as follows:

(a) If and when any such shares of Preferred Stock or Common Stock of Burr Oak Coal Corporation, as the case may be, are delivered under the Plan, any such dividends declared thereon, and any redemption moneys allocable thereto, shall be paid to or upon the order of the party entitled to receive such shares of Preferred Stock or Common Stock respectively, but without interest. Any such Preferred Stock and Common Stock, or either, together with the dividends, if any, declared thereon and any redemption moneys allocable to the redemption of Preferred Stock which shall remain unclaimed (that is the necessary acts to procure delivery remaining undone) after five years from the date of said order, shall be held and become the property of Burr Oak Coal Corporation and part of its general funds and property free from any claim of those previously entitled thereto; and each and every of the persons entitled to Preferred Stock and Common Stock and the dividends, redemption price or other funds allocable thereto, who shall not claim the same and on or before five years from the date of said order do all things necessary on their part to be done to procure delivery thereof, shall, without any further action on the part of Burr Oak Coal Corporation or any other person, have no further right, title or interest in or to any of the securities of Burr Oak Coal

Press report December 14, 1944:

Baton Rouge, La., Dec. 14 (AP).—Standard Oil Co. (New Jersey) officials announced here today that two of the nation's large crude oil pipe line systems, now operated by Standard Oil Co. of Louisiana and Oklahoma Pipe Line Co. will be consolidated Dec. 31.

The system will be known as Interstate Oil Pipe Line Co. with a northern division operating from Tulsa, Okla., and a southern division operating out of Shreveport, La. Head offices will be in Tulsa.

The change, which will be just prior to the previously announced year-end merger of Standard Oil Co. of Louisiana and Standard Oil Co. of New Jersey, is part of a general streamlining of corporate functions, and at the same time, is expected to provide a more efficient crude oil service to the company's Baton Rouge refinery.

Trunk lines and gathering systems in the State of Mississippi now operated by the Oklahoma company will be combined with those now operated by the Louisiana company in the States of Louisiana and Arkansas and managed from the Shreveport headquarters.

The northern division will operate the widespread Oklahoma pipe line system in Montana, Wyoming, Illinois, Kentucky and Oklahoma.

Iron Silver Mining Company. Incorporated in New York. Mr. William P. Stevens, Liquidating Trustee, located at 2451 Penobscot Bldg., Detroit, Michigan, informed us as follows on June 12, 1946:
"Please be advised that we paid the following dividends:

Name State Date Charter Forfeited Vol.

June 10, 1932 —35c per share
Jan. 5, 1935 — 5½c per share
July 25, 1939 —1.7c per share

In addition to the foregoing, two dividends of 5c each were paid from capital, one in 1927 and the other in 1928. On December 13, 1939, the Liquidating Trustees, having completed the liquidation of the company, and in compliance with the Court Order and Decree entered in the proceedings brought for the Dissolution of the company, turned over all unpaid liquidating dividends to the Chamberlain of the City of New York, together with the names of the stockholders and the amounts to which each was entitled. The matter is catalogued as Iron Silver Mining Company Liquidation."

These funds may be obtained by Court Order from the Treasurer of the City of New York, Court & Trust Division, 201 Municipal Bldg., New York City.

Itmann Corporation. Supplementing our report of May 20th, Mr. J. Barrett Cater, former President of the company, located at Denrike Bldg., Washington, D. C., informed us as follows on May 21, 1945: ". . . This corporation has been insolvent for a number of years, and I have been acting as president for the sole purpose of liquidating the corporation as expeditiously as possible, and distributing the assets to the creditors. The stock was declared worthless by the Treasury Department some years ago, but I do not recall in which year they held that it became worthless. In almost every instance in which the stockholders attempted to take a loss, the Treasury Department held that the loss occurred in previous years."

J. M. Holding Company. First Mortgage 6% Bonds Dated Sept. 1, 1928, or C/D Therefor: The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 24, 1945:

In our letter of August 29, 1944, you were informed that we expected to complete the liquidation of the real estate before the end of November, and that the final liquidating dividend would then be made. The purchaser of the 82 lots on land contract has paid the contract in full. The sale of the 140 remaining lots has also been completed. As part of the consideration in this sale $43,700 par value of bonds were surrendered and cancelled, leaving $78,200 presently outstanding.

Cash available after payment of fees and expenses amounts to $21,880.82. However, because the income tax status of the trust has not been determined, it is necessary that $8,000 be held in reserve to cover possible claims for income tax. There is, therefore, $13,880.82 available at this time as a liquidating dividend for distribution to the holders of $78,200 par value of bonds and certificates of deposit presently outstanding at the rate of 17.74% ($177.40 per $1,000 bond). In order to receive this liquidating dividend the bonds or certificates of deposit should be forwarded to

Detroit Trust Company
Reorganization Department
201 West Fort Street
Detroit 31, Michigan

The bonds and certificates of deposit will be endorsed to show this payment and returned to holders with the check.

Liquidation of the trust property was completed in 1944 and 72.02% of the distribution now available to bondholders (or $127.76 per $1,000 bond) represents proceeds of sale within that year and the balance thereof out of proceeds of sales in prior years. With respect to the Fiduciary Income Tax Return being filed by the Trustee for the year 1944 for the trust, the portion of the distribution allocable to the year 1944 is being treated by the Trustee as though the distribution had actually been made as of December 31, 1944. This action is based upon Section 162(d) of the Internal Revenue Code.

The Trustee is advised by counsel that from a bondholder's viewpoint the treatment of the distribution depends upon a bondholder's own cost basis, the amount now available to him to be applied against his own cost for the bonds he holds. Of course, the Government may take the stand that the bondholder's cost is his allocable share of the land contract price paid to the State of Michigan in recovery of the property at the Scavenger Sale, but the Trustee does not adopt that view believing instead, that the bondholder's cost is his original cost.

As soon as the income tax questions of the trust have been determined (and that may not be until approximately three (3) years from date), bondholders will be so informed. At such time any unused portion of the income tax reserve will be made available to bondholders. After collection of the distribution now available, your bonds should be retained for possible collection of the pro rata share of the unused portion of the income tax reserve.

Jarvis, W. B., Company of Grand Rapids, Michigan. Press report October 18, 1944. Acquisition of the W. B. Jarvis Co. of Grand Rapids, Mich., manufacturer and distributor of hardware and trimmings on automobile bodies, has been approved by directors of the Doehler Die Casting Co., it was disclosed yesterday. Directors of Jarvis are also understood to have approved the merger.

The transaction involves an offer to stockholders of the Jarvis company to exchange their shares for those of Doehler on a basis of 2½ shares of Jarvis for one Doehler.

The W. B. Jarvis Co. was incorporated in Michigan in 1926 and its plant in Grand Rapids contains approximately 100,000 square feet of floor space. There are outstanding 300,000 shares of $1 per capital stock. Total assets as of June 30, 1944, were $3,037,705 and net sales for the fiscal year ended June 30 totaled $2,855,263, while net income for the year amounted to $315,178. Doehler Die Casting has authorized 300,000 shares of capital stock, of which 297,113 are outstanding, indicating that an increase in the authorized amount will be necessary when Doehler stockholders act on the merger.

Jewelers' League of New York. Incorporated in New York and in 1908 changed its name to the Assurance League of America. We found no trace of this corporation in 1910, and therefore believe it ceased to exist about that time. It is our opinion that the $5,000. note issued by this League is without value.

Jim Butler Mining Company. Incorporated in Delaware and is located at Tonopah, Nevada, and 501 Bullitt Bldg., Phila., Pa. The company owns a number of claims in Nye County, Nevada. Development of the properties has not proved successful. The company has been inactive for the last 17 years. There is absolutely no market for the stock at any price.

Jim Butler Tonopah Mining Company. Value of 1,000 shares of Capital Stock: Incorporated in Delaware and was succeeded by the Jim Butler Mining Company. One new share was issued for each four shares held. The new company is located at 570 Bullitt Bldg., Philadelphia, Pa. A large part of this company's property is undeveloped. The company has been inactive since 1928. There was absolutely no market for the stock at any price near the date of death. Therefore, I submit only a nominal value for the stock, or $1.00 for the lot, as of January 7, 1945, the date of the decedent's death.

On July 24, 1924 the latter company was authorized to abandon its line and to sell or otherwise dispose of all the physical property and assets. Our records indicate that the Continental & Commercial Trust & Savings Bank, one of the predecessors of the Continental Illinois National Bank & Trust Co., Chicago, Illinois, was connected with the Bondholders' Protective Committee. The Continental Illinois National Bank & Trust Company informed us that they have no record of this company. Apparently nothing was realized on the certificates, because there are no unclaimed funds available today.

Jumping Brook Country Club.

Value of Reg. Certificate of Indebtedness #96 for $1,000.

Mr. James J. Colt, care of the Jumping Brook Golf and Country Club located at Neptune, New Jersey, informed me as follows on November 27, 1945: "In reply to your letter of November 16th we wish to advise you that the present Jumping Brook Golf and Country Club has been taken over by new management as of February 1, 1945. In the opinion of the writer the certificate which you hold, #96 dated September 4, 1925, has no value whatsoever and, in our opinion, is worthless."

In view of the above I submit the Certificate as worthless as of June 9, 1945, the date of the decedent's death.

Kansas City Bridge & Terminal Co. According to our records the First Mortgage bonds have a small decree value. However, this has not been confirmed. Our records indicate that the Central Hanover Bank & Trust Company, New York City, was a party to the foreclosure. The court having jurisdiction was the U. S. Circuit Court, Western Division District of Missouri, No. 1717. Any unclaimed funds are probably held by the U. S. Treasury. It is necessary to inform this court the bonds you hold, together with their numbers, if the bonds are unstamped. When you receive this information, consult Volume X, under National Motors Corporation, for sample of Petition, Court Order, to be used in applying for unclaimed funds held by the U. S. Treasury.

Kansas-Oklahoma Consolidated Oil Co. Incorporated under the laws of the State of Delaware April 19, 1918. Has offices at 1601 Foshay Tower, Minneapolis, Minn. Secretary of Company states that at the present time the stock, in his opinion, is not worth more than 25c per share, and as to the future prospects, state this is more or less of a gamble and did not care to make any definite predictions at the time.

Kansas-Oklahoma Petroleum Corporation 10

Kansas Pacific Railroad Co. 1943 Issue.

Kansas Power Company, Great Bend, Kansas (Kansas).

The State Corporation Commission of Kansas informed us as follows on July 30, 1945:

We have your letter of July 26 in which you request information concerning the securities of the Kansas Power Company, of Great Bend, Kansas. As you probably know, the common stock of this company was taken over by The Western Light & Telephone Company, and at the present time a plan of merging the two companies is in progress, the surviving company to be The Western Light & Telephone Company, Inc.

According to the annual report of the Kansas Power Company for the year 1944, they had securities as follows:

4% Bonds—$5,000,000.00.

160,000 shares common stock valued at $1,357,009.86

15,639 shares 6% Preferred Stock and 3,867 shares 7% Preferred Stock, both being carried at a value of $100.00 per share.

A portion of the plan of merger reads as follows:

"(b) For each share of $7 no par value preferred stock of Kansas (redemption price $107) holders will be entitled to receive 4 shares of new preferred stock plus $1 in cash;

(c) For each share of $6 no par value preferred stock of Kansas (redemption price $106) holders will be entitled to receive 4 shares of new preferred stock.

The proposed cash payments represent the difference between the respective call prices of the presently outstanding preferred stocks and the companies' estimate of the market value of the new preferred stock. Holders of preferred stock in the constituent companies will also be paid dividends accrued to the date of merger.

It is also proposed that the common stockholders of Western exchange their shares on the basis of one share of new $10 par value common stock of Western, Inc. for each five shares of $1 par value Western common stock. Since Western is the owner of all the issued and outstanding common stock of Kansas, no shares of common stock of Western, Inc. will be issued in exchange for the common stock of Kansas and said stock will be cancelled."

Kemler Lumber Company. The Secretary of State of Illinois informed us that their records do not disclose a corporation of this name. The Continental Illinois National Bank & Trust Company, Chicago, Illinois, successor to the Continental National Bank of Chicago, Illinois, informed us that they never acted as paying agent for bonds of this company, nor had any knowledge of it. Apparently the company did not progress beyond the printing of the corporation's securities. Under the circumstances we do not attach any value to the bonds.

Kemp-Cromwell, Inc. Value of Capital Stock:
Incorporated in Delaware on August 18, 1925, and filed its last report in 1927. Mr. J. H. R. Cromwell, our former Ambassador to Canada was President of this company, and Robert Kemp was Vice President. The corporation lost its charter on April 1, 1930. I found no value to the stock, and, therefore, believe the shares are worthless as of October 28, 1944, the date of the decedent's death.

Keweenaw Copper Company (Mich.) Press report 12/21/44: Houghton, Mich.—Calumet & Hecla recently paid 62,768 shares of its stock for the lands of the Keweenaw Copper Co. The purchase includes all the property and assets of the Keweenaw Co. except cash, listed securities and government bonds. It is reported that the board of directors of Keweenaw Copper has declared a liquidating dividend of three-fourth share of the capital stock of Calumet & Hecla and $1 in cash for each share of stock of the Keweenaw Copper Co. Acquisition of the 34,544 acres of Keweenaw land still further broadens Calumet & Hecla's holdings in Keweenaw county. The lands adjoin Calumet & Hecla land on which considerable exploration for copper has been conducted in recent years.

Knollwood Realty Company. 6% Bonds Dated Dec. 1, 1931:

The Detroit Trust Company, Detroit, Michigan, informed us as follows on March 8, 1945:

To Holders of Knollwood Realty Company and Knollwood Country Club 6% Gold Bonds dated December 1, 1931:

Under date of May 5, 1944 we informed you that at the request of the holders of a substantial block of bonds of the above issue, we had instructed our counsel to proceed with the foreclosure of the mortgage securing said bonds.

You are hereby advised that pursuant to such proceedings a foreclosure decree was entered January 15, 1945 showing total amount due for principal and interest at that time of $281,995.01. The decree further authorizes a public sale of the property. Prior to the time that such a sale is to be held bondholders will be advised so that they may take such action as they wish to protect their interests.

In the meantime we will be glad to furnish any bondholder with any available information upon request.

Knoxville Land Improvement Company. Incorporated in Pennsylvania. Mr. John L. Schmidt, Secretary and Treasurer of the company, located at 222 Jucunda Street, Pittsburgh 10, Pa., informed us as follows on July 16, 1945:

"In reply beg to inform you that the company is now in the process of liquidation. The assets of the company consist of two pieces of improved property, both of which are two family dwellings. There is a substantial mortgage debt on one of these properties, and the sale of both of these properties would fail to yield anything close to the unpaid tax obligation on the numerous unimproved lots which comprise the balance of the company's real estate holdings. With building restricted, as now, there is absolutely no market for said lots, and efforts have been made to get Allegheny County, the City of Pittsburgh and the Pittsburgh School District to comprise the tax debt. In fact, the Directors seem to feel that deeds to these lots could advisedly be given to said municipalities. There certainly seems to be no hope for any financial return to the stockholders, and bankruptcy proceedings would be quite advisable to complete the liquidation of the company".

Kreuger & Toll Company. Value of 550 Shares American Certificates. Mr. G. G. Lee, Room 612, 201 Devonshire Street, Boston, Massachusetts, informed me as follows on November 20, 1945: "The Lee Higginson Corporation, New York, has referred to me your letter of November 16th regarding Kreuger & Toll Co. American Certificates in the Estate of Tillie M. Levy. The liquidators in both the American and Swedish bankruptcies of Kreuger & Toll Co. report that the final dividends in liquidation have now been paid to creditors of Kreuger & Toll Co. The only dividend paid on the American Certificates representing deposited Participating Debentures of Kreuger & Toll Co. since that company was adjudicated bankrupt in 1932 was the dividend paid on June 15, 1939, at the rate of $0.0235 per American Certificate, to registered holders of record May 31, 1939. As this 1939 payment represented the final payment the Certificate had no value as of June 9, 1945, the date of the decedent's death."

Kycoga Land Company. Incorporated in Delaware on April 7, 1927 and according to its 1944 report Mr. T. I. Hadden of 159 Soundview Avenue, White Plains, N. Y., is President. Mr. Hadden informed us as follows on January 17, 1946:

"In reply to your letter of the 15th inst., I would say that there is no so-called market for the stock of the Kycoga Land Company, which is very seldom dealt in, and I have not heard of any recent sales. Within the last few years there have been a number of sales of small lots at prices ranging from three to ten dollars a share. The usual financial statements are being prepared and will be mailed to the stockholders within a reasonable time."

LaClede Gas Light Co. Press report 3/14/45: It is presently proposed that the effective date of the plan of reorganization of the above named company will be March 23, 1945 (subject to postponement as hereinafter stated). Upon the effective date of the plan, funds will be irrevocably deposited for the pay-	

ment of the principal amount of all outstanding refunding and extension mortgage 5% gold bonds of the company due April 1, 1845, together with interest thereon through the effective date. After the effective date, pursuant to the plan, interest will cease to accrue. On the day after the effective date, holders of these bonds may present their bonds for payment to Bankers Trust Company, corporate trust department, 16 Wall Street, New York 15, New York or to St. Louis Union Trust company, 323 North Broadway, St. Louis 2, Missouri. Bonds must be accompanied by the interest coupons due April 1, 1945.

Upon the effective date of the plan, funds will be irrevocably deposited for the payment of the principal amount of the first mortgage collateral and refunding 5½% gold bond series C due February 1, 1953, and series D due February 1, 1960, together with interest thereon through the effective date. After the effective date, pursuant to the plan, interest will cease to accrue. On the day after the effective date, holders of these bonds may present their bonds for payment to said St. Louis Union Trust company, and holders of bonds of series C may also present their bonds to said Bankers Trust company, corporate trust department, and holders of bonds of series D may also present their bonds to Halsey, Stuart & Co. Inc., 201 S. LaSalle St., Chicago, Illinois, and 35 Wall Street, New York, New York. Bonds must be accompanied by all interest coupons maturing subsequent to the effective date. Holders of these bonds upon payment thereof will be entitled to receive scrip certificates providing for the possible payment under certain conditions as therein stated of the amount of the redemption premiums.

Upon the effective date of the plan the new common stock ($4 par value) will be issued. Holders of presently outstanding preferred and common stock may deliver their stock certificates either to said Bankers Trust Company, corporate trust department, or to the Boatman's National Bank of St. Louis, 300 North Broadway, St. Louis 2, Missouri, on the day after the effective date. The stock must be accompanied by a letter of transmittal and must conform to the instructions contained in the letter of transmittal.

Copies of the plan may be examined at the office of the company, or at the office of said Bankers Trust Company, corporate trust department.

Unexpected developments may occur which would require a postponement of the effective date, or which would render it inadvisable to declare the plan effective, and accordingly, this notice shall not be deemed to be a guarantee by the company that the plan will become effective on March 23, 1945, or any date subsequent thereto.

A letter will be mailed to known bondholders and to stockholders on or about March 14, 1945, containing further information and instructions and enclosing a letter of transmittal to be used by the stockholders.

Lake Superior & Puget Sound Co. Incorporated in 1868. A newspaper clipping in the Marvyn Scudder Financial Library indicates that in April, 1890., the company distributed its assets and dissolved. This press release was made by B. J. Belknap, President. Our records do not indicate what was distributed, or if there are any unclaimed funds today, or if a permanent trustee was appointed to distribute these funds. It would appear that the company made the distribution, and if the certificate indicates that a distribution was received, it would indicate that the certificate has no value today.

Latherizer Corporation (The).
Value of 200 Shares of 8% Preferred Stock and 400 Shares of Common Stock. Incorporated in Delaware on August 11, 1925 and lost its charter on April 1, 1934. The last report of the corporation was filed in 1931. The stock of this corporation was exchanged for stock of the Latherizer Sales Corporation on the basis of 25 shares of common and 25 shares of preferred stock of the old company for 3⅛ shares of common stock of the new company. The stock of the latter company was exchanged for stock of Soap Products, Ltd. The latter corporation lost its charter in April, 1936. I found no value to the stock, which I believe is worthless. Therefore, I submit the shares of The Latherizer Corporation as worthless as of July 24, 1945, the date of the decedent's death.
Lathrop Combination Sewing Machine Co.
Incorporated in New York on April 10, 1871 and changed its name to Combination Sewing Machine Company on November 8, 1878. The corporation was dissolved by Proclamation in 1924. We found no value to the stock.

Press report 7/12/1945:
Wallace, Idaho.—Lawrence Cons. Mining Co. at Clark's Fork is reported to have sold the Lawrence mine for a consideration of $75,000 to an unnamed eastern group of investors. The property has been operated by leasers during the past year. The same eastern interests are said to have also bought the Gordon Daugherty mining property on Lightning Creek near Lake Darling in the same district.

Lepanto Cons. Mining Co. Nielson affiliate: this plant was destroyed in compliance with U. S. Army orders in 1942. The mill was rebuilt by the Japanese using equipment taken from other mining properties. The smelter, constructed in 1940, was destroyed by the owners and no attempt was made by the Japanese to rebuild it. It is estimated that a year may be required to rebuild the smelter.

Lincoln Mortgage Company. Incorporated under the laws of the State of Washington in 1926. Was stricken from the records of the Department of State, Olympia, on July 1, 1933 and automatically dissolved July 1, 1936 for non-payment of its annual license fees. It has had no legal corporate existence in this state since that time.	
Lincoln Mortgage Co. This company was located in Los Angeles up until about 5 years ago, when its affairs became financially involved. According to our L. A. Office, practically all assets were pledged as security to creditors. Those not pledged were subject to judgments rendered against the company, which amounted to a considerable sum. The company finally lost its assets to creditors about 1935 and, therefore, is no longer in existence.

Lincoln National Enterprises Inc. N. Y. 1937.	
Lincoln Oil Company. Incorporated under the laws of the State of Louisiana, domiciled at Lafayette, Louisiana, filed charter on August 10, 1933, showing William Helis, Dallas, Texas, as President; Sim LeBlanco, Lafayette, La., as Vice-President & Secretary; and J. A. Papageorge, Memphis, Tennessee, as Treasurer. According to the Secretary of State of Louisiana, this company has never filed dissolution proceedings; therefore, it is still authorized to do business in the State of Louisiana. Letters requesting information on the company were written to Mr. LeBlanco, but were never answered. A letter to Mr. Helis was returned unclaimed.

Long Beach Hotel Company. 6½s/45 (Breakers Hotel) Co. was in financial difficulties for many yrs. & the earth quake in Long Beach did serious damage to hotel. In 4/34 insurance co. made a payment covering this damage & a distribution of $7.50 per $1000 bond was made to Breakers Hotel bondholders. In 10/38, a new co. was formed by the Bondholders' Committee, known as 200 East Ocean Blvd. Corp. & stock was distributed to depositing bondholders at rate of 10 shs. per $1000 bond. Subsequently, in 7/39, this stock was redeemed by the co. at $6.65 per sh. Therefore holders of Breakers Hotel bonds who deposited their holdings with the Committee rec'd a cash distribution of $66.50 per $1000 bond in 7/39, which was in addition to the $7.50 made in 4/34. Non-depositing bondholders rec'd the $7.50 distribution in '34 and, in addition, were finally paid off at the rate of $62.56 per $1000 bond.

Loosahatchie River Drainage District. (Counties of Fayette and Shelby, Tenn.). 6% Bonds Due April 1, 1939-40. We have been informed that practically all of the assessments have been liquidated on the land that is of any value. The remaining land on which there are assessments to secure these bonds consists of small tracts, and the owners are not definitely known. We consider the bonds of very little or no value, and have been informed that Mr. Will Mayo, an attorney, at Somerville, Tennessee, would be the best prospect for the bonds as he has been liquidating the assessments and bonds for the holders. Mr. Mayo did inform C. H. Little & Co., of Jackson, Tenn., that most of the assessments of any value have been paid off.

Louisville Gas & Electric Company (Delaware).

Press report November 6, 1944:

Philadelphia, Nov. 6 (AP).—A plan for the liquidation of Louisville Gas and Electric Company (Delaware) through the distribution to its stockholders of common stock in Louisville Gas and Electric Company (Kentucky), a subsidiary, was filed today with the Securities and Exchange Commission.

Each share of the Delaware company's Class A common stock is to receive one and one-twelfth share of the Kentucky stock or one share plus $1.923 cash. Each share of Class B common is to be allocated three-fourths of a Kentucky share.

In place of fractional shares, each stockholder of the Delaware company will receive cash at the rate of $23.08 a share.

The remaining assets will be distributed among holders of Class B common in cash to all holders except Standard Gas and Electric Company, top holding company of the system. It is estimated that the additional payment to Class B common will be $3.60 a share.

Standard will accept shares of common stock in the Kentucky company instead of cash.

With reference to the City of Louisville negotiations to purchase the Kentucky company properties or common stock, the plan said:

"Based upon advice which the Delaware company has received from tax experts employed by it and from counsel, it is the opinion of the officers of the company that any such sale would result in a serious tax liability and therefore would be detrimental to the interest of stockholders of the Delaware company."

The incorporators were: W. S. Ludlow, W. A. Earls, Geo. B. McClellan, G. W. Gano and J. H. Earls. There is no market for the stock.

Ludlow Appliances Corporation. Supplementing our report rendered on July 2, 1945, Mr. W. A. Earls, agent for the company, located at 1100 Union Trust Bldg., Cincinnati, Ohio, in care of the Laws Insurance Agency Company, of which he is President, informed us as follows on July 10, 1945: "Your letter of the 25th of June regarding the Ludlow Appliance Corporation is received. There is no set value on the stock at this time. The device is not being manufactured owing to war conditions. The Box is the outstanding device of its kind in existence, but unfortunately most of the company's money was used in experimentation. If the stockholders will address me personally, I might be able to give more specific information."

Lundelius & Eccleston Motors Corporation 10

Lundelius & Eccleston Motors Corp. The Corporation Trust Company represented the above company as statutory agent in the State of Delaware, but the company discontinued their services in April, 1939. In the records of the Secretary of State, however, The Corporation Trust Co. is still shown as resident agent and the company is in good standing but owes franchise taxes for the years 1937, 1938, 1939, and 1940, having obtained an extension of time to January 1, 1942, within which to pay delinquent franchise taxes. As the Corporation Trust Co. only acted as statutory agent for the company, they have no information in their files regarding the company's assets or the valuation of its stock. We have written at least five letters to the Lundelius & Eccleston Motors Corp., enclosed with a letter to The Corporation Trust Co., asking them to forward it, as per their instructions, but we have received no replies. Under the circumstances we would suggest that clients write direct to the company in care of the Corporation Trust Co., 100 West 10th St., Wilmington, Delaware, where as a stockholder he may demand information.

Lusitania Barber Shop and Beauty Parlor, Inc. 10

Lusitania Corporation, Ltd. According to the Secretary of State of Nevada, Company was incorporated under the laws of Nevada May 10, 1930, forfeited its right to do business legally under its charter on the 1st Mon. of Mar. '34 because of failure to file lists of officers and pay fees and penalties amounting to $52.50. A letter was directed to the authorized resident agent, in accordance with the last filed with the Dept. of State on 11/23/32, but was returned unclaimed. Consequently, we would assume that this concern is out of existence at the present time, the stock having no value.

MacKinnon Steel Corporation Limited. The Montreal Trust Company, Montreal, Quebec, informed us as follows on July 31, 1945:

To The Holders of Preference and Common Stock of MacKinnon Steel Corporation Limited

All steps necessary to give effect to the Scheme of Arrangement agreed to by the shareholders at the Special Meetings held on January 28th, 1943, and confirmed by the Secretary of State on April 9th, 1943, have been completed.

The business, property and assets of the Corporation have been transferred to MacKinnon Structural Steel Company Limited, a new Company incorporated by Letters Patent of Canada bearing date the 27th April 1943.

The provisions of the arrangement are as follows:

Each preference shareholder of the Corporation is entitled to receive:

(a) $15 per preference share in cash —

(b) Three preference shares of the new company for four preference shares of the Corporation.

(c) Eight common shares of the new company for each four preference shares of the Corporation —

Each common share holder of the Corporation is entitled to receive:

One common share of the new company for each two common shares of the Corporation.

The Corporation has deposited with Montreal Trust Company, as distributing agent, the sum of $71,250, and has directed it to effect the distribution to the preference shareholders.

The cash payment of $15 per share will be made June 15th to the preference shareholders who will surrender theretofore their certificates at the office of Montreal Trust Company, 511 Place d'Armes, Montreal. If surrender is effected after June 15th, such payment will be made when delivery of the new stock certificates takes place.

Payment will be made by cheque to the order of the registered shareholder, unless the certificates shall be duly endorsed or accompanied by an assignment which has been duly executed (in both cases with signatures duly guaranteed) and with requisite stock tranfer tax stamps affixed.

It is expected that the preference and common stock certificates of the new Company will be delivered to the shareholders about the 1st of July.

There is attached a letter of transmittal which must be filled in, signed by the certificate holder and returned with the surrendered certificates.

A quarterly dividend of one and one-quarter (1¼%) per cent has been declared on the 5% Cumulative Sinking Fund Redeemable Preference Stock of the new Company payable June 15th to shareholders of Record May 31st, 1943.

Macon & Brunswick Railroad Company. State of Georgia Uniform 7% Gold Bonds Payable on Demand after Dec. 1, 1894. The Treasurer of the State of Georgia, Atlanta, Ga., informed us as follows on February 13, 1946:
"In response to your letter of February 7th relative to certain railroad and State of Georgia Bonds issued in 1870, wish to advise that these bonds are of no value whatever. Both the Macon & Brunswick Railroad Company bonds and the State of Georgia 7% Gold Bonds were issued during the so-called Carpetbagger Days in Georgia, both of which issues were later declared illegal and void by the General Assembly of Georgia. A Constitutional Amendment passed in 1877 prohibits the State Officials or the General Assembly from taking steps in any manner to redeem those bonds."

Magnetic Motors Corp., Ltd. Incorporated under the laws of Nevada on May 9, 1934, charter was revoked on the 1st Monday of March, 1939, because of its failure to file, on or before said date, a list of its officers and directors, and designation of resident agent, and his acceptance of such designation for the year July 1, 1938 to July 1, 1939; also to pay the statutory filing fee and penalty then due, viz: $7.50. However, the corporation may be reinstated to its former status and rights as such, upon filing in this office an affidavit stating the reason for revocation of its charter, together with a list of officers, etc. for the current year, July 1, 1941 to July 1, 1942, accompanied by remittance to cover the fees and penalties from 1938 to date in the amount of $30.00. The last list filed here on June 25, 1937 named the president as Guy C. Anderson of 224 Harriet Street, San Francisco. Signed (Malcolm McEachin) Secretary of State.

Magnin, I., & Co. (Delaware). Mr. R. D. Carpenter, Vice President of the company, located at Grant Avenue at Geary, San Francisco, Calif., informed us as follows on March 3, 1945:

In reply to your letter of February 26, regarding the value of securities of our Company. In 1944, 99.2% (plus) of the stockholders of I. Magnin & Co. common stock, exchanged this stock for stock in Bullock's Inc., on the basis of 3½ shares of I. Magnin & Co. stock for 1 share of Bullock's Inc. The quotation on Bullock's Inc. stock today is 73¼. On the ratio of 3½ to 1, that should give a value of $20.00 or $21.00 a share.

After the exchange, I. Magnin & Co. stock was de-listed and there is practically no trading in it now as there is only about two thousand shares outstanding, out of a total of 257,447.

It seems to the writer that anyone holding stock in I. Magnin & Co. would want to turn it in for stock in Bullock's Inc. This can still be done on application to the Wells Fargo Bank and Union Trust Company, provided we, on behalf of Bullock's, approve such an exchange. The Corporation Commissioner's permission to make this exchange expires on June 30, 1945. The writer has the authority from Bullock's Inc. to authorize the Wells Fargo Bank to exchange any remaining stock on the basis of 3½ to 1.

I. Magnin & Co. stock, in the year 1944, paid 15c a quarter, or 60c a share, therefore, 3½ shares would pay $2.10, whereas, 1 share of Bullock's paid $3.50. We have no comparison of earnings at this time.

Manoa Mining Company. Incorporated under the laws of the State of Nevada on Sept. 10, 1907, but its charter was revoked on the 1st Monday of March, 1938, because of its failure to file, on or before said date, a list of its officers & directors, and designation of resident agent, and its acceptance of such designation for the year July 1, 1937 to July 1, 1938; also to pay the statutory filing fee and penalty then due, viz: $7.50. However, the corporation may be reinstated to its former status and rights as such, upon filing in this office an affidavit stating the reason for the revocation of its charter, together with a list of officers, etc. for the current year, July 1, 1941 to July 1, 1942, accompanied by remittance to cover the fees and penalties from 1937 to date in the amount of $37.50. The last list filed here on May 19, 1936 named the resident agent as M. A. Leonard of Unionville, Nevada.

March Gold, Incorporated. Incorporated in Delaware on December 19, 1919, and forfeited its charter on April 1, 1942. Mr. G. R. Feine of 107 Crescent Avenue, Buffalo, N. Y., was Treasurer. A letter addressed to Mr. Feine was answered by Mr. E. G. Kinkel, President of the Porcupine United Gold Mines, Inc., 2200 Rand Bldg., Buffalo, N. Y., as follows: ". . . Complete literature was sent to the March Gold shareholders regarding this matter in the year of 1937. If your clients did not receive same it is because of incorrect address. If you will give us their names and addresses we will check into this matter, as the Porcupine United Gold Mines anticipate a further report to their stockholders within the next month."

Marconi's Wireless Telegraph Company, Limited. Incorporated in England and is a subsidiary of Cable and Wireless Holding Limited. The address is Electra House, Victoria Embankment, London, E. C. 2, England.

Marconi's Wireless Telegraph Co., Ltd. The Central Hanover Bank & Trust Company, 70 Broadway, New York City, att: Mr. F. A. Buck, informed us as follows on January 13, 1945: "We refer to your letter of January 11th, and wish to advise that coupons up to and including No. 54 detached from ordinary shares are now payable. The coupons Nos. 21 to 40 which are attached to the shares which you are holding are payable and the talon which is also attached to the shares must be forwarded to London to be exchanged for a new sheet of coupons Nos. 41 to 60. Of these new coupons up to and including No. 54 is payable. If you wish us to attempt collection of the matured coupons and the securing of a new sheet of coupons kindly send the coupons and talons to us together with the enclosed forms. Our arrangement with the Marconi Company calls for us to hold coupons advising them in London of the coupons deposited. Upon receipt of our advice the Marconi deposits the necessary funds in our account in London and upon receipt of advice that this has been done we cancel the coupons and account to our client."

Marquette Medical Building Corporation. Value of Marquette Building 6½% Bonds. Incorporated in Illinois and according to the last report filed on February 28, 1934 the officers were as follows: Henry A. Stine, whose present address is 5719 S. Kenwood Street, Chicago, Illinois, and Benedict Aron, whose present address is 6155 South Kedzie Street, Chicago, Illinois.

Marquette Medical Building Corporation. Incorporated in Illinois and was dissolved on June 15, 1936. Edgar D. Gunning & Company, real estate agents, located at 2527 Lawrence Avenue, Chicago, Illinois, informed us as follows on May 4, 1845:

"Re: Marquette Medical Building Bonds. On March 26, 1845, you wrote Dr. Benedict Aron of 6155 S. Kedzie Avenue, making inquiry about some bonds held by one of your clients, and this letter has been referred to us for reply. The original bond issue was in default and foreclosure sale was held on August 12, 1935. The Master's Report shows that $15,500 of bonds were not deposited with the committee for the purpose of participating in the reorganization, and provision was made by the court for payment to such non depositing bondholders of $147.32 for principal of each $1,000 bond and $4.79 for coupon No. 8 of $32.50 on each $1,000 bond. From your letter we assume that your client still has the original bonds. In such case, if you will communicate with Mr. Ely M. Aaron, Trustee, First National Bank Bldg., Chicago, Illinois, giving him the number and the denomination of the bonds held, you can obtain payment of the amount provided by court decree."

Maxwald Corporation (The). Incorporated in New York State and filed a Certificate of Dissolution on April 27, 1921. We searched "Polk's New York Co-partnership and Corporation Directory" for 1917, 1918 and 1919 and found no record of the company. The corporation was dissolved by proclamation on December 15, 1939. It is our opinion that the stock of this corporation is without value. Under Section 105 of the New York Stock Corporation law, corporations filing Certificates of Dissolution must prove that the co. has no assets and has been completely liquidated.

Medical Arts Building, Omaha, Nebraska. Mr. P. A. Schroeder, President of Cornell, Schroeder & Co., located at 120 La Salle Street, Chicago, Illinois, informed us as follows on November 8, 1944:

In answer to your letter of November 1st, wish to advise that I held the position of Treasurer of the Dodge Building Corporation, which Corporation held title to the Medical Arts Building at 16th and Dodge Sts., Omaha, Nebraska.

This Corporation was formed sometime in 1924 and there were two million par value bonds outstanding, which matured at various times in the 1930's and the coupon was 7%. The 6½% bonds you referred to, I do not know anything about.

This bond issue defaulted and a Committee was formed, which had deposited with it very nearly all the outstanding bonds. The non-deposited bonds were given their proceeds from the foreclosure sale and the funds are in the hands of the Clerk of the U. S. District Court at Omaha, Nebraska. The deposited bonds participated in a reorganization and received one unit of a liquidation trust for each $100.00 bond outstanding plus approximately $33.00 cash for each $100.00 bond, which money was received from the new mortgage placed against the property. Since then the units have been paying $1.50 each every December. This reorganization took place in 1935.

Mercana Mining & Development Co., Del. 7M
Mercantile Credit Guaranty Company (N.Y.) Organized in New York on December 1, 1892, and was placed in liquidation on suit of the Attorney-General on August 5, 1897 after an examination showed an impairment in its capital of at least 46% before consideration of some outstanding claims. John M. Bowers, 49 Liberty Street, New York City, was appointed receiver. The final accounting of the receiver was filed with the clerk of the Supreme Court, County of New York, on June 6, 1907. The Insurance Dept., of the State of New York, informed us that they do not have a copy of this accounting, but assume that stockholders received no return on their investment.

Merchants Improvement Corporation. Value of 50 Shares of Class "A" Preferred and 50 Shares of Common Stock:
Incorporated in Indiana and is located at 5231 Hohman Avenue, Hammond, Indiana. The National Stock Summary reports that Fred E. Busbey & Co., brokers of Chicago, Illinois, last quoted the Units of this corporation at 25c bid on June 6, 1941. The same brokers informed me that there was no market for the stock at any time near the date of death. Under the circumstances I do not believe the shares had more than a nominal value as of June 9, 1945, the date of the decedent's death.

Metropolitan Land Company. First Mortgage 6% Bonds Dated June 1, 1929 or C/D Therefor:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 27, 1945: In our letter of April 13, 1944, at which time liquidating dividend No. 2 of 15% was made available, holders were advised that an additional dividend would be paid when further funds had been accumulated. All remaining assets of the trust have now been converted to cash and a further liquidating dividend is in order.

Several months ago the optionee made a blanket offer for the then remaining lots of considerably less than the release prices provided in the option. Under the option agreement it was possible for the optionee to purchase the more desirable lots and then drop the option and leave the less desirable lots. Because of this possibility, consideration was given to the offer by the Trustee but it was not accepted. The optionee later increased his offer. An agreement was then reached whereby the optionee obtained a release of the then remaining lots upon assuming the unpaid balances on State Land Contract and payment of $7,000 to the Trustee.

Cash now available after payment of fees and expenses amounts to $17,306.26. However, because the income tax status of the trust has not been determined, it is necessary that $5,000 be held in reserve to cover possible claims for income tax. There is therefore $12,306.26 available at this time as a liquidating dividend for distribution to the holders of $64,500 par value of bonds and Certificates of Deposit presently outstanding at the rate of 19% ($190 per $1,000 bond). If you are the holder of a registered bond, pursuant to the provisions of the Supplemental Indenture, you will find enclosed a check representing $190 per $1,000 par value of bonds. Similar checks will be mailed to holders whose bonds have not been registered pursuant to the plan, also to holders of Certificates of Deposit, if they will forward their bonds or Certificates of Deposit to

with instruction to conform the bonds to the plan. The bonds will be endorsed and returned with the check.

Liquidation of the trust property was completed in 1944 and 41% of the distribution now available to bondholders (or $77.90 per $1,000 bond) represents proceeds of sale within that year and the balance thereof out of proceeds of sales in prior years. With respect to the Fiduciary Income Tax Return being filed by the Trustee for the year 1944 for the trust, the portion of the distribution allocable to the year 1944 is being treated by the Trustee as though the distribution had actually been made as of December 31, 1944. This action is based upon Section 162(d) of the Internal Revenue Code.

The Trustee is advised by counsel that from a bondholder's viewpoint the treatment of the distribution depends upon a bondholder's own cost basis, the amount now available to him to be applied against his own cost for the bonds he holds. Of course, the Government may take the stand that the bondholder's cost is his allocable share of the land contract price paid to the State of Michigan in recovery of the property at the Scavenger Sale, but the Trustee does not adopt that view believing instead, that the bondholder's cost is his original cost.

As soon as the income tax questions of the trust have been determined (and that may not be until approximately three (3) years from date), bondholders will be so informed. At such time any unused portion of the income tax reserve will be made available to bondholders. After collection of the distribution now available, your bonds should be retained for possible collection of the pro rata share of the unused portion of the income tax reserve.

Mexico-Ohio Oil Company. Incorporated in Delaware on October 30, 1926, and filed Consent to Dissolution on March 4, 1943. Mr. E. B. Redpath, former President of the company located at Findlay, Ohio, in care of the Ohio Oil Company, informed us as follows on January 30, 1945: "Notice to Stockholders, Dated December 11, 1940." "The company's assets consist solely of ownership of all of the stock of its Mexican subsidiary, The Ohio-Mexico Oil Corporation, S. A., which corporation owns and operates gas wells in the Rancherias and La Presa fields, located in northern Tamaulipas, Republic of Mexico. The company's only source of income is from the sale of gas from these fields and this income has been steadily diminishing due to the decline in volume and pressure of the wells. . . . At the present time your company is indebted for money borrowed in the amount of $588,000. . . . However, they now deem it their duty to advise the stockholders that, owing to conditions beyond their control of the management, in their opinion it has been definitely established in the year 1940 that the stockholders' equity in the Mexico-Ohio Oil Company, through the ownership of its capital stock, is without value and that they cannot expect to receive any return on their investment.

Mexico Oil Corporation (Maine). Incorporated in Maine. Mr. Albert H. Pike, c/o National Board of Fire Underwriters, 85 John Street, New York City, reported that the company has not been operating for years. The Mexican Government has not taken over the property because the company had produced no oil. If the company had produced oil the Mexican Government would have confiscated the property. The Internal Revenue has allowed losses to be taken on the stock. We would assume that a loss may be taken in the year the stock is sold.

Meyer-Kiser Corporation. Informed by the Secretary of State of Indiana that their records disclose an "inactive" corporation by the exact corporate name Meyer-Kiser Corp., incorporated under the laws of the State of Indiana on the 17th day of April, 1920, having its principal office located at Indianapolis, Indiana. Secretary of State further states that said corporation is delinquent in the filing of its statutory reports since 1934, therefore unable to state the present status of the corporation; however, the records do not show dissolution papers ever having been filed in their office or its certificate of incorporation revoked. A communication directed to Julian C. Ralston, 512 Chamber of Commerce Bldg., Indianapolis, Indiana, shown on the 1933 report as receiver for said corporation, was returned to this office marked "Deceased".

Meyer Mineral Separation Company. Incorporated in Delaware on January 9, 1929, and is located at Freeport, Pa. Mr. A. E. Meyer, Vice President of the Company, located at Freeport, Pa., informed us as follows on January 29, 1945: ". . . Some time ago several ton lots of a well known mineral product, and the ore in its partly processed state, coming from the ore deposit were treated here by Meyer process patents with very encouraging results. Some time after that they were considering erecting a pilot experimental unit. What their final decision in the matter was we have no way of determining. With the present war time restrictions, the company cannot go further, and, thus there is no market for the stock." What the future holds for this stock—time will tell.

Middletown & Unionville Railroad Co. Press report 11/4/44.
The board of directors of Middletown & Unionville Railroad Co., which operates thirteen and one-half miles of road between Middletown and Unionville, both in New York, filed yesterday a proposed plan of reorganization in United States District Court.
Under the plan, which is subject to approval by the court and the Interstate Commerce Commission, $165,000 in twenty-year adjustment mortgage bonds and 1,500 common shares with an aggregate par value of $150,000, will be cancelled because of lack of equity. Holders of $185,000 in 6 per cent first-mortgage bonds, with unpaid interest of $68,604 accrued to Aug. 31, 1944, will receive seven new common shares of $100 par value each for $1,000 principal amount of bonds held.

Midland Motor Car & Truck Co. "Midland Motor Car and Truck Company, a New Jersey corporation which domesticated in this state June 11, 1917. This corporation has never filed its annual affidavits of capital, and has, therefore, been delinquent since 1918. Also its right to do business was forfeited Jan. 13, 1939 by the Oklahoma Tax Commission for failure to pay corporation license fees." The above is quoted from a letter received from the Secretary of State of Oklahoma.
Midland Natural Gas Company (Del.). Mr. W. D. Vaughan, c/o Elk River Company, Union Bldg., Charleston, W. Va., informed us on September 24, 1945, that this company passed through receivership and was closed out in July, 1932. The stock has no value.

Midland United, Inc. Press report: Wilmington, Del., Nov. 29 (AP) — Judge John Biggs Jr. approved today in the United States District Court for Delaware a modified plan for the reorganization of the Midland United Company and its subsidiary, the Midland Utilities Company.

Under the plan, Midland United's assets will be merged into its subsidiary. Midland will change its name to Midland Realization Company, recapitalize on a single stock basis and liquidate within a year.

Judge Biggs ruled that the compromise portion of the plan—which would settle claims totaling $15,635,000 for $7,230,000—should be carried out immediately.

The compromise is between trustees of the estates of Midland United and Midland Utilities and secured creditors.

Proceedings in the system's reorganization under Chapter 10 of the Federal Bankruptcy Act have been pending in Delaware court since 1934. Judge Biggs, senior judge for the Third Circuit Court of Appeals, is sitting especially in the Midland case. He made known his decision today and said he would hand down his opinion within several days.

The secured creditors include the Continental Illinois National Bank and Trust Company, Public Service Company of Northern Illinois, Commonwealth Edison Corporation, the Peoples Gas Light and Coke Company and Peoples Service Annuity Trust, all of Chicago.

Judge Biggs scheduled a further hearing on Saturday to determine means of soliciting assents. The plan was approved by the Securities and Exchange Commission on Sept. 27 but it is subject to the approval of Midland United's preferred stockholders and prior lien holders and creditors of Midland Utilities.

Shares of common stock of Public Service Company of Indiana will be distributed to the preferred holders of Midland United at the rate of one share for each $3 dividend preferred share, and two shares for each share of $6 dividend preferred.

Common stock of the Midland Realization Company will be distributed to public holders of Midland United preferred on the same basis as the Public Service stock, to debenture holders of Midland Utilities at the rate of 2.06 shares for each $100 of debentures and to holders of Midland Utilities prior lien stock at the rate of one-half share for each prior lien share.

Midland Utilities also will recapitalize on a single stock basis, distributing 60 per cent of its new common stock to Realization and 40 per cent to its own debenture holders at the rate of ten shares for each $100 of principal amount held.

Midstate Consolidated Oil Company. Incorporated in Nevada in 1928 and lost its charter in 1944. The last office of the company was reported at Carson City, Nevada. We searched the "Petroleum Register" from 1928 and found no record of any drilling by this company, nor any market for the stock at any price. It is our opinion that the shares are without value.

Midstate Consolidated Oil Company. Supplementing our report rendered on June 30, 1945, Mr. H. C. Haas, former President of the company, now located at 469 Pine Street, San Francisco, California, informed us on July 11, 1945, that the company is defunct—its properties were foreclosed several years ago by an Insurance Company. The stock has no value.

Mindanao Mining Co. Inc. Independent: this property was not destroyed and is in fair shape. It might be placed in operation with a minimum of expense.
Mindanao Mother Lode Mines Inc. Independent: surface installations were destroyed, the underground workings flooded and condition in the tunnels is unknown. A rich new ore body was blocked out in 1941, estimated to average about P40 per ton, making this one of the best prospects in this field. Reserves are enough for three years operation.

Mineral Point Railroad Company. Value of Stock Dated 1857. The Chicago, Milwaukee, St. Paul & Pacific Railroad Company informed us on October 19, 1945, that this road was organized in 1852. The company was reorganized in 1861, at which time the stock was wiped out through foreclosure. On July 1, 1880, the road was deeded to the Chicago, Milwaukee & St. Paul Railway Company for $1,200,000 and the Mineral Point Division bonds were paid off in 1910.

Minneapolis, St. Paul & Sault Ste. Marie Railway Co. Press report 12/5/45:

Notice

To all Holders of Second Mortgage Four Per Cent Fifty Year Gold Bonds, due January 1, 1949, of Minneapolis, St. Paul & Sault Ste. Marie Railway Company, and to all Holders of Certificates of Deposit of such Bonds.

You are hereby notified that the option granted pursuant to the Plan of Reorganization of Minneapolis, St. Paul & Sault Ste. Marie Railway Company, (which Plan was confirmed by order, dated June 18, 1943, of the District Court of the United States for the District of Minnesota, Fourth Division, in proceedings for the reorganization of a railroad No. 13816,) to the Canadian Pacific Railway Company to purchase certain shares of the common stock of Minneapolis, St. Paul & Sault Ste. Marie Railroad Company represented by Voting Trust Certificates of Series B and Scrip Certificates of Series B, has been exercised by the said Canadian Pacific Railway Company, and that the purchase price of $2 per share provided for in said option of all shares represented by Voting Trust Certificates of Series B and Scrip Certificates of Series B held by the undersigned as Deposit Trustee under Second Mortgage Bondholders' Deposit Agreement, dated as of September 1, 1944, has been received by it as such Deposit Trustee.

You are further notified that, as of the date of this notice, the undersigned as Deposit Trustee has applied the said purchase price ratably in reduction of the principal of all such Second Mortgage Bonds on deposit with it and of all such Second Mortgage Bonds not on deposit with it, and is now prepared to distribute such purchase price in accordance with the terms of the said Deposit Agreement as follows:

Upon presentation to it of (1) the Certificates of Deposit of Second Mortgage Bonds or (2) the undeposited Second Mortgage Bonds together with all unmatured coupons appertaining thereto, the undersigned will (a) stamp the said Certificates of Deposit (and also the deposited Second Mortgage Bonds and coupons appertaining thereto) and the said undeposited Second

Mortgage Bonds and coupons, with an appropriate legend to show such reduction in principal, (b) return to the respective holders thereof the Certificates of Deposit and undeposited Second Mortgage Bonds and coupons so presented and stamped, and (c) distribute among said holders their respective shares of such purchase price. Any portion of such purchase price distributable to the holders of undeposited Second Mortgage Bonds not so presented will be retained by the undersigned and distributed to such holders upon the exchange or deposit of their Bonds under the said Deposit Agreement, in lieu of Voting Trust Certificates of Series B.

You are further notified that, under the terms of the said Plan of Reorganization and Deposit Agreement, from and after the date hereof, interest for which the Canadian Pacific Railway Company is liable, as guarantor of interest on said Second Mortgage Bonds, shall accrue on said Bonds, whether deposited or undeposited, only with respect to such reduced principal amount.

The property of this company was purchased by a group of Bondholders who paid the expenses of the sale and formed the Bruce and Cook Land Corporation, care of Lewis R. Conklin, 63 Wall Street, New York City. Certain of the bondholders are included in this group that presently own the property. Mr. Conklin informed us that under the law these bonds are outlawed. The land at present, is rented out to small farmers, and the amount received is sufficient to carry the property. Whether the present bondholders, who are not included in the group that bought the property, have any legal rights after all these years is questionable, but there is such a thing as sleeping on your rights. However, it is inconceivable that the courts would allow undeposited bondholders to be frozen out of this picture when, as and if the property is sold.

Exchange Offer

To the Stockholders:

Notice is hereby given to all holders of Common and/or Class B stock of Missouri-Kansas Pipe Line Company (Mokan) that the Exchange Offer under the "Mokan Plan" is effective from November 24, 1944, to April 15, 1945. At any time during this period, a registered Mokan stockholder has the right to exchange shares of common and/or Class B stock of Mokan for shares of Panhandle Eastern Pipe Line Company (Panhandle Eastern) common stock owned by Mokan, at the rate of 2 shares of Panhandle Eastern common stock for every 9 shares of common stock or 180 shares of Class B stock of Mokan, or any combination of common and/or Class B stock of Mokan equivalent thereto, taking each share of Class B stock as equal to 1/20 of a share of common stock. This right of exchange is available to any person who may become a stockholder of Mokan at any time during the exchange period.

Stockholders desiring to make exchanges pursuant to the Exchange Offer may do so by filling out and signing the necessary form in the manner and pursuant to the instructions therein specified and sending it together with the certificates of Mokan stock to be exchanged to The Corporation Trust Company, 15 Exchange Place, Jersey City 2, N. J., as Agent for Mokan. During the exchange period, the necessary forms may be obtained upon application to Mokan's Agent.

The Exchange Offer is optional. Attention is directed to the fact that, to the extent that any holder of Mokan stock accepts the Exchange Offer and exchanges his shares in Mokan for shares of Panhandle Eastern (a) he will cease to be a stockholder of Mokan and will automatically surrender any rights whatsoever in Mokan's remaining assets, and (b) correspondingly, the interests of Mokan stockholders, not accepting the Exchange Offer will be increased in such remaining assets.

In no circumstances is this notice to be considered as a prospectus, or an offer to sell, or the solicitation of an offer to buy, any shares of Panhandle Eastern common stock, the offering of which is made solely by and upon the information contained in the prospectus of Panhandle Eastern Pipe Line Company dated November 24, 1944, a copy of which may be obtained upon application to the Corporation Trust Company, 15 Exchange Place, Jersey City 2, N. J., as Agent for Mokan.

Missouri Pacific Railroad Company. Press report 11/26/44:
Dismissal of pending proceedings for re-

organization of Missouri Pacific Railroad under Section 77 of the bankruptcy act and transfer of the case to proceedings under Chapter XV (McLaughlin act), is advocated in a petition being filed with the United States District Court at St. Louis by a committee representing holders of Missouri Pacific preferred stock.

The court is scheduled to hold a hearing Jan. 8 on the pending plan as submitted to it by the Interstate Commerce Commission. The brief of the preferred holders is one of several by parties at interest which the court is now receiving. Among the others are briefs on behalf of holders of International-Great Northern issues and on behalf of the Missouri Pacific debtor company.

The debtor's brief asks that the court restore to the plan provision for participation in the reorganized company by holders of old common and preferred stocks through the medium of stock purchase warrants. It suggests that if the court feels it cannot make such provision without turning the plan back to the Interstate Commerce Commission, the plan should be returned for such change. The debtor also has suggested an alternative plan of reorganization.

Favors Arbitration

The brief of the preferred group, whose stock is eliminated in the reorganization plan as now proposed, states:

"The equitable and expeditious reorganization of the Missouri Pacific Railroad can only be achieved through conference and arbitration and, therefore, particularly requires the advantages and opportunities afforded by the McLaughlin act. It contemplates the merger of three railroad systems, each with a somewhat complicated and involved capital structure. Since the date of the debtor's petition there have been periods of extreme depression and prosperity. A large portion of past due interest has been liquidated, the physical properties of the component parts of the Missouri Pacific system have been rehabilitated, certain obligations have been retired and huge cash reserves have been created. Any attempt to build a new capital structure in the face of these changing conditions and on a record which is now out-moded through litigation is manifestly impossible.

Calls Plan Arbitrary

"It must be apparent that a plan so intricate that its proponents compare it to the mechanism of a fine watch is arbitrary in character and wholly unsuited as a solution to our problems. No one knows better than this honorable court, before whom these proceedings have been pending for eleven long years that litigation has failed to solve the financing problems of the Missouri Pacific Railroad. Obviously, the time has now come when intelligent conference should replace unsuccessful and arms-length litigation. It cannot be denied, therefore, there has been undue delay in this plan which is recognized under the act as good ground for dismissal.

"Unless the court can modify the plan with a view to recognizing the interest of and providing for the participation of the preferred stockholders, it should and with a view to an early and expeditious reorganization of the Missouri Pacific affairs dismiss the pending petition so that the road can thereupon promptly seek the advantages and opportunities afforded by the McLaughlin act for reorganization. Under the McLaughlin act an expeditious and eminently satisfactory reorganization had been attained in the Colorado and Southern Railroad Co. and Delaware and Hudson Railroad Co. cases."

Missouri State Life Insurance Company. On August 26, 1923 this company was declared insolvent by the Circuit Court of St. Louis, Mo., and the Superintendent of the insurance department of Missouri was appointed liquidator. The Court found a deficiency in the company's reserves of at least $29,000,000. In other words, the value of the assets was at least $29,000,000 less than the amount required to permit the company to fulfill its obligations to policy holders. The business and assets were purchased by the General American Life Insurance Company of St. Louis, Mo., and the Missouri State Life Insurance Company was dissolved on October 7, 1933. On the basis of past earnings, it appears that the policy lien obligation of $3,420,430.27 will be entirely eliminated on or before August 31, 1948. It is impossible to determine at this time whether or not funds in the Old Company Account as of August 31, 1948, under the terms of the Purchase Agreement will be sufficient to repay all of the interest charged on policy liens, compounded annually, thus leaving funds available for payment to the holders of Missouri State Life Insurance Company capital stock certificates. The stock certificates merely represent a pro rata interest in any funds that may remain in the Missouri State Life or "Old Company" Account on August 31, 1948, after the repayment of the Policy liens and the interest threon as provided in the Purchase Agreement.

Molasses Feed Company. Incorporated in Minnesota and is now known as the Molo Feed Mills, Inc., and is located at St. Paul, Minn. The President is H. B. Kirk, 445 Laurel Avenue, St. Paul, Minn. Letters addressed to the President have not been answered nor returned. Mr. E. B. Kirk, c/o Farwell, Ozmun, Kirk & Co., Saint Paul, Minn., informed us on June 21, 1945, that the stock of the above company has no value. The company started at what proved to be about the close of a priod of active demand for livestock feed. The dairy industry was particularly hard hit. When the crash came in 1929 the mill shut down and nothing was left for the stockholders.

Moore Business Forms, Inc. Press report Dec. 14, 1944:

Niagara Falls, N. Y., Dec. 13.—The American Sales Book Co., Inc., and Gilman Fanfold Corp. will be consolidated into a single unit of Moore Business-Forms, Inc., which will be the new corporate identity of one of the largest designers and producers of business system forms and sales books, E. G. Baker, president of the Moore Corp., Ltd., the parent company, announced. Moore Business Forms, Inc., is a new company resulting from the consolidation of nine United States and Canadian subsidiaries of Moore Corp., Ltd., of Toronto.

H. P. Brown, general manager of the American Sales Book Co., will be general manager of the new consolidated unit here, which will be known as the American Sales Book-Gilman Fanfold Division of Moore Business Forms, Inc. He also will become a vice-president of Moore Business Forms, Inc.

H. D. Clark, general manager of Gilman Fanfold, also has been elected a vice-president of Moore Business Forms, Inc., but will move to Dallas to assume the general management of a new Southern division which is being created. A new plant will be erected in Dallas.

ceiver appointed by the Court of Common Pleas of Hamilton County, Ohio, and completed the liquidation and filed his final account in 1943. The First National Bank of Cincinnati, Ohio, was Trustee for the bondholders, and as such, received and distributed the payments made by the Receiver upon the bonds. As these payments did not fully pay the bonds, there was no equity for any of the stock.

Moray Products Co. This company was incorporated under the laws of the State of Nevada on January 31, 1931, but it is not in good standing. It temporarily forfeited its right to do business legally under its charter on the 1st Monday of March, 1935, because of failure to file lists of officers and pay fees and penalties amounting to $52.50. Said amount covers the period of years from 1934 to date. The last list filed here on July 31, 1933 shows the principal office was then located at E. C. Lyon Bldg., Reno, Nev., with Walter Rowson as the resident agent.

Morris, E., Music Publishing Co. Kelsey, Waldrop & Spalding, 55 Liberty St., New York City, informed us as follows on March 29, 1945:

This will serve as a belated acknowledgment of your inquiry of February 27th concerning the E. Morris Music Publishing Company.

According to our records, all the assets of this Company were sold by the Sheriff of Albany County at Sheriff's sale in the month of January, 1933, under a judgment which I took against the Company in December, 1932, for moneys advanced to the Company. Our records do not indicate the name of the purchaser of these assets, but I have a vague recollection that they were purchased by Mr. Morris' mother, although I am not sure of this.

The proceeds of sale were not enough to satisfy the judgment. The common and preferred stock has had no value since that date.

First Mortgage 6% Bonds Dated Nov. 1, 1926 or C/D Therefor:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 26, 1945:

Sufficient funds have been accumulated by the Trustee, through liquidation, to pay a dividend of $10.00 per unit ($100.00 per $1000 bond) to holders of registered Certificates of Beneficial Interest. Similar dividends, aggregating 30% of the principal amount of the original bonds have been previously made available by the Trustee, of which 15% was paid prior to the execution of the Liquidation Trust Agreement and 15% thereafter.

If you are the holder of a Certificate of Beneficial Interest, you will find enclosed a check representing $10.00 per unit for the units held. Similar checks will be mailed to holders of bonds or Certificates of Deposit when their securities have been exchanged for Certificates of Beneficial Interest. If you have not already done so, please forward your bond, or Certificate of Deposit properly endorsed, to the Trustee, attention Depositary Department, for exchange. Because the income tax status of the trust has not been determined, it is necessary that $5,000.00 of income be held in reserve to cover possible claims for income tax. Considerable liquidation of the trust property was made during 1944 and 28.8% of the distribution now available to holders ($2.88 per unit or $28.80 per $1000 bond) represents proceeds of sale within that year and the balance thereof out of proceeds of sales in prior years. With respect to the Fiduciary Income Tax Return being filed by the Trustee for the year 1944 for the trust the portion of the distribution allocable to the year 1944 is being treated by the Trustee as though the distribution had actually been made as of December 31, 1944. This action is based upon Section 162(d) of the Internal Revenue Code.

The Trustee is advised by counsel that from a holder's viewpoint the treatment of the distributions, either bonds or units, depends upon a holder's own cost basis, the amount now available to him to be applied against his own cost for the bonds (or units) he holds. Of course, the government may take the stand that the holder's cost is his allocable share of the land contract price paid to the State of Michigan in recovery of the property at Scavenger Sale but the Trustee does not adopt that view believing, instead, that a holders cost is his original cost.

As soon as the income tax questions of the trust have been determined, (and that may not be until approximately three (3) years from date) any unused portions of the income tax reserve will be released for distribution along with the proceeds of any additional liquidations of trust property then available.

The following was reported by the company on May 29, 1945:

We have your recent communication.

As you know, the mine of this company was worked out in 1938. The mining claims have been retained under the instructions of the stockholders because there was some thought that possibly mining developments would occur in the area which would make it possible to turn these claims to account. No such development has, however, occurred. The company has done nothing more than to maintain its corporate existence and retain the patented mining claims.

Press report:

Stockholders of the Mother Lode Coalition Mines Company, at a special meeting held last Tuesday, voted to dissolve the company.

The company said that it expected to pay late in February a final liquidating dividend of 4.5 cents a share. It added, however, that some 2,000 stockholders have failed to advise the company of changes of address, which has contributed to the accumulation of some unclaimed dividends. These stockholders are urged to promptly advise the company of changes in address.

Mt. Diablo Quicksilver Co., Ltd. Incorporated under the laws of the State of Nevada on Dec. 11, 1930. We are informed by officials of the company that an annual report of operations has just been mailed to stockholders, so your client now has the latest information on the showing made during 1940. Evidently the company is reluctant to give information to outside sources, as a copy of this report was not mailed to us. Although there is no public market for this stock, it was stated that stock might be sold upwards of 20c per sh. In commenting on the outlook, the management feels that, as long as the war continues and demand for quicksilver is brisk, the market price will hold steady and profits will accrue to the company. However, as soon as the war ends, it is felt that the price may drop to around $65 to $70 per flask of quicksilver, which, it was stated, is below cost of production. The above was a letter written to the Brentwood Br., in reply to their request for information on the company.

Value of First Mortgage 5% Bonds Due 1932. Incorporated in New Jersey about 1902, and never filed an annual report. The company was located at Paterson, N. J. The charter of said company was forfeited on Jan. 18, 1908. The Irving Trust Company, New York City, successor to the Knickerbocker Trust Company, Trustee for the bondholders, informed us that no interest was ever paid on these bonds and that the account has been dormant for many years. The Public Utility Commission of New Jersey has no record of this company. It would appear that the company sold bonds on the strength of a franchise, and never did get beyond the development stage. We found no value to the bonds.

Multi-Pull, Inc. Incorporated in Illinois and filed its last report in 1939. The corporation was dissolved by action of the Attorney General on March 12, 1943. Mr. Herbert E. Howard, c/o Binkley Coal Company, 230 No. Michigan Avenue, Chicago, Illinois, informed us on February 23, 1946 as follows: "Replying to your inquiry as to Multi-Pull, Inc., I am informed that the company has not been functioning for two or three years and its corporate charter has been revoked. I am further advised that several of the stockholders have written the stock off as a complete loss in the year 1945. The valuation has been determined as of no value because of an investigation by tax counsel for other stockholders here in Chicago, which reported no income, no activities of the corporation for the last three years, and no possibilities of further income."

Murphy Varnish Company. Incorporated in New Jersey on January 10, 1891, and changed its name to R. K. Company on August 31, 1944. The latter corporation was dissolved on September 1, 1944. Mr. Paul S. Kennedy, former Secretary and Ass't. Treasurer of the company, who resides at 493 Ridgewood Avenue, Glen Ridge, N. J., and Vice President of the Murphy Finishes Corporation, located at 224 McWhorter Street, Newark, N. J., informed us on February 28, 1945 as follows:

The Murphy Varnish Company has been dissolved and its assets acquired by the Interchemical Corporation.

The capitalization consisted of Preferred stock of Par value $100.00, and Common stock of Par value $50.00.

The Preferred stock has been paid off at the rate of $100.00 per share; and Common stockholders have thus far received $58.00 a share, with an indeterminate and final payment to come.

May I urge that the stock be promptly sent in for redemption. Otherwise, it will probably wind up in some Court Trusteeship, and possibly cause delay or annoyance in securing the money to which it is entitled.

Mutual Reserve Fund Life Association, New York City. The Insurance Department of the State of New York, State Office Bldg., Albany, N. Y., informed us as follows on November 2, 1945:

"In reply to your inquiry of November 1, 1945, please be advised that on April 17, 1902, the above company was reincorporated as the Mutual Reserve Life Insurance Company, and on February 15, 1908, the company was placed in the hands of Federal Receivers. The assets of the company were not sufficient to pay in full the outstanding death claims which the Court held had preference against the assets. Beneficiaries of death claims received 60% of their claims. On April 30, 1913, the proceedings was closed and the Receiver discharged. We regret to state the policy in your possession has no value."

Mutual Tire & Rubber Company. Incorporated in Delaware on August 22, 1916 and lost its charter in 1923. Mr. J. S. Ogilvie, former Treasurer of the company, located at 51 East 42nd Street, New York City, informed us on March 27, 1946, as follows: "In reply to your favor of March 26th, would say that I severed my connection with the Mutual Tire & Rubber Company in 1922. I later heard that the corporation had financial difficulties and believe just discontinued operations. I personally still have some stock in this company which I considered sometime ago of no value."

Incorporated under the laws of the State of Nevada, on August 3, 1929, but its charter was revoked on the first Monday of March, 1938, because of its failure to file, on or before said date, a list of its officers and directors, and designation of resident agent, and his acceptance of such designation for the year July 1, 1937, to July 1, 1938; also to pay the statutory filing fee and penalty then due, viz. $7.50. However, the corporation may be reinstated to its former status and rights as such, upon filing in the office of Secretary of State an affidavit stating the reason for the revocation of its charter, together with a list of officers, etc. for the current year, July 1, 1943, to July 1, 1944, accompanied by remittance to cover the fees and penalties from 1937 to date, in amount of $52.50. The last list filed on July 1, 1936 named the Corporate Service Association, 316 Lyon Bldg., Reno, Nevada, as the authorized resident agent of said company. Carsten E. Schmidt, 208 Sharon Bldg., San Francisco, Calif. was president of the company at that time.

National Association Institute of Dyeing & Cleaning Inc. Incorporated in Delaware on January 12, 1926, and is located at 7901 Georgia Avenue, Silver Spring, Maryland. The Managing Executive of the Institute informed us on October 25th, 1945, that there has not been a sale of their stock for the past 16 years. Early in its existence the operations of the Institute resulted in a deficit, and this deficit has not been wiped out fully as yet. The purpose of the Institute is to train members, their sons, or trusted employes in the art of dry cleaning. There are many who contend that the purchase of this preferred stock was not for investment, but more or less as a donation. Accordingly, 81% of the stock issued has been returned to Trustees for the purpose of cancellation. The remaining 19% is held mostly by former operators who have left the industry, or by estates, and the process of finding this stock is very slow. The purpose is not to operate the Institute for profit, but to have the school available for the prospective student at cost.

Due to the fact that the company never filed a report we are unable to trace any of the former officers. We searched our files and stock records back to 1924 and found no record of the company's operations nor any market for the stock at any price. It is our opinion that the shares have no value.

National Bearing Metals Corporation. Press report 11/10/44:
The American Brake Shoe Co., in a letter to stockholders accompanying a proxy statement, says the proposed merger of National Bearing Metals Corp. and the Electro-Alloys Co., subsidiaries, into the parent will complete the program of corporate simplification begun in 1936.
Stockholders will act on the merger, and on a modification of the company's retirement system at a special meeting on December 6. A two-thirds vote is required to approve the merger, which would become effective December 30, 1944.
If consummated, the merger will result in one domestic company compared with 12 in 1936, will save the expense of maintaining separate corporate entities, eliminate minority stock interests in domestic subsidiaries, and permit closer supervision and control of domestic business, William B. Given, Jr., president, stated.
Under the merger terms, each outstanding share of National Bearing, except stock held by Brake Shoe, will be converted into ½ share of common stock of Brake Shoe. This exchange is the same as that accorded certain National Bearing stockholders earlier this year. All shares of National Bearing held by Brake Shoe will be canceled, and a similar procedure will be followed with respect to all outstanding shares of capital stock of Electro-Alloys.
If all common stock of National Bearing in the hands of the public is converted Brake Shoe will have a total of 796,437 common shares outstanding, compared with 786,974 at present.

National Thrift Syndicate. "The National Thrift Syndicate was incorporated under the laws of Nevada on May 14, 1929, but its charter was revoked on the first Monday of March 1934, because of its failure to file, on or before said date, a list of its officers and directors, and designation of resident agent, and his acceptance of such designation for the year July 1, 1933 to July 1, 1934; also to pay the statutory filing fee and penalty then due, viz: $7.50. However, the corporation may be reinstated to its former status and rights as such, upon filing in this office an affidavit stating the reason for the revocation of its charter, together with a list of officers, etc. for the current year, July 1, 1941 to July 1, 1942, accompanied by remittance to cover the fees and penalties from 1933 to date in the amount of $67.50. The last list filed here on Oct. 19, 1932 named the resident agent as F. Del Curto of Reno, Nev. The president then was Heber Grant of 418 B Street, Salt Lake City, Utah." The above is contents of a letter received from the Sec. of State of Nev., dated 4/28/42.

National Underwriting Company. The Bankers Trust Company, Indianapolis, Indiana, informed us on March 2, 1946 as follows: "The Bankers Trust Company is serving as receiver for the National Underwriting Company and the company is still in process of liquidation. The principal asset of the company is stock in another company, also in receivership. The second company, The Fairlawn Realty Company, is still the owner of a few lots on the outskirts of Kokomo, Ind. We are attempting to dispose of these lots and hope to do so in the next few months. After the assets are disposed of the court will direct a liquidating dividend to the stockholders. We are not in a position to estimate at this time what the amount of the dividend will be, but it will only be a nominal amount."

Nevada Engine Corp. We have been informed by the Secretary of State of Nevada that the company was incorporated on 4/5/39, and that it is in good standing, with principal office located at Room 402 First Nat'l Bank Bldg., #15 East 1st St., Reno, Nevada, with Bruce R. Thompson as the resident agent. We wrote to Mr. Thompson and subsequently received a reply saying that he had referred our letter to Mr. Fred Pudge, the president, as he was not familiar with the activities of the company. As our letter was not bringing a further reply from Mr. Pudge, we wrote him directly ourselves, in fact several times, but to date no reply has been rec'd.

Nevada Mill and Mining Company. Incorporated in Nevada in 1885 and lost its charter in 1924. It was reported that this company owned certain mining claims in Storey County, Nevada. The Sheriff and Ex-Officio Assessor of Storey County, Virginia City, Nevada, informed us on June 18, 1945, that this company is not on their tax roll. Due to the fact that this company is out of existence and has no properties, we believe the shares are worthless.

Mr. Albert Knudsen, of the law firm of Chaplin, Burkett & Knudsen, 415 Congress Street, Portland, Maine, informed us as follows on March 2, 1945: ". . . This is to advise you that the final account of the writer as receiver and Trustee was filed and allowed and he was thereby discharged on the 12th day of October 1944. Pursuant to order of the court, moneys then remaining undistributed were deposited with the Clerk of Courts of Cumberland County for the pro rata distribution under order of Court of stockholders legally entitled thereto who did not prove their stock with the receiver. The dividend paid by me was $1.10 per share. You should, therefore, communicate with the Clerk of Courts of Cumberland County, Portland, Maine, who will advise you as to what steps to take to secure any dividend due."

New Haven Lawn Company. Incorporated in Connecticut. Mr. J. Dwight Dana, President of the company, located at 205 Church Street, New Haven, Connecticut, informed me on December 14, 1945, that the company owns the real estate which is leased to the New Haven Lawn Club Association, but the Association for a number of years has not been in a position to pay enough rent to the company to pay any dividend to the stockholders. The Association is, Mr. Dana understands, willing to purchase limited amounts of the stock of the company at $2.50 per share if stockholders wish to dispose of their stock. In view of the above, I submit $2.50 per share as a fair value for the stock as of January 9, 1942, the date of the decedent's death.

Press report 9/7/1945:
New Haven, Conn., Sept. 6, 1945 (AP)—Federal Judge Carroll C. Hincks signed today a decree confirming the plan of reorganization of the New York, New Haven & Hartford Railroad as contained in the fifth supplemental order of the Interstate Commerce Commission dated Feb. 8, 1944, and denied all objections.
The order provides that the plan of reorganization, subject to the right of review, shall be binding on the railroad; on all stockholders, whether or not they have approved the plan, and on all creditors, no matter how they are affected. The railroad and any corporation that may be formed to fulfill the reorganization plan will carry out the plan under supervision of the court, the laws of any State or State authority notwithstanding.
Property transferred or sold to the reorganized company shall be free and clear of all claims of the railroad debtors and free from all liens and encumbrances as provided in the plan.
Jurisdiction in the proceedings was retained by the court for the purpose of entering such other orders as it may deem necessary.

New York, Pennsylvania & Ohio Railroad Company.

The Erie Railroad Company, Midland Bldg., Cleveland, Ohio, informed us as follows on March 27, 1946:

In reply to your inquiry of the 26th instant on behalf of one of your clients who holds a 5% Third Mortgage bond of the New York Pennsylvania and Ohio Railroad Company, and your request for a complete report on all of the New York, Pennsylvania and Ohio Railway issues:

I would advise that we do not have available for distribution extra copies of the old documents pertaining thereto, but it appears therefrom that in 1895 the New York, Pennsylvania and Ohio Railroad Company defaulted in the payment of interest on its bonds issued under its First Mortgage of May 6, 1880 and proceedings were brought in the Courts of Ohio, Pennsylvania and New York for the foreclosure of that company's First Mortgage of May 6, 1880 by The Farmers Loan and Trust Company of New York, as Trustee under the said Mortgage; that pursuant to decree of foreclosure and sale the railroad and property of the company was acquired by Rosewell G. Ralston and Charles C. Mason, subject to the Company's Prior Lien Mortgage of $8,000,000 of May 5, 1880, who organized The Nypano Railroad Company and conveyed the railroad, property and franchises of the Debtor Company to the newly organized company and that the rights of the junior securities were thus extinguished.

At the time, New York, Lake Erie and Western Railroad Company had likewise defaulted and was being reorganized by a Reorganization Committee who was interested in continuing the through line operation over the railroad formerly of the New York, Pennsylvania and Ohio Railroad Company and under the Plan of Reorganization forming the Erie Railroad Company, offered to the holders of junior securities of the New York, Pennsylvania and Ohio Railroad Company Common Stock of Erie Railroad Company at the following rates of exchange:

N.Y.P.O. 2nd Mort. Bonds for each $500 = $100 Erie Common Stock and $12 assessment

N.Y.P.O. 3rd Mort. Bonds for each $1000 = $100 Erie Common Stock and $12 assessment

N.Y.P.O. Preferred Stock for each $5000 = $100 Erie Common Stock and $12 assessment

N.Y.P.O. Common Stock for each $10,000 = $100 Erie Common Stock and $12 assessment

As the Common Stock of the New Erie Railroad Company was not selling at the time in excess of the $12.00 assessment, it appears that comparatively few holders of these junior securities availed themselves of the exchange privilege, which expired in November, 1896. The exchanges which were made were by agents of the Reorganization Committee in London, to whom was transmitted necessary Erie Railroad Company Common Stock for the purpose of the exchange, most of which stock set aside was later returned to Erie Railroad Company after the expiration of the option which has long since expired. Even if the old exchanges above referred to could still be made, it is doubtful if they would be profitable, inasmuch as under the Plan of Reorganization of Erie Railroad Company, which became effective December 22, 1941, each share of stock of the Debtor Company was only entitled to one-fifth of a share of Common Stock of the reorganized Company.

New York, Westchester & Boston

Press report May 10, 1946:

The Guaranty Trust Company of New York, as trustee for the New York, Westchester & Boston first mortgage 4½ per cent bonds, due July 1, 1946, has been authorized by the United States District Court of the Southern District of New York to make a final cash distribution of the assets in the hands of James L. Dohr, the railroad's receiver, the bank announced yesterday. The bank stated that the cash distribution is expected to amount to $25.26 for each $1,000 bond.

The bank stated that this distribution, which will be made soon, will end the long receivership proceedings and wind up the affairs of the railway company. However, it pointed out that the bonds carry the guaranty of the New York, New Haven & Hartford Railroad and that holders have a claim against the New Haven which is undergoing reorganization in the United States District Court for the District of Connecticut.

987 Memorial Drive Property (Boston). (Barrington Court Apts.). Excerpt from letter 4/16/41 from T. A. Williams, Amott Baker & Co. "In our opinion there is no possibility that these bonds will be paid off at maturity. We do think that it is possible that at maturity when the Voting Trust expires, there may be some cash offers made for the building by real estate investors. The property is of a moderate size and undoubtedly there are groups interested in the building at a price. Any such proposal would probably be at some percentage of the face amount of the bonds and would have to be approved by a large majority of the holders."

No-Burn Ash Tray Company, Inc. Incorporated in New York State on November 17, 1939, in Queens County, N. Y. The attorney that filed the papers was Richard Kent, Room 1601, 25 Broadway, New York City. A letter addressed to Mr. Kent was returned. The incorporators were: Arthur J. Burke, 88-35 Elmhurst Avenue, Elmhurst, N. Y. Wilbur J. Scott, 36-20 168th Street, Flushing, L. I. William J. Baillie, Jr., 118-40 Metropolitan Avenue, Kew Gardens, N. Y. We were unable to locate any of the above. We searched our stock records and found no market for the stock at any price. After five years the New York corporations lose their charters. This company will apparently lose its charter in December, 1945. We do not believe the shares have any present value.

North American Discount Corporation.
Supplementing our report rendered on September 14, 1945, Mr. Hollis P. Breeding, an attorney, and Treasurer of the company, located at 123 S. Broad Street, Philadelphia, Pa., informed us as follows on September 19, 1945:

". . . At the moment the corporation is out of legal existence for failure to pay taxes, but it is expected that it will be possible to pay the delinquent taxes and have its charter reinstated before the end of the year. The assets of the corporation are of nominal value only, and insufficient, in the opinion of the officers who have been left with the company, to justify its formal dissolution."

North American Light & Power Co.
Press report 11/21/44:

Philadelphia, Nov. 21.—The Illinois Power Co. has filed with the Securities and Exchange Commission a plan for dissolving its parent, the North American Light &

Power Co., involving settlement of $26,000,000 due the former from the latter, plus interest due the Illinois concern from the North American Co., top holding unit of the system.

Both North American concerns are under order from the SEC to facilitate recapitalization of the Illinois company.

Proposed Plan.

The plan proposes to do this by accepting a special dividend of $1,050,000 from its parent's subsidiary, Kansas Power & Light Co., in addition to those regularly due it, and by subordinating all claims of North American to those of the public and Illinois.

A further step toward recapitalization would be the surrender by Light & Power to Illinois of 17,278 shares of 5 per cent cumulative convertible preferred, 13,279 dividend arrears certificates, 209,223 shares of common stock and 300,000 warrants.

After transferring other valuable holdings to Illinois, Light & Power would deliver to holders of each share of its 109,255 publicly held $6 cumulative preferred three shares of Northern Natural Gas Co. common, one share of Illinois Power common and $47.50 in cash, plus cash at the rate of $6 a year for the period between the day the plan goes into effect and Dec. 31, 1944.

Cash Payment

The 960,992 shares of Light & Power common stock publicly held would be entitled to the cash remaining after liquidation and payment of expenses.

Illinois would dispose of utility company securities transferred to it by Light & Power in accordance with SEC direction, then file a plan for its recapitalization. It stated that the plan as filed was without prejudice to its claims against the North American Co. and the Illinois Traction Co.

Press report 1/9/45:

Stockholders of Lehigh Valley Coal Co., a Pennsylvania mining company, voted approval of a merger with Northern Field Coal Co., the merged company to bear the name of the former. All the outstanding stock of Northern and 99.65% of the certificates of interest in the capital stock of the Lehigh Valley Coal Co. are owned by Lehigh Valley Coal Corp., a Delaware corporation, whose preferred and common stocks are listed on the New York Stock Exchange.

Principal effect of the merger is to refinance a present demand indebtedness with preferred stock and a long-term note and to eliminate the profit and loss deficit of the Pennsylvania mining company. This is only the first step in a program directed toward making possible the payment of dividends ultimately to stockholders of the parent Delaware company. Recapitalization of the Delaware company will be necessary and will follow in due course after consummation of the revamping of the capital structure of the underlying mining company.

Northwestern Terminal Railroad Co.

Supplementing our previous report, Mr. J. G. Holland, President of the company, located at 947 Equitable Bldg., Denver, Colo., informed us as follows on October 25, 1945:

"All of the properties of the Northwestern Terminal Railroad Company are subject to the lien of a first mortgage securing bonds in the principal amount of $2,217,000. The bonds fall due on January 1, 1977 and are in an amount greatly in excess of the value of the properties of the company. The first mortgage is dated January 1, 1927. Simultaneously a lease and operating agreement was given to the Denver & Salt Lake Railroad Company which expires at the time of the maturity of the bonds. All of the properties of the company come under the lease and operating agreement by the terms of which the Denver & Salt Lake Railroad Company pays an annual rental equal to 2% on the outstanding bonds of the company, and in addition pays the taxes and corporate running expenses of the company. Under these circumstances, as you can see, the stock of the company has no intrinsic value. A few local bond holders will purchase the stock at a nominal price of $1.00 per share if your client wishes to sell. If he does communicate with me and I can arrange the sale."

Northwood Investment Company. Value of $1,500 of Bonds:

The Bondholders Committee, located at Harvey Building, West Palm Beach, Florida, informed me as follows on November 28, 1945:

"Replying to your inquiry through First National Bank in Palm Beach concerning Northwood Investment Company bonds, you will please be advised that these securities, after being in default for some time, were foreclosed. The proceeds were not sufficient to meet delinquent taxes and other charges resulting in no distribution to the holders."

In view of the above I submit the bonds as worthless as of June 9, 1945, the date of the decedent's death.

Novell Porcupine Gold Mines, Ltd.

Press report March 16, 1945:

Lansing, Mich., March 16 (UP).–The Michigan corporation and securities commission today issued orders prohibiting five Canadian securities dealers and one Canadian company from soliciting sales of securities in Michigan.

The commission also ordered two Canadian gold mining companies to cease selling stock in the state.

Dealers prohibited from soliciting stock sales are A. E. de Palma and Co., offering stock in Novell Porcupine Gold Mines; Reymond Co. Ltd., offering stock in Ace Yellowknife Gold Mines; Stock Trading Corp., offering stock in North Belleterre Gold Mines, Ltd.; John Nutt and Co., offering stock in Snow Lake Gold Mines, Ltd.; and Caldough Securities, offering stock in Gilbert Gold Mines, Ltd. All of the firms have offices in Toronto.

The company cited was publisher of "Factfinder", a stock tipster sheet not licensed in Michigan.

Gold mining companies directly soliciting Michigan stock sales are Nash Yellowknife Gold Mines, Ltd., and Scarab Yellowknife Gold Mines, Ltd. Both are banned under the order.

The commission said none of the dealers are licensed, and stocks offered are not approved under Michigan blue sky laws.

Oakman, Robert. First Mortgage Dated December 1, 1928 and Due December 1, 1944: and/or C/D.

The Detroit Trust Co., Detroit, Michigan, informed us as follows on November 28, 1944:

The purpose of this letter is to advise the holders of the above described bonds of the present condition of the Trust and of a liquidating dividend to be paid as of December 1, 1944, the date of maturity of said bonds.

There are outstanding at the date hereof bonds of the above issue in the face amount of $190,800.00. Interest is due on these bonds since December 1, 1931 at the rate of 6% per annum.

The assets of the Trust at this date are as follows:

Name State Date Charter Forfeited Vol.

(1) Cash on hand in the amount of $98,730.00.

(2) Three land contracts with an aggregate balance unpaid of $2,500.00. One of these contracts is under foreclosure.

(3) Three vacant lots worth approximately $500.00.

(4) A claim filed by the Trustee for the benefit of the bondholders against the estate of Robert Oakman, deceased, for the full amount of the bonds outstanding plus interest, less the amount of the cash on hand. The value of this claim is problematical.

The Administratrix of the estate of Robert Oakman has filed objections to the claim filed by the Trustee and referred to above, taking the position, among other things, that the Trustee does not have the power to file a claim on behalf of the bondholders and that any claim in connection with the bonds must be filed by the owner. This matter has been referred to Referees appointed by the Probate Court but has not been heard. In view of the position taken by the Administratrix of the Oakman Estate, bondholders should consult their legal representatives with respect to the advisability of filing their own claims against the estate on the bonds held by them.

The Trustee will pay a liquidating dividend on the outstanding bonds as of December 1, 1944 at the rate of 40% on the face amount of the bonds ($400.00 per $1000.00 bond). Further dividends will be paid as and when it seems advisable to do so.

O'Connell Gold Mines, Ltd.

Incorporated under the laws of the State of Washington April 8, 1931, with principal place of business at 206 1st National Bank Bldg., Bellingham, Wash. We have been informed by Joseph W. Kindall, Attorney at Law, of Bellingham, Wash., that this company has no assets which he knows of, is not doing business, and believes it is permitting the annual license fee to go delinquent and will eventually be stricken from the rolls of the corporations of the State of Wash. He further states that the company was originally organized to explore some mining properties in Calif., but after expenditure of considerable sums, the engineer reported unfavorable and nothing further was done, which was several years ago.

Octave Mines Company. Incorporated in Delaware on February 10, 1913 and lost its charter in 1925. Mr. LeRoy P. Leas, 305 Vine Street, Phila., Pa., informed us as follows on April 25, 1945:

"My father D. P. Leas was agent for the Octave Mines Company along with H. C. Gibbs, Boston. This company was dissolved about 1924 or 1925, and taken over by the Octave Mining & Milling Company. At my father's death in 1916, my brothers and I kept putting in money trying to make it go. We had ore blocked out but could not finance a mill. At about 1928 the Octave Mining & Milling Company wound up and was taken over by the Arizona & Eastern Mining Co., with offices at 60 State Street, Boston, Mass. The mine was leased for a term but given up. We all sold our holdings at about $1. for the lot to establish a loss. I do not think there is any value left. Certainly not in the stock of the Octave Mines Company."

Olin Industries, Inc.
Press report Dec. 11, 1944:

Stockholders of Western Cartridge Co. today approved the merger of that company with the Olin Corporation and the formation of a new corporation, Olin Industries, Inc., as the parent company of all industrial enterprises now conducted by the two corporations. The merger will be effective with the filing of necessary papers. Stockholders of Olin Corporation already had voted to accept stock of the new corporation in exchange. Stock in Olin Industries, Inc., will be issued as of Jan. 1, 1945.

The merger agreement authorizes issuance of 155,624 shares of preferred stock and 2,130,300 shares of common stock in the new corporation, to be exchanged for outstanding stock of Western Cartridge Co. and Olin Corporation.

The merger, long contemplated, is designed to provide greater efficiency in the operation of the two companies and their 12 affiliates, subsidiaries, and divisions, and will contribute to maximum employment in postwar activities, it was explained. United States Cartridge Co., a subsidiary of Western Cartridge, operates the St. Louis Ordnance Plant.

Oreana Extension Inc. Incorporated under the laws of the State of Nevada, on May 13, 1941, this company is in good standing at the present time, according to the Secretary of State, and name the following officers: J. R. Jones, President, 139 N. Virginia St., Reno, Nev.; Harry Ebner, Vice-Pres., 139 N. Virginia St., Reno, Nev.; Carl A. Wagner, Secretary, 139 N. Virginia St., Reno, Nev. The principal place of business is located at 139 N. Virginia St., Reno, Nev. with the Nev. Agency & Trust Co. in good standing at this time. A letter directed to Mr. J. R. Jones, President, at 139 N. Virginia St., had been marked "not at this address" and forwarded to 916 Hobart Building, S. F., but this, too, was returned with the notation "not at this address". Check with Mr. Emmons, Division Mgr., of our Reno Office, and was informed that the Reno Office is their principal place of business for tax purposes only. Mr. Emmons also stated that J. R. Jones is no longer president—that he has been replaced by C. A. Michels. Carl Wagner is the secretary and their S. F. Office is at 916 Hobart Bldg. Current quotation obtained on the stock is 40c @ 55c. No information could be obtained from the S. F. Office. Property company previously worked has now proven too low grade to continue operations and tests are being run and negotiations carried on for other properties. Tungsten production is field of operation and is a war-effort proposition. Milling is done by custom mills, Oreana having no such equipment of their own.

Oregon Gold Mines, Inc. filed articles August 12, 1937 and was dissolved by proclamation of the Governor January 5, 1942 for failure to pay its annual license fees. As it never filed a report of any kind, we do not have a list of its officers. The incorporators were James I. Moore, Jr., Frederick Adams and Henry M. White. The articles were filed by Mr. White, and his address at that time was 801 Federal Office Building, Seattle. According to a notation in our records, H. C. Rohrback, 426 Bell Street Terminal, Seattle, was Secretary. (Oregon Corp.).

Owensboro & Russellville Railroad Co. This road was consolidated as the Evansville, Owensboro & Nashville Railroad Company in September, 1873. The bonds were apparently assumed by this road. However, on May 29, 1877 the United States District Court at Louisville, Ky., authorized the sale of the road to the bondholders for $60,000. Whether any funds were available for the bondholders we have not been able to ascertain. We wrote to the court at Louisville to ascertain if they are holding or did hold any unclaimed funds for outstanding coupons or bonds of this road and have not heard from them. You apparently could get the required information from them. Any unclaimed funds would have been turned over to the United States Treasury by this time, and should be followed through the court at Louisville.

P. A. P. Association. Incorporated June 14, 1911, under the laws of the State of California. Principal place of business—Vallejo, California. Several letters of inquiry were directed to the concern. Finally, a letter from W. J. Tormey, Secretary of the Association, was received saying he would be glad to call at our office and discuss the affairs of the association. (The letter was dated Dec. 16, 1940). However, up to this time he has not been in. Mr. Tormey, Sec. of the company, finally called and, although he did not have any reports or balance sheets with him, he was very cooperative. The Association owns land and a hall building formerly rented by the Loyal Order of the Moose, but at the present time the hall is not rented, and the only income is from small rentals on 3 stores located in the bldg. Mr. Tormey stated that it was his intention to eventually dispose of the property and remit proceeds to stockholders. Apparently, there is no market for the stock, but if your client does desire to sell, I would suggest he get in touch with Mr. Tormey, and I am informed he might get about $1 per share for his holdings.

P. D. G. Inc. Incorporated in Delaware on June 25, 1924. The company never filed an Annual Report. Apparently the company did not stay in business long enough to file one. The company became void on March 16, 1927 and lost its charter in 1928. We found no value to the stock, which we believe to be worthless.

White & Case, attorneys, located at 14 Wall Street, New York City, informed us that originally, creditors received a liquidating dividend of 25% and a certificate representing 75% of their claims. When the corporation liquidated in 1934 there was nothing more to pay on the certificates, which became worthless that year. This corporation liquidated the assets of Prince & Whitely, that went bankrupt.

Pacific Steamship Co. Company reorganized 1932. New Co. formed, Pacific Steamship Lines, Ltd., incorporated under the laws of Nevada. Holders of former 6½% bonds received 6½ shares 6% Pfd., 10 shs. Class "A" common of new co. Subsequently reorganization of P.S.L., Ltd. approved on Feb. 20, 1939; new corporation formed, Pacific Steamship Lines, Inc. Assets of P.S.L., Ltd., were insufficient to cover outstanding indebtedness, and we are informed both stocks have no value.

Pacific Steamship Lines, Ltd. This company was formed in 1932 subsequent to the reorganization of Pacific Steamship Co. and holders of the former 6½% bonds received stock in the new company. Pac. Steamship Lines, Ltd. was subsequently reorganized on approval of stockholders given Feb. 20, 1939. We are informed that the assets were insufficient to pay off all creditors and therefore there was nothing left for stockholders, and both preferred and common stocks are without value.

Pacific Underseas Oil, Inc.

Press report 4/12/46:

Questions answered by the Secretary & Treasurer of the company.

"Your question No. 1 asked for the latest financial statement of the 'Pacific Underseas Oil, Inc.,' but to the best of my knowledge this outfit has no financial statement to render.

"It is, of course, a stock set-up, but it has no business, no bank account, and no money.

"Answering your question No. 2, 'Pacific Underseas Oil, Inc.' owns an application for a lease covering certain tidewater lands bordering on Huntington Beach, Calif., the value of which application is entirely problematical."

Promoter of the company is E. J. Preston of California, Utah and Wyoming, who took possession of the entire 4,000,000-share issue of stock when the concern was incorporated several years ago in Nevada. It changed its name from Preston's original Nevada incorporation of 1938, Nevada Metals Recovery, Inc.

James E. Watson, former Senator from Indiana, head of the legal firm representing the company here, is the registered owner of 75,000 shares.

Another member of the firm at the time the company was organized, Arthur G. Brode, also holds 75,000 shares.

The estate of the late Samuel A. King, former third member of the firm, holds 185,000 shares. King's brother, former Sen. William H. King of Utah, is registered owner of 50,000 shares.

Friend of Capehart

Watson is a close friend of the present Indiana Senator, Homer E. Capehart, who has introduced two Senate resolutions denying traditional State title to submerged and reclaimed tidal lands. These include areas holding important business and industrial sections of the country's biggest cities.

One Capehart resolution would postpone Congressional action on a pending resolution to settle the issue once and for all time by giving the States an outright Federal quitclaim.

After hearings in February, the Senate Judiciary Committee is to meet Monday to vote a report on the quitclaim measure.

The documents obtained in Washington show that on June 26, 1937, Preston applied for a Federal lease on 2,560 acres of submerged oil land off Huntington Beach, held by private operators under State lease.

The application was denied because the Interior Department at that time had not concluded, as Ickes finally did in 1945, that all tidal lands belong to the Federal Government despite precedent and Supreme Court decisions to the contrary dating back to the formation of the original 13 States.

In the records of the Interior Department the application is now marked merely "on appeal," but this vague prospect is the sole basis on which, the documents say, stock is being sold across the country at 5 cents per share par.

Official records show sales of stock in California, Colorado, Connecticut, Idaho, New York, Utah, Oregon and Illinois.

Robert W. Kenny, Attorney General of California, reported today from Sacramento that the company has been given no Corporation Commission permit to sell the stock there.

The Security Exchange Commission at New York City stated the stock is unlisted there, and therefore sales are not under legal control.

The stock-selling campaign has been concentrated particularly in New York State in recent weeks, the records show.

A photostat of one investigator's report says:

"I found on calling at the Los Angeles offices of the Securities and Exchange Commission and talking to Mr. Black that they had a very thick file concerning Mr.

Name. State Date Charter Forfeited Vol.

Preston and his activities, and were highly suspicious that he had been quite active in peddling his securities throughout the Western United States, and indulging in financial transactions outside the law.

Permit Cancelled

"Mr. Preston has neglected to secure approval of the Securities and Exchange Commission, or of the Division of Corporations in any of the States, except that several years ago, he was granted permission to sell 300,000 shares of the Pacific Underseas Oil, Inc., in Utah. His permit in Utah was cancelled before he completed his sales."

Photostats of letters show that, commencing in 1939, the law firm of Watson, King and Brode, principally through personal calls by King, exerted pressure on the Interior and Justice Departments to file the Supreme Court suit.

Palestine Association Foreclosure Trust Certificates of Beneficial Interest.	

The Detroit Trust Co., Detroit, Mich., informed us as follows on January 28, 1946: The sale of the property at the Northeast corner of Second and Charlotte, Detroit, was completed December 28, 1945 on the terms stated in our letter of December 5, 1945. This completes liquidation of the trust property, sale of the Fort Street parcel having been made on May 25, 1945. There is now available to Certificate holders a distribution of $5.80 per unit of beneficial interest after payment or provision for all obligations and estimated contingent claims against the trust, including Federal Income Tax. The distribution may be obtained by surrendering Certificates of Beneficial Interest to

Detroit Trust Company
Stock Transfer Department
201 West Fort Street
Detroit 31, Michigan

Enclosed is Trustee's final statement of account for the period from December 31, 1944 to January 21, 1946. The Trustee's and Depositary's fees appearing therein are for services extending over a long period of years and are in amounts considerably less than was due. Of the funds reserved, approximately $322.00 is held in consequence of the foreclosure proceedings and the balance is held against possible claims for Income Tax which claims, if any, may not be wholly determined until three years from the filing of the Trustee's final Fiduciary Income Tax Return. When all liabilities of the trust have been determined and satisfied, any funds that then remain will be disbursed pro rata to the present registered Certificate holders who receive the current distribution.

For the year 1945 the Trustee will file a final Fiduciary Income Tax Return with the Collector of Internal Revenue, Detroit, Michigan, covering the operation of this trust and the sales of property which Return, prepared on a cash basis, will show losses resulting from both operation and sales with the combined loss of $59,928.78. A list of the registered holders of the outstanding Certificates of Beneficial Interest will be filed with said Return.

As we understand the attitude of the Treasury Department the cash distribution of $5.80 per unit now being made represents a return of capital and is not subject to Income Tax unless and until the Certificate holder has recovered the cost basis of his Certificate. When the cost basis has been recovered the excess is subject to **Income Tax.**

PLEASE NOTE: Liquidation of the trust property was effected in 1945 and the distribution represents proceeds of sale within that year and is being made from cash on hand in the Trust as of December 31, 1945. For Income Tax purposes the distribution, therefore, is being treated by the Trustee as though it had actually been made as of December 31, 1945. This is based upon Section 162 (d) of the Internal Revenue Code.

Palo Verde Water Light & Power Company. "Following letter received from Secretary of State of Nevada: The Palo Verde Water Light & Power Co., incorporated under the laws of this State June 20, 1928 have never filed a list of their officers in this office. The charter of the company was temporarily forfeited by Proclamation of the Governor on the 1st Monday in March of 1930 because of failure to file annual lists of officers and pay fees and penalties amounting to $102.50. Said amount covers the period of years since July 1st, 1929. Other than the above I am unable to give you any further information."
Following letter received from H. H. Scheeline of the Scheeline Bank & Trust Corp. "The writer was cashier of the above mentioned company until 1929 when same merged with the Nevada United Bank, which Bank closed in 1932 along with the other Wingfield Banks. However, we still maintain a corporation business under the above title (namely the Scheeline Banking & Trust Corp.) Regarding the Palo Verde Water Light & Power Co., you may rest assured that the bonds are without any value. The bonds were registered by us at one time, secured by a first lien on property located at El Centro, Calif. It was afterwards found out that some of the officials of the Water Co. issued a lot of similar bonds that were not registered. As a result, the whole thing was a failure. Possibly if you wrote down to El Centro, California, you could obtain the present condition of this corporation. I am sorry that I can give you no further information."

Pan-Hormone Products Corporation. Incorporated in New York State on November 17, 1939, and has not been dissolved. The last known address was 570 Lexington Avenue, New York City. A letter addressed to the company was returned marked "Unknown". The Treasurer of the company, Princess Ketto Mikeladze, located at 320 East 57th Street, New York City, informed us on May 22, 1945, that the stock is absolutely worthless, but if they can sell certain medicines the stockholders may get something. Princess Mikeladze does not know much about this matter but referred us to Jacob L. Warkow of 342 Madison Avenue, New York City. We are unable to find Mr. Warkow. "Martindale-Hubbell", Law Directory lists him at One Wall Street, New York City.

Parkfords Royalty Syndicate No. 1.

Value of Certificates of Interest Dated 12/29/24.

Mr. E. A. Parkfords, 9300 Santa Monica Blvd., Beverly Hills, California, informed us as follows on June 19, 1945: "Replying to your letter of June 11th, we have to advise that there is no market for Parkfords Royalty Syndicate. No. 1 at the present time. There is one well on production in Signal Hill. The last dividend paid was in 1939. There is approximately 70 cents accumulated in the trust fund but a distribution will not be made until it reaches $1.00 because of the expense in connection with making a distribution."

Paterson Van Dyke Realty Company.

First Mortgage 6% Bonds Dated May 1, 1926 and/or C/D.

The Detroit Trust Co., Detroit, Mich., informed us as follows on July 10, 1945:

In our letter and report dated January 15, 1945, you were notified of the immediate distribution of a principal liquidating dividend in the amount of 10%. Subsequent thereto sufficient funds have accumulated to warrant the distribution at the present time of an additional principal liquidating dividend of 5%, after which the unpaid principal balance on each $1000.00 bond will amount to $370.00.

Paterson Van Dyke Realty Company.

First Mortgage 6% Bonds Dated May 1, 1926: and/or C/D.

The Detroit Trust Co., Detroit, Mich., informed us as follows on Nov. 7, 1945:

This letter is to advise bondholders of this issue that the Trustee has received an offer of $10,000.00 for the balance of the vacant lots remaining in the Paterson Van Dyke Subdivision.

The 44 lots remaining under the mortgage, with the exception of four, are all 20 foot lots, which have been unsalable.

The title to the lots is the only remaining asset of the Paterson Van Dyke Realty Company, therefore unless the Trustee hears any objections to this sale, it will accept the offer, and proceed to make the final distribution to bondholders and close the trust.

The cash received from this sale with accumulated cash on hand would allow a final distribution to bondholders of approximately ten per cent, making a total liquidating payment on this issue of $730.00 on each $1,000.00 bond.

Paterson, Van Dyke Realty Co.
C/D for First Mortgage 6% Bonds Dated May 1, 1926:
The Detroit Trust Co., Detroit, Mich., informed us as follows on Feb. 4, 1946:
As of November 7, 1945, you were notified by the Bondholders' Protective Committee that Trustee had an offer for the sale of the balance of the vacant lots remaining under the mortgage, and asking any bondholder that had objections to the sale to so notify either the Committee or the Trustee. As there were no objections, Trustee has completed the sale, and is now in position to make the final payment to Bondholders.
The cash received from the sale, plus the cash in the trust will permit a payment of $101.80 on each $1,000.00 bond.
To receive your payment, Certificates must be surrendered for cancellation as no other assets remain under the Mortgage.

"In reply to your letter of October 18, 1945, we wish to advise that certificates and Participating Receipts of E. I. duPont de Nemours & Company Common stock representing the distribution to which holders of the Pathe Film Corporation common stockholders were entitled, were forwarded by registered mail on November 22, 1941, to such stockholders. Inasmuch as the Pathe Film Corporation is dissolved, their certificates should be considered as void and cancelled. You did not mention in your letter the name of your client and we have, therefore, been unable to check our records to ascertain whether or not the duPont stock was received by him or returned to us by the Postal Authorities. If received by the registered holder, we suggest that he contact Bankers Trust Company, 16 Wall Street, New York City where the Participating Receipts may be redeemed for cash."

Pawling Refining Company. Incorporated in New York on March 24, 1937 as the Standard Marketing Co., Inc. The company changed its name to Major Marketing Company, Inc., on April 25, 1938. On December 11, 1940, the latter company changed its name to Pawling Refining Corporation. The United States District Court for the Southern District of New York informed us as follows on March 12, 1945:
"Answering your letter of March 7th, 1945, in which you inquire if any provision was made in the liquidation proceedings for the stock of the Pawling Refining Corporation, I wish to inform you that no such provision was made, and that there was no general dividend. The proceeding was originally instituted under Chapter XI of the Bankruptcy Act. The corporation was adjudged a bankrupt on July 17, 1942, and the case was closed and the Trustee discharged on January 18, 1944."

First Mortgage 6½% Bonds Series "A" Due 1950:

Pursuant to an Order of the District Court of Taylor County, Texas, 42nd Judicial District of Texas, the property subject to the lien of the mortgage issue of bonds was sold at foreclosure sale on June 9, 1944. The proceeds of the sale, together with certain current assets of the company were sufficient to make a distribution to the bond holders at the rate of $763.17 in respect to each $1,000. principal amount of bonds.

Pecos Valley Power & Light Company.

The Continental Bank & Trust Co., New York City, informed us as follows:

To all debenture holders of Pecos Valley Power & Light Company issued under indenture dated as of November 1, 1935 between Pecos Valley Power & Light Company and the Continental Bank & Trust Company of New York, as Trustee:—

The physical assets of Pecos Valley Power & Light Company covered by the mortgage were sold June 10, 1944 to the West Texas Utilities Company of Abilene, Texas under foreclosure sale in a suit by The New York Trust Company, Trustee of the bondholders.

The property was bid in and approved by the court for the sum of $875,000.00. There remained a deficiency judgment in favor of the bondholders in the sum of $517,719.27. After the sale of the property covered by the mortgage there was certain cash on hand and certain personal property on hand which was not covered by the mortgage and this personal property was sold at its book value amounting to $59,896.17. This added to the cash amounted to $185,033.77 to be distributed between the bondholders and the debenture holders.

The amount going to each debenture holder per $100 face value is $14.85. This is almost exactly the value placed on the debentures by The Securities and Exchange Commission. The cash for the remaining assets has been sent to The Continental Bank & Trust Company of New York for distribution.

This is a complete liquidation of Pecos Valley Power & Light Company and you should send in your debentures for cancellation to The Continental Bank & Trust Company of New York, Corporate Trust Department, 30 Broad Street, New York 15, N. Y., and a check will be sent to you in the amount of $14.85 per $100 debenture held by you.

Stone & Webster Service Corporation, 90 Broad Street, New York City, informed us as follows on November 1, 1945:

We have your recent letter requesting information with respect to $6.00 Cumulative Preferred Stock of Peoples Light and Power Corporation.

In order that you may have a complete picture of the situation with respect to the aforesaid stock, we wish to advise you that pursuant to a Plan of Reorganization dated June 1, 1936, Peoples Light and Power Corporation has been reorganized under Section 77(B) of the United States Bankruptcy Act. On February 10, 1938 all of the assets of Peoples Light and Power Corporation were transferred to Peoples Light and Power Company, a new corporation organized under the provisions of said Plan. Under the Plan of Reorganization holders of $6.00 Cumulative Preferred Stock of Peoples Light and Power Corporation are entitled to receive for each share of such stock a stock purchase warrant for one share of Class B Common Stock of Peoples Light and Power Company (the new Company).

The stock purchase warrants above referred to, entitle the holders to purchase at any time prior to January 1, 1946 Class B Common Stock (as constituted at the time of purchase) at $20 per share. According to latest information we have available, the present over-the-counter market price of the Class B Common Stock is $3.25 bid, $3.50 asked. The stock purchase warrants do not have any value at this time. The warrants carry no dividend or voting or other rights and will be void in the event of dissolution, liquidation or winding up of Peoples Light and Power Company.

Peoples Light and Power Company has filed with the Securities and Exchange Commission a Plan pursuant to Section 11(e) of the Public Utility Holding Company Act of 1935, which Plan, as amended, provides that the holders of stock purchase warrants of the Company expiring in December, 1945 will not participate in the Plan and rights of the holders thereof will be extinguished. The Plan has been approved by the Securities and Exchange Commission and application is being made to the District Court of the United States for the District of Delaware to enforce and carry out the terms and provisions thereof.

Since the stock purchase warrants do not have any value at this time and in view also of the provisions of the pending Section 11(e) Plan with respect to the stock purchase warrants, there would not appear to be any advantage in exchanging the $6.00 Cumulative Preferred Stock of Peoples Light and Power Corporation for such warrants.

Pine Lake Country Club (Second Mortgage Bonds).

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Sept. 17, 1945: The extension of the maturity date of the bonds to July 1, 1958, and the adjustment in the rate of interest with respect thereto, requested by the Club and consented to by the holders of approximately 78.5% of the outstanding bonds, has been made effective in accordance with the terms and provisions of an agreement entered into between the Club and the Trustee.

An endorsement has been made on the deposited bonds to evidence the maturity extension and new interest coupons at the revised rates have been attached. The bonds are now ready for return to bondholders and may be obtained by surrender of the deposit receipts issued by the Depositary. Such receipts should be properly endorsed, the endorsement should be guaranteed by a bank, trust company, or member of the New York or Detroit stock exchange, and should then be delivered in person or forwarded by registered mail to.

Detroit Trust Company, Depositary

Pine Tree Products Company, Inc. Value of Capital Stock. Incorporated in New Hampshire. Mr. C. B. Robbins, Prsident of Pine Tree Products Company, located at 347 Fifth Avenue, New York City, and formerly an officer of Pine Tree Products Company, Inc., informed me on May 29, 1943 that that Pine Tree Products Company, Inc., is out of business. This company went into bankruptcy and was sold out by the United States Marshall and bought in by Mr. Robbins on April 22, 1937. There was no equity for the stockholders. The Pine Tree Products Company, a new corporation, was formed the same day. Therefore, I submit the shares as worthless as of October 28, 1944, the date of the decedent's death.

Pittsburgh, Shawmut & Northern Railroad Company. Press report April 19, 1946:

Pittsburgh, Pa., April 19—The Pittsburgh, Shawmut & Northern Railroad Company, declaring it is "impossible to operate without a loss," has petitioned the Federal Court for permission to ask the Interstate Commerce Commission to allow abandonment of operations. Judge Guy K. Bard set May 7 for a hearing on the petition.

Thomas C. Buchanan and Robert C. Sproul, receivers for the company, said the railroad had been unable to pay principal or interest on mortgage bonds of $15,000,000 since 1905. They added that interest in arrears to Nov. 30, 1945, amounted to $23,845,000.

The receivers said the railroad, which is 144 miles long and engages principally in hauling coal, had lost about $10,000 monthly in the last three months.

Pittsburgh & Susquehanna Railroad Company. Value of First Mortgage 5% Bonds Due 1950:

The Clearfield Trust Company, Clearfield, Pa., informed us as follows on February 15, 1945: "This mortgage was foreclosed through the Court of Common Pleas of Clearfield County, Pa., and the property was sold at foreclosure sale. The funds realized were distributed by an Auditor appointed by the Court after notice to bondholders as provided by the Court order. Final distribution was made on October 23, 1937. It is our understanding that any remaining outstanding bonds have no value whatsoever."

Pop-Master, Inc. Incorporated in Indiana and was located at 417 Odd Fellows Bldg., South Bend, Indiana, in care of Oliver M. Loomis. The company never filed a report. Mr. Loomis, who is an attorney, located at the above address, informed us on May 5, 1945, that this company has been dissolved. The only assets the corporation ever had were the right to manufacture and sell Pop-Master automatic popcorn machines. After an expenditure of some $13,000 or $14,000, it was definitely determined that the whole plan was not feasible, due to the fact that the vegetable oil compound used for buttering the corn would become rancid because of the heat, and the popcorn was not eatable. The shares are without value.

Press report December 8, 1944:
Philadelphia, Dec. 8.—The Securities and Exchange Commission has approved an amended plan for the reorganization of the Portland Electric Power Company. Under the plan about 95 per cent of the company's assets will be distributed to bondholders, and the remaining 5 per cent to prior preference stockholders.
The second preferred and common stocks of the debtor company, which is being reorganized under both the Chandler act and the holding company act, are held to be worthless.

Producers Development Company. Incorporated in West Virginia and was dissolved on February 4, 1930. This corporation was one of the defendants in the chancery suit of State of West Virginia vs. Azel Meadows Realty Company, et als, No. 9790, brought by the State for the collection of license taxes. Some years ago we collected liquidating dividends on the stock of this company, which were mailed out to stockholders of record. The payments were made by O. J. Deegan of Huntington, W. Va. Mr. Deegan passed away in 1937 and his estate shows no funds for stock of this company. There are no funds in the court for the stock. The payment was only a few cents per share, and apparently it has all been paid out. We consider the shares worthless.

Producers Oil Company, Inc.

Findlay, O., Dec. 7, 1945 (Special)—Ohio Oil Company has taken another step in its program of expanding marketing facilities by purchasing properties of three firms in Ohio and Indiana.

The purchases include materially all the assets of Producers Oil Company, Inc., and Producers Gas Market, Inc., and real estate owned by First Central Realty Company, including 23 service stations and five station sites. All three companies have been controlled by the family of the late Bernard H. Ziehler, Dayton.

The two Producers firms, founded by Mr. Ziehler, expanded into one of the largest independent distributors of petroleum products in Ohio and Indiana. They operated in Dayton, Springfield, Middletown, Miamisburg and Columbus O., and Indianapolis, Anderson and Terra Haute, Ind.

Following Mr. Ziehler's death in 1943, his sons, Bernard A., and Robert J., continued to manage and operate the outlets of Producers Oil Company until its recent sale.

Under Ohio Oil Company ownership, the stations involved will continue in operation as Marathon stations, with a full line of petroleum products, tires, batteries and accessories at each location, and with complete automotive lubrication obtainable at all stations.

Renovation and overhauling of each station, its furnishings and equipment is now under way.

Progress Country Club, Purchase, N. Y. Value of Interim Receipts Dated May 28, 1926. Reduced from $6,000 to $2,250. on January 13, 1930:

Mr. K. J. Kasper, Manager, Old Oaks Country Club, Purchase, N. Y., informed me as follows on November 22, 1945:

"Your letter of November 16, 1945 addressed to the Progress Country Club was included in our mail and opened by mistake. Please be advised that the Progress Country Club discontinued operations on December 31, 1935. The present club, Old Oaks Country Club, purchased the property from the Emigrant Industrial Savings Bank. From our knowledge, however, we would say that the Interim Receipts which you refer to would have no value for the reason that the Progress Country Club is no longer in existence."

In view of the above I submit the Interim Receipt as worthless as of June 9, 1945, the date of the decedent's death.

Prudential Elk Basin Oil Co.
Following letter received from the Sec. of State of Montana: "The records of this office show that Prudential Elk Basin Oil Co., about which you inquire in your letter of Nov. 25, is still in existence as a corporation of the State of Montana, as it was incorporated in 1916 for 40 years and no dissolution of the corp. has been filed in this office to date. No reports have, however, been filed in this office by the corp. so I am unable to give you a list of its officers or advise you whether it is actively engaged in business at this time. According to its articles of incorporation, the principal place of business of the corp. is located in Butte, Montana." Subsequently we wrote to the Co. at Butte, Montana, but our letter was returned, stamped "unclaimed". As the Co. has not filed reports with the state authorities since 1916 and our letter sent to the Co.'s last known address has been returned unclaimed, we would assume that the concern is out of business, although, of course, we have no definite information that such is the fact.

Incorporated in the District of Columbia. I found no record of this company after 1919, and believe the company is out of existence. Corporations formed in the District of Columbia are not required to file reports to retain their charters and, therefore, I have no way of determining the year the company ceased to exist, except that no further trace of the company could be found after 1919. Therefore, I believe the shares were worthless as of October 28, 1944, the date of the decedent's death.

Pyramid Oil Company. Incorporated in California on October 7, 1909, and its 1942 report showed the following officers:
President: Otto B. Johnson, 405 Montgomery Street, San Francisco, Calif. His residence is 879 Indian Rock Avenue, Berkeley, Calif.
Vice Pres: I. W. Parsons, 2500 Montecito Rd., Rte 4, Box 379, Santa Rosa, Calif.

Pyramid Oil Company (Calif.). ~~Mr.~~ Otto B. Johnson, President of the company, located at Financial Center Bldg., San Francisco, Calif., informed us as follows on August 28, 1945:
". . . No additional wells have been drilled since the date of this letter. However, drilling will probably be resumed within the coming 30 days and it is expected at this time that three more wells will be drilled to the Calitroleum Sand. The Notes payable item of $21,480.15 shown on the Balance Sheet for 1944 has been reduced to $2,500 and this will probably be paid off before the end of the year. The No. 7 well, mentioned in the Report, has been redrilled and placed back on production as a good producer. Plans are being made to proceed with the other work mentioned in the last paragraph of the Report. The stock is not listed, but is traded on the unlisted market, the last quotation being 25c bid, 35c asked."

Value of Part Ownership Certificate for $250.
Incorporated in New York State on February 26, 1916, and is located at Quaker Ridge, Scarsdale, N. Y. The Treasurer of the corporation informed me as follows on December 22, 1945: "It is my opinion and also that of the Board of Directors of the Club that these certificates have only a nominal value inasmuch as they are subordinate to the first and second mortgage bonds aggregating $297,500. Recently the Club purchased from the estates of deceased members a few of these certificates at ten cents on the dollar and that might help you to arrive at the value thereof." In view of the above, I submit 10% or $25 as a fair value for the $250 Certificate as of July 24, 1945, the date of the decedent's death.

Quarton Lake Estates. First Mortgage 6% Bonds Dated April 15, 1927 and/or C/D.
The Detroit Trust Co., Detroit, Mich., informed us as follows on Nov. 1, 1945: Sufficient funds have accumulated to enable the Trustee to make a further principal liquidating dividend in the amount of 5% or $50.00 on each $1,000.00 bond.
Therefore, to holders of Certificates of Deposit representing bond(s) of this issue, we are enclosing a check in the amount of $50.00 for each $1,000.00 bond represented thereby according to the records of the Depositary.
If, however, you own actual bond(s) you may secure your dividend by presenting said bond(s) personally or by registered mail to Detroit Trust Company, 201 West Fort Street, Detroit 31, Michigan, attention of the Reorganization Division on the first floor.
After the above-mentioned payments, 60% or $600.00 will have been paid on the principal of each $1,000.00 bond leaving $400.00 principal still owing thereon in addition to the accrued interest.

Value of Capital Stock Dated 1915.
The Secretary of State of New York informed us that they found no record of this company as a domestic or foreign corporation. We did, however, find a company of this name that owned the Almaden mine in Santa Clara County, California. The Quicksilver Investment Company, held notes against the Quicksilver Mining Company, which were transferred to the New Almaden Co., Inc., a subsidiary of the New Almaden Quicksilver Mines Corporation. The Almaden mine was purchased under a court order, apparently on default. The shares are without value.

R. U. V. Company. Incorporated in New York State and was dissolved on July 30, 1937. The office of Mr. F. H. Fassett, located at 15 Park Row, New York City, informed us that the company sold its assets to the R. U. V. Engineering Corporation for a certain amount of stock of their company. The R. U. V. Company sold the stock of the R. U. V. Engineering Corporation, and the amount received was not sufficient to wind up the R. U. V. Company, leaving no equity for the stock, which is worthless.

Incorporated in Delaware on June 28, 1927, and lost its charter on September 1, 1933. The last report filed in 1931 showed G. M. Heckscher, 52 Vanderbilt Avenue, New York City, as President. Senator George F. Thompson of New York City, was Vice President. According to Senator Thompson's office, the company was obtained by Charles Bob, whose name was mentioned in many stock swindles. The New York Curb Exchange states that the company was in business at 3604 43rd Avenue, Long Island City until 1938, according to a letter received from the Treasurer, W. M. Martin, now located at 11 East 44th Street, New York City. Mr. Martin informed us by phone on April 13, 1945, that a Mr. Ezra Bull was President of the company in 1938, when he was Treasurer. Mr. Martin did confirm that this company was a Charles Bob promotion. We understand that the Bureau of Internal Revenue ruled that the stock was worthless in 1938.

of 10 cents per unit or $10.00 on each former $1000.00 bond.

The enclosed check represents the distribution on the number of units held by you as shown by our records. This distribution has been made possible by the accumulation of rents and Land Contract collections.

Shortly after the first of the year a statement will be sent you showing the portion of 1944 dividends that are taxable for income tax purposes.

Recordgraph Corporation. Mr. William L. Woolf, President of the company, whose address is care of Stevens Institute, Hoboken, New Jersey, informed us as follows on May 14, 1945:

"I have at hand yours of April 23rd asking that I inform you of the status of Recordgraph Corporation and the value of its common stock as of January 9, 1942. In reply, may I advise that the books of the corporation are open to any stockholder or his representative, and that the information asked for may be secured by yourself. However, as an accommodation, and wholly without responsibility for any error that may be contained therein, I submit the following opinion. The minute book of the corporation shows that the last meeting of the corporation prior to January 9, 1942 was held on November 10, 1941, and that the first succeeding meeting was held on February 10, 1942. Prior to the meeting of November 10, 1941, the corporation finding itself substantially without funds and without income, entered into an agreement with Edward J. Noble whereby the latter agreed to furnish certain needed finances to the corporation. This agreement carried a cancellation clause. A few days after it was signed, Mr. Noble met with an automobile accident which confined him to a hospital for several weeks. Immediately upon his return to office duties, he exercised his right to cancel the agreement. This cancellation left the corporation suddenly without funds. Thereafter, a group of stockholders loaned the corporation some $18,000 or $20,000. The minutes of the meeting of November 10, 1941 indicate that these funds were exhausted. Quoting from the minutes, 'All the funds subscribed had been used up primarily in the conversion of machines for LaGuardia Airport and Long Island Lighting Company.' The minutes further state that 'Mr. Hugh Samson and Mr. George Kelly had agreed to a plan of advancing an additional $16,000., whereby the Noble notes were to be purchased by Mr. Samson, and the difference between that amount and the $16,000. to be used to finish 25 machines which were in work in the shop. Notes are to be issued to Mr. Samson and to Mr. Kelly which are to be a prior lien against the corporation, and the proceeds from the sale of all machines are to revert to them until the loans are cancelled or liquidated. The corporation proceeded to complete 25 recording machines which were in process of construction, using the $16,000. loan for the purpose. As near as my memory serves me, the corporation on January 9, 1942 owed about $35,000., had a contract with the writer to complete the 25 machines for $8,000., had office expenditures of approximately $800. a month, and was the owner of a number of patents and patents pending. In this condition, the value of the corporation was a function of the ability of its management and the business cycle to come. At that time, I frequently thought of my own stock in terms of 10c per share. I know of no sales having been made at that price. The meeting of February 10, 1942 reports that a deal was in process of negotiation with the American Type Founders whereby the latter would take over the company's assets and operate it for a year, and, if it desired, would form a corporation valued at $100,000. and give Recordgraph Corporation 50% of the stock in exchange for its assets. On this basis, some 262,000 shares of Recordgraph stock would be worth $50,000. assuming the sale of the 25 machines above referred to would net sufficient proceeds to pay off the corporation's obligations. The agreement with Amertype Recordgraph Corporation referred to was entered into and later renegotiated. The renegotiation greatly enhanced the value of the stock. I understand it has a market at the present time in which 3/4ths is bid and $1.00 asked."

Mr. Stern of Fred Hart & Company, 350 Madison Avenue, New York City, successors to Amertype Recordgraph Corporation, a subsidiary of American Type Founders, informed us that on January 9, 1942, these machines were only in an experimental stage, and were of absolutely no value unless they were completed. The machines were eventually sold to the United States Government. While the company may have had some conversations with the United States Government about these machines prior to January 9, 1942, nothing was consummated until after February 10, 1942, according to the minutes of the corporation. Due to the fact that we found no market for the common stock at any price about January 9, 1942, it is our opinion that the stock did not have more than a nominal value as of January 9, 1942, the date of the decedent's death.

Red River Lumber Company. Press report Dec. 6, 1944: Minneapolis, Dec. 6 (AP).—One of the largest deals in lumber history, involving $11,000,000, was announced today, by Archie D. Walker, Minneapolis, president of the Red River Lumber Co. The Red River transfers to the Fruit Growers Supply Co., Los Angeles co-operative, the entire city of Westwood, Calif., which had a pre-war population of 5,064, and also its property at Westwood. This property includes a sawmill, veneer plant, box factory, entire lumber plant and equipment, inventories of logs and lumber, logging machinery, railroad including one 20-mile electric line besides spurs and feeders, locomotives and other rail equipment. The transfer also includes the telephone system of Westwood, its electric light system and power, its water and sewage system. An estimated 100,000 acres of timber, mostly the famous California sugar pine, also will go to the co-op, Mr. Walker said. The transfer is scheduled for Dec. 15 and the Fruit Growers Supply Co. will announce further details then.

Renno Commissary & Housing Corp. Incorporated in Nevada on July 17, 1929, but it is not in good standing, having temporarily forfeited its right to do business legally under its charter on the 1st Monday of March, 1938, because of failure to file lists of officers and pay fees and penalties amounting to $30. Said amount covers the period of years from 1937 to date. The last list filed here on June 29, 1936, shows the principal office was then located at No. 120 S. 2nd St., Las Vegas, Nev., with the Nev. Incorporating Co. as resident agent. Quoted from letter received from the Secretary of State of Nevada, dated April 23, 1941.

Republic Building & Loan Association of Baltimore City. Md. 1944.

Republic Casualty Company. The Insurance Department of Pennsylvania, informed us on February 20, 1946, that the company was dissolved in May, 1928 and have paid 30% in liquidating dividends on approved general creditor claims of approximately $1,500,000. The last dividend of 10%, which was paid in June of 1937, was thought for all practical purposes to be the final dividend. However, some subsequent salvage recoveries and reinsurance recoveries were made after the 10% distribution and it may be that some very nominal additional dividends can be paid of, say, one or two percent. There is no possibility, however, that the approved general creditor claims could be paid in full with interest and, therefore, the stock had no value as of September 6, 1946.

Republic Company. Fla. 1940.

Republic Consolidated Gold Mines Inc. Incorporated in Washington and was located at Spokane, Washington in 1900. On August 23, 1909 the corporation was stricken from the records. We found no value to the stock which we believe to be worthless.

Republic Gas Corp. 1943 Issue.

Republic Gas Corporation. The Republic Natural Gas Company, 1505 Federal Street, Dallas, Texas, informed us as follows on February 19, 1945: "Under the plan of reorganization of Republic Gas Corporation, approved by the United States District Court for the Southern District of New York, the time for exchanging the securities of this company into those of the new company, Republic Natural Gas Company, was limited to June 30, 1941. This expiration date was fixed by the Honorable Francis G. Caffay, District Judge for the United States District Court of the Southern District of New York, in an order

Name State Date Charter Forfeited Vol.

issued October 27, 1936, and, in view of this, we now have no authority to make any further exchanges, and it is our understanding, therefore, that securities of Republic Gas Corporation which had not been exchanged on or before June 30, 1941, are now of no value. When the Republic Gas Corporation went into bankruptcy there was no list of bondholders or shareholders available, and, in view of this, it was directed by the Court that the plan of reorganization, together with all Orders issued by the Court in connection therewith affecting the rights of the security holders be published in the press, and that was done."

The old common stock received one share of new common for each 15 shares of old. We believe, that if there were sufficient shares to warrant your petitioning the Court to have the old plan declared illegal, and order the new company to exchange the stock, you would be successful.

Reynolds Alaska Development Company, c/o M. F. Butler, 234 West 62nd Street, Kansas City, Missouri. The following was reported to us on January 15, 1940:

M. F. Butler
Reorganizing Committee of the
Reynolds Alaska Development Company
234 West 62nd Street, Kansas City, Mo.

To Stockholders, Bondholders and others with interests in the Reynolds Alaska Development Company.

The charter of the Reynolds Alaska Development Company lapsed in 1933. By operation of law the titles of its properties vested in the surviing trustees as follows: Dr. A. E. Austin, J. Frank Birdsell, H. M. Coffin, John Yule and M. F. Butler.

A new company, RADCO, Inc., is being organized in accord with the following Resolution of the said trustees, dated New York, Sept. 23, 1939:

RESOLVED: That we deem it best that a new corporation be formed under the Laws of Alaska to which we shall transfer titles of properties, held by operation of law from the Reynolds Alaska Development Company upon lapse of its Charter, when said new corporation shall have accepted the conditions herein, to-wit: that stock in the new corporation shall be exchanged for stock, obligations and equities of the said Reynolds Alaska Development Company in consideration of said properties so that each interest shall have as good, or a better proportionate holding in the new company than in the old if reinstated. We recommend for the new company a capital of $60,000.00, one class stock, par one cent to give adequate shares for exchange as set forth herein, to save taxes and reduce annual fees. That upon this basis for each share of FOUNDERS' stock of the Reynolds Alaska Development Company sent in for exchange there shall be issued three shares of the new company, fully paid; for each $100.00 bond, 240 shares, fully paid; for each share of Iron Mountain Copper Company stock, three shares, fully paid; for those holding assignment of the settlement of the watchman's wages which brought on the third receivership, three shares for each dollar of the amount; and three shares for each dollar of other creditors' claims not waived or cancelled. For each share of DEFERRED stock of the Reynolds Alaska Development Company sent in for exchange one share of the new company stock, fully paid. That under this plan of re-organization the new company may proceed where the old left off with simpler and more convenient set-up and with justice to all. That **M. F. Butler is** appointed Committee in full charge to carry out the purposes of this RESOLUTION. (Signed by the above named five trustees.)

Some may ask, "Why not re-instate the old company?" Several reasons may be given. Its capital of three million dollars is in excess of all needs with heavy annual corporation fee of over $450.00. It would cost $9,330.00 to re-instate it. The new company can be organized and the exchange of stock completed for less than one-tenth that amount. The annual corporation fee will be only $15.00. These are reasons on the side of economy.

There are equally important reasons from other considerations. In the old company there were one million shares of Founders' and two million shares of deferred stock, thus the deferred was in control yet it did not contribute to the Treasury. In the new company those whose money went into the assets and developments will be in control, that is, the Founders, the bondholders and the Iron Mountain investors. Each interest will be better off in the new company. The trustees have endeavored to do exact justice, independent of legal rights which in some cases are lost. Let me briefly explain. The Founders' stock was entitled to a 6% dividend before the deferred could participate. It cost each owner $1.00 per share. The three shares in the new company for each share will represent original cost plus interest, and will convert the minority block of the old company into control of the new.

Bondholders lost every legal right July 1st, 1935. If the old company were reinstated, their investment would have no participation, and could be given none, yet they aided in saving the company and raised the first receivership. In fairness they are given the same treatment as owners of Founders' stock. The bonds were sold for $80.00 each, hence, exchange for 240 shares of the new company's stock.

Iron Mountain Copper Company stockholders raised the funds to continue developments from 1911 to 1916, and to secure patent of the key claims in 1920, relieving stockholders of annual assessment requirements. Thus they are given the same recognition as others whose money went directly to the benefit of the property, three shares of the new company for each I.M.C. Co. share exchanged.

To make all these exchanges requires even more shares than were in the old company, hence, the reduction of par along with reduced capital. After exchanges are completed, there will remain about one-third of the capital unissued. A short explanation will make it clear to those not familiar with issues that par value has little significance except to establish a transfer or tax value, and that each will hold a better proportionate interest in the new company than in the old, therefore, a larger money value.

Deferred stock was used largely for promotion, for bonuses and for commissions. Its deferred condition, as we now know the property, would make it practically valueless under the old organization, hence, on exchange into the new company, share for share, its actual value is improved, although its fractional relation is reduced for each share from one in three to one in four million, but with equal participation in earnings which it could not hope for in the old company.

A Founders' share in the old company represented approximately 1/3,000,000 as both classes were about all issued. The same share in the new company will represent 3/4,000,000, a considerable larger fraction. Another point to bear in mind is that par value is arbitrary, not actual. You can make it whatever you like, but it will not be worth it unless the actual values are behind it. These values are made up of property, net earnings, probable life, management and other factors. The actual value of the shares of the new company would be the same whether the par were made one cent, one dollar or one hundred dollars each.

On the advice of the trustees of the old company the directorate of the new will be located here in Kansas City that meetings may be held without the expense incurred by scattered and distant members, but these trustees will be consulted in matters where their long familiarity with the property will aid us. To further reduce expense, I will use my home for office purposes. Some help will be required, but I am trying to make clear most of the points about which you will want information so that correspondence will be reduced.

Many of the original stockholders have died and their securities have come into hands of those not familiar with our past. Others will have forgotten, so I outline our history briefly for benefit of all.

At the turn of the century, Alaska was appealing to the imagination as California did in forty-nine. It was a land of promise. Mr. H. D. Reynolds resolved to share in its developments. He acquired gold properties on the Kenai Peninsula for his company, the Aurora Gold Mining Company. The properties proved to have little value. This was a new land where the characteristics of its geology were yet unknown, hence, failures were certain to be numerous. But Reynolds was resourceful and energetic. He acquired copper properties and organized the Reynolds Alaska Development Company in 1905.

These properties on tidewater at Boulder Bay, Landlock Bay and at Horseshoe Bay on Latouche Island were developed and explored in the next three years, but shipping ore in quantity was not discovered. With ample funds in the Treasury, Reynolds began to expand into other channels to insure returns for his company. He secured control of a steamship line, acquired a sawmill and other commercial and industrial properties in Valdez, including hotels, a wharf and numerous city plots. He established the Reynolds Bank in Valdez and started the construction of the Alaska Home Railway, beginning at the wharf in Valdez and building northward to the interior with Fairbanks as its objective and inland terminal.

Then came trouble. The workmen on the railway encountered opposition at Keystone Canyon back of Valdez from workmen on another similar project and bloodshed resulted. Government soldiers restored order, permitting construction to continue through the Canyon. Stories circulated, a run on the Bank started with the nearest help at Seattle, a week or ten days away. The Bank was forced to close. Loyal workmen, however, agreed to keep at work on the railroad without pay to complete the twenty miles required to give a permanent right of way. But the ship with rails to complete this required mileage struck a rock on the Inside Passage near Ketchikan and was forced to return to Seattle for repairs. Thus the work came to a stop. Creditors in Valdez of the Bank, of the Railway and of the R. A. D. Co. became anxious and the first receivership resulted. In other parts of the United States the 1907 panic was on and financial help could not be secured. Finally, however, creditors permitted the receivership to be discharged, and the company authorized a bond issue of a half million dollars about one hundred thousand of which were sold to stockholders at eight. These funds were a stop gap only. Unfortunately, as we now can see, in buying up steamships and other properties Reynolds in each case left balances to be paid at future dates, and these sums could not be raised. Then came the second receivership in Seattle which developed into bankruptcy proceedings, and the future was dark indeed. There were debts of a quarter million or so against the R. A. D. Co. and almost as much more against the Railway, its creditors seeking to hold the parent company. Internal friction arose among stockholders. The crash of his plans prostrated Reynolds and he has been under hospital care most of the years since. The company faced the bankruptcy in early 1910 with an empty Treasury and with stockholders divided. The management resigned over what appeared a hopeless situation. At this point a new management, which has been in charge ever since, agreed to try to save something from the wreckage.

A composition settlement with creditors was completed late in the year, using properties, equities and about forty thousand dollars which the management succeeded in raising, and the bankruptcy was discharged, leaving the Company with its mining properties, but with little else. However, these were believed to be of large value, even if ore bodies had not yet been developed to prove it. It was now realized that funds for exploration would be hard to raise and in limited amounts, hence, the need to make the best use of possibilities.

To this end it was decided to secure the report of an engineer, based upon a thorough examination in 1911. This report recommended dropping further efforts at Boulder Bay and at Landlock Bay and concentrate at Horseshoe Bay on the Iron Mountain claims. It was known that this property contained a large body of pyritic ore, low in copper, and it was hoped that by extending the tunnels a tonnage of shipping ore might be opened up, while at the same time proving the extent of the deposit. Work was carried forward during the next five summers, closing down permanently in the fall of 1916, as the next year war was on. Upwards of a million tons of ore are in sight with probabilities of larger tonnages but of too low a grade to ship to the smelters in the States for metal values. We secured Patent of the more important claims in 1920 and awaited developments.

In 1914 a large company asked for an option on the Iron Mountain property at $200,000.00. but we declined to give it. In the light of later events this may have been an error of judgment. The war stopped use of men, money and ships on non-producing properties, and at its close the copper market was demoralized for years with the surplus resulting from the abrupt termination. Then years sped by and new possibilities began to take form. In 1932-3 we gave an option to lease to interests who proposed to utilize the high sulphur content of the ore, an average of over 43%, and their engineers examined and reported favorably late in 1933. Before plans for 1934 could be formulated, the depression had so frightened capital that new ventures were out of question. Thus matters have stood until recently when the same parties are considering a new move. The sulphur of our ores on tidewater is a cheap source for manufacture of sulphuric acid, needed in the growing paper pulp business on the west coast, competing successfully with sulphur from Texas and Japan because of transportation costs in our favor.

Partly because of this renewed interest and partly because those of us who can best work out a reorganization are getting along in years the plans to this end have been completed. There are certain things which each stockholder and each bondholder must do that the new company may issue to them stock in the new company, the name of which is an abbreviated form of the old company, namely RADCO, Inc. Send me your old stock certificates and bonds. I enclose an addressed envelope. Include a sheet on which you list number of shares and bonds you are mailing with directions for issuing the new certificates, that is, in what name or names. Type or print clearly.

Include a donation of $2.00. Those whose stocks and bonds represent an investment of fifteen hundred dollars or more should increase the donation somewhat. The money is to be used for costs of reorganization, postage, printing, stamp taxes on stock certificates, fees for the new company, legal expenses and clerical help.

It is not necessary to register your letters containing the old securities, but for safety send donations by check or Money Order. I will notify you of arrival that you may know they are not lost in the mails. Then you will please be patient until your new securities arrive for it will take me weeks to get to all. Those who hold certificates by will or inheritance, send proof of probate or other sufficient evidence. If stock has been lost, write details fully since our records may help out the situation.

In the spring, if progress is made on the leasing plans, notice will be sent you. Otherwise, when it does happen. I trust I may have the pleasure of giving you such welcome news.

Very truly yours,
M. F. Butler,
Committee of Reorganization.

Riker Properties, Inc. The Department of Insurance, Lansing, Michigan, informed us as follows on March 9, 1945:

Referring to your letter of March 2, 1945, I am enclosing you the second notice to security holders as to the impending sale of this property.

The security holders will participate not only in the proceeds of the sale at $200,000. but also in cash on hand and accounts receivable. The liquidation should net the stock $40.00 a share or a little better. There will be competition at the sale apparently, as we have $10,000 deposits from two bidders.

The fee for ten years service of the voting trustees is limited by stipulation to 5% of the proceeds, with a top of $2.50 per share. As there is more than $10,000 in cash on hand, ultimate settlement to the certificate holders should exceed $40.00. However, between $5,000 and $10,000 will be held back as reserve for tax liabilities.

Rockford, Beloit & Janesville R. R. 1943 Issue.

Rockford, Beloit & Janesville Railroad Co. Value of First Mortgage 5% Bonds Due 10/1/1930.

The Continental Illinois National Bank & Trust Company, Chicago, Illinois, informed us that this company was reorganized—the plan called for an exchange of securities whereby for each $1,000 bond surrendered holders received three shares of the new preferred and one share of common stock. On September 17, 1931 the Illinois Commerce Commission authorized the company to permanently suspend service and cease operations. Mr. Charles H. Albers, receiver, for the Central Trust Company, Chicago, Illinois, Trustee for these bonds, informed us that this account was closed in 1930. There are no funds available for these bonds, which appear to be worthless.

Rome & Clinton RR.
Press report Dec. 21, 1944:
Albany, N. Y., Dec. 21 (AP).-The Public Service Commission announced today approval of a petition for dissolution of Rome & Clinton Railroad. The action cleared the way for final disposition of the company's affairs in the courts under a plan reached between it and Delaware & Hudson and Ontario & Western Railroad Companies. Under an agreement with the D. & H., Rome & Clinton Railroad would receive payments which it would use to pay a liquidating dividend of $50 a share to its stockholders. The company has 3,455 shares of $100 par common stock outstanding, a large share of which is held by the D. & H.

Ross, John C. and Margaret K. First Mortgage Bonds Dated March 15, 1928:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on March 14, 1945:

This bond issue matured September 15, 1944 and just before that date we advised bondholders funds were not available for the payment of the principal and deferred interest but that the owners of the mortgaged property were endeavoring to obtain new financing with which to retire the present indebtedness.

Subsequently the owners made application to the R. F. C. Mortgage Company for a loan but after considerable time had elapsed were informed during the latter part of January that the existing element of distress was not sufficiently acute to warrant a loan under the provisions of the Company's lending program.

Negotiations are now in progress with an insurance company for a loan.

The new owners have continued to deposit with us the net income from the property, which, on average, shows an increase over that previously received. We have, therefore, accumulated a substantial sum of money and have concluded to pay current interest on the principal of the bonds for the six months period to March 15, 1945 at the rate of 6% per annum and to pay the deferred interest in full plus penalty interest thereon from September 15, 1944 to March 15, 1945 at 7% per annum. Accordingly, each holder of a $1000 bond will receive:

Deferred Interest	$105.00
Penalty Interest at 7% per annum from 9/15/44 to 3/15/45	3.67
Current Interest on the principal from 9/15/44 to 3/15/45 at 6% per annum	30.00
	$138.67

Holders of bonds in smaller denominations will receive proportionately less.

To obtain this payment it will be necessary for bondholders to forward their bonds to the Trustee for endorsement. This should be done promptly where possible as no additional penalty interest on the foregoing will be paid. Thereafter, the bonds will be returned. Transmittal of the bonds to the Trustee should be in person or by registered mail directed to:

Detroit Trust Company
Coupon Paying Division
201 West Fort Street
Detroit 31, Michigan.

We believe the owners are showing good faith in the matter of procuring financing and unless something occurs to cause us to think otherwise, may reasonably be given additional time for such purpose. When funds become available for the payment of the principal, or other developments of material interest to bondholders occur, we will advise you.

Royal Oil & Refining Company. A Trust Estate organized at Dallas, Texas in 1918. Our records indicate that this was a stock selling scheme promoted by A. B. Benesch & Company. The last known address was the Busch Bldg., Dallas, Texas. Mr. T. W. Sowell was listed as Vice President. The company held some leases in the Gulf Coast fields in La. in 1919. In 1922 no further trace of the company could be found. The shares in our opinion have no value.

Rutland Railroad Company. Press report Feb. 21, 1945:

Washington, Feb. 21, 1945 (AP)—A reorganization plan for the Rutland Railroad, which operates in Vermont and New York State, was submitted today to the Interstate Commerce Commission. It calls for new capitalization of $12,084,684. Present holders of common stock would be disregarded.

Under the plan, holders of Rutland Railroad's first consolidated mortgage 4½ per cent bonds due on July 1, 1941, having a total claim in principal and interest of $1,288 per $1,000 bond, would receive for each $1,000 bond $409 in new first mortgage 4 per cent ninety-nine-year bonds, and $878 in new no-par preferred stock, the valuation of which, for reorganization purposes, is established at $100 a share.

Ogdensburg & Lake Champlain Railway's first mortgage 4 per cent bonds due July 1, 1948, having a total claim of $1,287 per $1,000 bond, would receive for each $1,000 bond $491 in new bonds and $745 in new preferred stock. In addition, holders of the Ogdensburg & Lake Champlain bonds were allocated $20,000 of Rutland Transit Company stock, plus dividends of $22,000.

Rutland-Canadian Railroad's first mortgage 4 per cent bonds due on July 1, 1949, having a total claim of $1,283 per $1,000 bond would receive for each $1,000 bond $327 in new bonds and $955 in new preferred stock. In addition, there would be issued $442,529 of new no-par common stock to be exchanged on a share-for-share basis for present outstanding preferred.

The statement declared that because the company now has in excess of $1,500,000 in cash no additional funds would be necessary for the reorganization, the effective date of which would be established as of Feb. 1, 1945.

Sabine Oil and Marketing Company. Value of Capital Stock:
Incorporated in Oklahoma and lost its charter on December 15, 1930. Mr. Robert R. Lockwood, formerly President of the company, now located at National Bank of Tulsa Bldg., Tulsa, Oklahoma, informed me on May 26, 1943, that this company was wound up in 1928-1929 and the charter was forfeited in 1930. The remaining assets were used to pay creditors and there was nothing left for the stockholders. Therefore, I submit the shares as worthless as of October 28, 1945, the date of the decedent's death.

St. Louis Gas & Coke Corp. First Mortgage 6% Bonds Due 1947.

Mr. James E. Prescott, 275 18th Avenue, Paterson, N. J., wrote the following to us on November 3, 1944:

Re: St. Louis Gas & Coke Co. 1st Mtge. 6% bonds, 1947.

"I have $1,500 of the above bonds, which

Name State Date Charter Forfeited Vol.

were held by a client who was ill for many years, and did not know and was unable to deposit the above bonds by April 30, 1943, which was the time limit to receive the new securities of $200 Granite City Gen. Co. 5/1963, 10 shares of Granite City Common stock, $50 Granite City Pig Iron 5s (called at 105) and 10 shares of Granite City Pig Iron Common stock.

As I explained to you on the telephone today, the Trustee states that the final decree has never been modified, no applications having been made to open them. You said that you would list a request in your new book, to have undeposited holders advise you of any such bonds, hence this letter.

It is hoped that the present value of about 25% per bond can be recovered."

St. Louis Public Service Company. The St. Louis Public Service Company, 3869 Park Avenue, St. Louis, Mo., informed us as follows on June 6, 1946:

In reply to your inquiry of recent date, I am sorry to state that the common stock of the United Railways Company of St. Louis is of no value.

The transportation system in St. Louis underwent two reorganizations during the last two decades. The plan under which the United Railways Company of St. Louis was originally reorganized provided that the common stockholders of the United Railways Company who deposited their stock with the Reorganization Committee, had the right to purchase common stock of St. Louis Public Service Company at a price of $12.50 per share.

St. Louis Public Service Company was reorganized under a Plan of Reorganization dated December 15, 1938. Under this latter plan holders of old common stock of the St. Louis Public Service Company had the right to exchange said stock for new Class A Stock of St. Louis Public Service on the basis of one share of new Class A Stock for each seventy-five shares of common stock. This right of exchange terminated on December 31, 1945, in accordance with an Order of the United States District Court of St. Louis, No. 260, Paragraph 29 of which reads as follows:

"The Court further orders and directs that all holders of securities or stock of the Debtor shall surrender the same and receive in exchange therefor the cash and bonds, notes or stock issuable in exchange therefor on or before five years after the date of the final decree herein, and likewise the Court orders and directs that the persons, firms and corporations to whom fractional certificates for First Mortgage 5% Bonds of Twenty-Five Year Convertible Income Bonds or fractional rights for shares of Class A Stock shall be issued shall likewise present the same for exchange for First Mortgage 5% Bonds, Twenty-Five Year Convertible Income Bonds or shares of Class A Stock as the case may be, on or before a date which shall be five years after the date of the final decree herein and that if the holders of such securities and shares of stock or such fractional certificates for First Mortgage 5% Bonds or Twenty-Five Year Convertible Income Bonds or fraction rights for said shares of Class A Stock do not present the same for exchange on or before five years after the date of the final decree herein, then said holders shall have no further rights whatsoever to receive in exchange said cash, securities or shares of stock."

The final decree entered in said proceedings is dated and was entered December 31, 1940 and, therefore, all exchange rights terminated five years after said date, or on December 31, 1945.

Press report 2/9/46:

The United States circuit court of appeals in St. Louis yesterday affirmed a district court order by Federal Judge George H. Moore approving reorganization of the St. Louis-San Francisco (Frisco) Railway Company and numerous subsidiaries.

The ruling climaxed a twelve-year reorganization plan following the railroad's petition of bankruptcy in May, 1933.

In its opinion the court overruled contentions by the debtor railroad company and two minor complaints that stockholders and unsecured creditors should be given an equity in the reorganized railroad.

Press report 11/12/44:

A committee acting for the stockholders of the St. Louis Southwestern Railway Company filed Appeals for the Eighth District a motion asking for a stay of the appeal in the reorganization proceedings of that road pending developments in the suit under the Sherman Anti-Trust Act filed last August by the Government against the Association of American Railroads, forty-seven Western roads and important banking interests here.

"The Government suit constitutes a new development in the affairs of St. Louis Southwestern," Walter E. Meyer, an attorney and chairman of the committee, said. "It has been my contention for many years that St. Louis Southwestern's earnings have been impaired and its assets wasted by reason of the control exercised over it in violation of the anti-trust laws."

Mr. Bloomfield informed us as follows on March 1, 1945: "The above company is inactive and may be considered at the present time to be worthless. There is, however, some possibility that it may in the future be reorganized and brought into production if the price of silver should increase to, roughly, the 80-cent level. There is a substantial body of low-grade silver ore on the property which would have some commercial value under these circumstances."

San Mauricio Mining Co.—Marsman affiliate: altho the buildings were damaged, the equipment on the surface is in fair condition. One year may be required to put the mine into operation.

Coco Grove Inc.—This placer operation employed two dredges with a combined capacity of 200,000 yards monthly. One of the dredges has been completely wrecked and the other is badly damaged; the machine shop has been destroyed. Operations can begin as soon as the dredges can be repaired or replaced. Reserves are enough for five years work.

Scully Development Company (Certificates of Deposit for First Mortgage 6% Bonds Dated Sept. 1, 1927).
The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 28, 1945:
Subsequent to the last information which you received regarding the status of this bond issue, sufficient funds have accumulated with the Trustee for the benefit of all Bondholders to warrant the immediate distribution of a 5% principal liquidating dividend.
Therefore, if you are still the owner of a Certificate of Deposit you may secure your distribution by presenting said certificate to the Detroit Trust Company, Detroit, Michigan, 201 West Fort Street, to the attention of the Reorganization Division on the first floor for endorsement whereupon your Certificate will be returned to you with a check in the amount of $50.00 for each $1,000.00 bond represented thereby.
After payment of the aforementioned 5% dividend there will have been paid $350.00 or 35% on the principal of each bond of an original par value of $1,000.00 leaving 65% or $650.00 principal still owing thereon in addition to the accrued interest.

Scully Development Company.

740 Park Avenue Corporation. Incorporated in New York. Mrs. James T. Lee, Vice President of the corporation, located at 18 Pine Street, New York City, informed us on March 30, 1945, that the Metropolitan Life Insurance Company holds the mortgage on their property. The principal of the mortgage at the present time is twice the value of the property. In addition, the arrears of interest would wipe out the corporation at the present time if the Metropolitan wanted to foreclose. Under the circumstances, the stock of the corporation has no value and probably will never have any value.

The following notice was sent to stockholders on Feb. 22, 1945:

The annual meeting of the shareholders of Shelbourne Hotel Company at which the shareholders are to approve of the payment of a liquidating dividend of $.54 per share out of paid-in surplus is set for March 6, 1945. The directors have already approved the payment of a regular dividend of $.46 per share. 66⅔% of the shareholders must be represented at the meeting, either in person or by proxy, and approve the liquidating portion of the dividend; otherwise that portion of the dividend cannot be paid. As yet no proxy has been received from you. If you wish to cooperate with the large number of the shareholders who want the total dividend of $1.00 per share paid and who have already sent in their proxies, please sign and drop the enclosed postal card in the mail at once.

Your prompt attention to this matter will aid in the payment of the liquidating portion of the dividend.

Shelby Iron Company. Incorporated in New Jersey. The last known officers were:
President: M. W. Bush, Birmingham, Ala.
Vice Pres: H. Hammond, Birmingham, Ala.
Treasurer: J. G. Hendrick, Shelby, Ala.
The corporation was dissolved by action of its stockholders December 10, 1930. The Tax Assessor of Shelby County, Columbiana, Ala., informed us on May 28, 1945, that the Shelby Iron Company still owns its property at Shelby, Ala.

Shelby Iron Company (NJ). Supplementing our previous report, Mr. H. L. Morrow, President of the company, located at Shelby, Alabama, informed us as follows on June 21, 1945:

"Replying to yours of the 31st of May, The Shelby Iron Company has not operated in a good many years; in fact, all of the plant has been dismantled and sold, the proceeds being applied to the indebtedness. They still own some acreage of cut over timberlands but the value is not sufficient to cover the remaining debts. Therefore, under the present conditions, we do not consider the stock has any value."

Following contained in a letter from Securities Commissioner: "We have checked the records of the Sec. of State and find that this co. is still in legal existence. Its present address is c/o Mr. C. W. Savery, who may be addressed at the Terminal Station, Denver, Colo." The following was contained in Mr. Savery's letter: "I would suggest that you write direct to the Sierra Mushroom Co., at Soquel, Calif., and get them to send you their balance sheet. I do not have one here that is recent. There is very little market for the stock. As a matter of fact the co. is undergoing a reorganization, the details of which your client has undoubtedly been advised of."

Silver Cable Mining Co., Missoula, Montana.
Press report March 26, 1945:
Wallace, Idaho. — Some confusion has arisen because of the existence of two Silver Cable companies.
The Silver Cable Mining Co., C. A. Barnes of Missoula, Mont., secretary, is the owner of the Silver Cable mine on the Montana side of the Bitter Root divide about eight miles east of Mullan, Idaho. The property currently is under lease to the Hecla Mining Co.
The Silver Cable Mining Co. Inc. of Idaho was incorporated in 1934 and for a time operated Silver Cable ground in Montana under the leadership of G. W. Ringle of Kellogg. It is understood that this latter concern failed to fulfill the terms of the option and internal troubles developed in 1937. The property then reverted to the Silver Cable Mining Co. of Missoula and was operated by Federal Mining & Smelting Co. and Walla Walla Leasing Co. until its acquisition by Hecla early in 1942. Recently the owning concern, Silver Cable Mining Co. of Missoula, paid a 1c dividend.

Silver Shield Mining & Milling Co.
The Bingham-Galena Mining Company, which changed its name to Park-Bingham Mining Company, bought the property and took over the indebtedness of the Silver Shield Mining & Milling Company in 1921 for 300,000 of their common stock. The common stock of this company is assessable. The last assessment No. 17 of 1c per share was delinquent October 1, 1929. As you hold stock of Silver Shield Mining & Milling Company that was exchangeable for stock of the Bingham-Galena Mining Company, the shares could not have any value now for the shares were forfeited when the assessments were not paid. The shares are worthless.

Sloan, Henry J. Certificates of Deposit for 6% Bonds Dated April 16, 1928.

The Detroit Trust Company, Detroit, Michigan, informed us as follows on November 25, 1944:

We are now in a position to make the final distribution of $80.00 per $1000.00 bond of this issue.

The real estate which was security to the mortgage was lost in the State of Michigan for unpaid taxes. Mr. Sloan is deceased and left no estate, so there is no chance for further recovery. Therefore, after this payment, the bonds will be of no value, and we propose to retain the certificates and cancel the bonds.

Smith, Alfred H. Title Bond in the Amount of $3,000. from Alfred H. Smith to J. F. Condon Covering Certain Mining Property in Summit County, Colo.

The Tax Assessor of Summit County, Breckenridge, Colorado, informed us on Nov. 13, 1944, that the property assessed to J. F. Condon in the Spalding Mining district was the Rankin Placer, Survey No. 1364. This placer is now owned by the B & B Company, Inc., 824 Equitable Bldg., Denver Colorado, in care of Richard Downing. It appears that J. F. Condon took possession of the property in 1911 or before on the strength of the Title Bond and later disposed of the property. The Title Bond is therefore worthless.

Smith, Alfred H., & Co. This company was reported to have been located in New York City. We found no record of this company for over 25 years, and therefore, believe it ceased to exist many years ago. Any outstanding Notes are therefore, worthless.

Southwest Metals Co. (Del.) 1943 Issue.

Southwest Metals Company, (Delaware). Mr. Bernard A. Clark, President, Ford Bldg., Detroit, Michigan, sent the following notice to us on April 23, 1946:

To the Stockholders of the Southwest Metals Co.:

It is desirable at this time that the stockholders be apprized of the status of your company since it was rehabilitated at the meeting held on the 18th day of December, 1942, by the present officers and directors. Having been advised by the former management that the company could only be profitable if the price of copper would bring 17 cents a pound, and it appearing that a second World War was inevitable, the time had arrived to start operating the mine in such a way that would not require a large capital.

With this in view, the directors advanced funds to enable the company to operate in a way as it was, than determine to make a profit for stockholders. After consulting experienced men in the mining business, it was decided to lease the property on a royalty basis, which required finding a reputable company to start operating.

It can readily be understood that this required time and expense; however, with the assistance of parties in charge of vital metals for successfully carrying on of war, we were able to negotiate a lease with a company with years of mining experience, which was able to enter into a lease on a royalty basis.

The officers of your company, after obtaining a project from the War Production Board to entitle the mine to premiums that the U. S. Government was paying, were successful in finding a responsible company, but the lessee, after fourteen months of operation, concluded that the lease would have to be cancelled. Since the cancellation a new lease has been entered into with another party.

Owing to the fact that the company had forfeited its charter in the State of Delaware, and the real estate taxes had been allowed to accumulate for upwards of five years, immediate cash was imperative to hold the only asset of the company, which consisted of its acreage and mining claims in the State of Arizona.

The directors advanced approximately $10,000.00 in protecting the company's interest and they now have decided that the company cannot operate on a royalty basis with any expectation of showing a profit. It has therefore been recommended that the property, which consists of "All of the Assets" of the company, be sold at either private or public sale, for the best price obtainable, in order to liquidate the above obligation to its directors and dissolve the corporation under the laws of the State of Delaware.

Should this course be disapproved by the stockholders, other means shall be considered which may be deemed to be to the best interest of the stockholders.

Spaulding, Chas. K., Logging Company. First Mortgage 6% Bonds Dated Oct. 1, 1925.

The Detroit Trust Co., Detroit, Mich., informed us as follows on October 27, 1945: As you have been advised heretofore, the maturity of the above bonds was October 1, 1945. Scrip attached thereto and detached scrip likewise matured on the same date. Funds were not deposited with us to pay such obligations in full. The outstanding principal of bonds amounts to $466,500.00, with an accrual of interest of $391,860.00 on such principal amount of bonds represented by scrip attached thereto. This scrip is equal to the interest for the period from October 1, 1931 to October 1, 1945 at the rate of 6% per year. In addition to such principal and scrip there is unpaid detached scrip in the face amount of $52,140.00, which is equal to the interest from October 1, 1931 to June 30, 1945 at the rate of 6% per year on $63,200.00 par value bonds, the principal of which was called for payment as of June 30, 1945. The total indebtedness for principal of bonds and for scrip as of October 1, 1945 is $910,500.00. Interest accrues on the bonds and scrip after 10/1/1945 at the rate of 6% per annum. The Chas. K. Spaulding Logging Company has recently deposited with us the sum of $121,968.75. Under the provisions of the Supplemental Agreement of March 22, 1937, 79% of such sum is applicable to the above bond indebtedness as a pro rata partial payment on the principal of the bonds. Accordingly there is now available the sum of $200.00 as a payment upon the principal of each $1,000.00 par value outstanding bond, with proportionately smaller amounts available for bonds of smaller denominations. This sum will be paid to the registered owner of each bond upon

Name State Date Charter Forfeited Vol.

presentation thereof for endorsement of such payment. Interest on the portion of each bond represented by the above distribution will cease to accrue as of November 10, 1945. Accordingly bonds should be presented without delay to the undersigned in person or by mail. If mailed they should be sent for the attention of the Reorganization Division, or if presented in person, at Window No. 9 or 10 on the first floor.

Bonds not conformed to the 1937 Plan of Reorganization must be conformed prior to receiving the above payment. Certificates of Deposit for bonds must be surrendered, the conformed bonds represented thereby obtained, and the payment will then be made on the bonds. The undersigned will advise, upon inquiry, the steps necessary to have bonds conformed or to surrender Certificates of Deposit.

Because the bonds and scrip matured on October 1, 1945 a formal letter of default with demand for payment, a thirty-day notice of which is provided in the Trust Mortgage, was sent to the Mortgagor by the Trustee on October 3, 1945. As further matters of importance develop, bondholders will be advised thereof.

Splitdorf-Bethlehem Electrical Co. 1943 Issue.

Splitdorf-Bethlehem Electrical Company. Mr. H. H. Eckert, Secretary of Trustees in Dissolution of the Splitdorf Electrical Company, formerly Splitdorf-Bethlehem Electrical Company, reported on February 10, 1936, that the company was dissolved on August 19, 1932 and was in the process of liquidation. It was the opinion of Mr. Eckert at that time that there would not be sufficient assets to pay in full the claims of the creditors and debenture holders, so that there was no likelihood of any liquidating dividend for the common stockholders. The liquidation was subsequently completed and there were insufficient funds to pay the creditors, leaving no cash distribution to the common stockholders. However, on July 11, 1932, the Edison-Splitdorf Corporation, now located at West Orange, N. J., made the following offer: Each holder of twenty shares of common stock of Splitdorf Electrical Company shall receive one share of the common stock of the Edison-Splitdorf Corporation. Fractional warrants for stocks and rights were issued for less than twenty shares, said warrants expired December 1, 1932. The expiration date was extended to December 1, 1938.

Splitdorf Electrical Company.

Trustees in Dissolution
of
Splitdorf Electrical Company
West Orange, New Jersey
February 10, 1936

Information for holders of Debentures and/or Common Stock of Splitdorf Electrical Company (formerly Splitdorf-Bethlehem Electrical Co.).

The following is submitted in answer to various inquiries which have been received: The Splitdorf Electrical Company, formerly Splitdorf-Bethlehem Electrical Company, was dissolved August 19, 1932 and is now in process of liquidation by former directors acting as Trustees in Dissolution. As the liquidation goes forward dividends will be paid to the general creditors (including debenture holders) in proportion to their respective interests. It is the opinion of the undersigned that the proceeds of the liquidation will not be sufficient to pay in full the claims of the creditors and debenture holders so that there is no likelihood of any liquidating dividend for the common stockholders. Inasmuch as the company has been formally dissolved transfers of common stock on the books of the company cannot be made.

There was no exchange of the debentures or the common stock of Splitdorf Electrical Company for stock in Edison-Splitdorf Corporation. However, the latter corporation (which purchased the going assets of the former) made an offer dated July 11, 1932 from which the following quotation is made:

"(a) Each holder of $100 par value of debentures (of Splitdorf Electrical Company) shall receive two shares of the common stock of Edison-Splitdorf Corporation . . .

"(b) Each holder of twenty shares of common stock (of Splitdorf Electrical Company) shall receive one share of the common stock of Edison-Splitdorf Corporation . . .

"(c) Fractional warrants for stock and rights will be issued for less than twenty shares, said warrants to expire December 1, 1932."

As a matter of information the expiration date mentioned in (c) has been extended to December 1, 1938. If any holder of debentures or common stock of Splitdorf Electrical Company has not availed himself of this offer and wishes to do so, please write to F. C. Erwin, Secretary, Edison-Splitdorf Corporation, West Orange, N. J.

Respectfully submitted,
H. H. Eckert,
Secretary for Trustees in Dissolution of Splitdorf Electrical Company.

P. S. Since the date of the above letter the liquidation of the assets has been completed, and there were insufficient funds to pay the creditors. For this reason there was no money for distribution to the common stockholders.

Springbrook Country Club, Morristown, N. J. The Morristown Trust Co., Morristown, N. J., informed us as follows on June 10, 1946:

"Replying to your inquiry of June 6, 1946 in regard to the stock of the Springbrook Country Club, Morristown, N. J., we presume your client holds scrip as the Club never issued any stock. It was originally required that a new member purchase $250. in scrip upon receiving his membership. This scrip has no quoted value and is not paying interest. However, the Club itself has been offering to redeem from time to time the certificates at 1% of their face value. If your client has any interest in doing this, you may refer him to Mr. McClausland, Treasurer, Springbrook Country Club, Mt. Kemble Avenue, Morristown, N. J.

Standard Gas & Electric Co.
Press report Nov. 19, 1944:
Philadelphia, Nov. 19 (UP).—The Securities and Exchange Commission today approved the recapitalization plan of Standard Gas & Electric Co., which calls for issuance of 5,020,134 shares of new common stock, the sale or dissolution of Louisville Gas & Electric Co., Kentucky, and merger of Standard Gas & Electric with the Philadelphia Company, Pittsburgh.

Under the approved plan, Standard will issue the new common stock and retire its outstanding prior lien stocks. Ninety-five per cent of the new stock will go to holders of the company's $7 and $6 prior lien preferred.

The distribution calls for issuance of 10½ shares of new common for each share of $7 prior lien; 9 shares for each share of $6 prior lien and one-third share for each share of $4 prior lien preferred.

The commission held that present holders of common stock have no equity and are not entitled to participate under the plan.

Avenue, New York City, informed us as follows:

Auditors' Certificate

To the Stockholders of
Standard National Corporation
in Liquidation

The books and records of the Standard National Corporation and its wholly owned subsidiary were audited for the year ended December 31st, 1944, and we present the statements attached with accompanying comments:

Cash in banks was confirmed by direct communication with depositors. Mortgage Loans and Real Estate Owned were verified by examination of mortgages, deeds, tax bills and related papers. Securities were examined for those on hand and by communication with brokers for those held in safekeeping. The corporation is the beneficiary under life insurance policies having a face value of $280,000.00 on the life of its president.

Pursuant to a resolution adopted by the stockholders on October 5th, 1944, the company went into liquidation. The common stock held in the treasury was retired. An initial liquidating dividend of $10.00 per share payable in cash was paid on October 9th, 1944.

A special meeting of stockholders was held on December 27th, 1944 amending the plan of liquidation approved on October 5th, 1944, permitting the company to distribute its assets in cash or kind. A second partial liquidating dividend in kind was declared payable on January 2nd, 1945. This dividend consisted of marketable securities costing the company $296,307.00 and having a market value of $633,336.50.

All liabilities were verified by direct communication with creditors, and were accrued on the financial records prior to the preparation of this report. A reserve for Federal Income Taxes and State Franchise Taxes on 1944 income has also been set up. We hereby certify that, in our opinion, the Consolidated Balance Sheet and Consolidated Statements hereto attached correctly reflect the financial position of the company as at the close of business, December 31st, 1944, and the operations for the year ended December 31st, 1944.

"The Standard Lithographing & Printing Company which was the successor of the Standard Printing Company went into the hands of a receiver in 1932; was operated under the receivership by myself until September 1936, at which time I gave it up as a hopeless job, as the receiver liquidated the assets of the corporation realizing enough to take care of the labor claims and a very small percentage of the creditor claims, but there was nothing for the stockholders. If you care for any corroborative information, you could write to Mr. M. S. Stringer, c/o Dunn & Stringer, Empire Bank Bldg., St. Paul, Minn., who was the receiver."

Standart Brothers Hardware Corporation. The Detroit Trust Co., Detroit, Michigan, informed us as follows on October 25, 1944: The final "Fiduciary Income Tax Return" has been prepared and filed with the Collector of Internal Revenue in Detroit, Michigan, covering the operation and sale of the trust property, and being for the period January 1, 1944 to September 30, 1944. The return reflected a net profit of $1,841.13 which results from an operating profit of $5,315.93 from operation of the property and a loss of $3,474.80 on the sale of the property. A list of the former Certificate of Beneficial Interest holders has been filed with the return.

The distribution to former certificate holders in 1944 from operation and sale of the property in the amount of $9.70 per unit is classified as follows:

(a) Net profit—11 cents per unit.
(b) Return of Capital—$9.59 per unit.
(a) Net profit—11 cents per unit.

As we understand the attitude of the Treasury Department, the distribution should be treated by the former certificate holders in their 1944 Income Tax Returns as follows:

Item (a) above should be reported as income from fiduciary.

Item (b) above represents a return of capital of which the amount that exceeds the cost basis of the certificate formerly held by a certificate holder is subject to income tax.

State Land Realty Corporation. First Mortgage 6% Bonds Dated May 1, 1928 or Certificates of Interest in State Land Realty Corporation Liquidation Trust:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 27, 1945: Sufficient funds have been accumulated by the Trustee to pay a further dividend of $8.00 per unit to holders of registered Certificates of Interest. This is on the basis of $80.00 per $1,000 bond. This is Dividend No. 7 and makes a total liquidation to date of $36.00 per unit. Because the income tax status of the trust has not been determined, it is necessary that $1,370 be set aside in reserve to cover possible claims for income tax.

If you are the owner of a Certificate of Interest you will find enclosed a check representing a distribution of $8.00 per unit on the units registered in your name on the books of the Trustee.

Holders of bonds and Certificates of Deposit should forward them to Detroit Trust Company, attention of Depositary Department, to be exchanged for Certificates of Interest so that the liquidating dividends can be paid thereon.

Practically all of the subdivision lots have been liquidated, but it is expected that a small additional dividend can be made when liquidation has been completed.

Some liquidation of the trust property was made in 1944 and 22.7% of the distribution now available to holders (or $1.82 per unit, or $18.20 per $1,000 bond) represents proceeds of sale within that year and the balance thereof out of proceeds of sales in prior years. With respect to the Fiduciary Income Tax Return being filed by the Trustee for the year 1944 for the trust, the portion of the distribution allocable to the year 1944 is being treated by the Trustee as though the distribution had actually been made as of December 31, 1944. This action is based upon Section 162(d) of the Internal Revenue Code. The Trustee is advised by counsel that from a holder's viewpoint the treatment of the distribution depends upon a holder's own cost basis, the amount now available to him to be applied against his own cost for the bonds or units he holds.

As soon as the income tax questions of the trust have been determined (and that may not be until approximately three (3) years from date), any unused portions of the income tax reserve will be made available for distribution to holders along with funds derived from liquidation of the few remaining lots.

State Title & Mortgage Co. Incorporated in New York State. This company was placed in liquidation by the Superintendent of Insurance on February 28, 1935, and the present indications are that the assets of this company will not liquidate to an amount sufficient to pay the allowed claims of creditors, which must be paid in full, together with interest, before any consideration can be given to the claims of the stockholders. As far as we know the Commissioner of Internal Revenue has not given any formal ruling as to the year in which they considered the stock of this company to have become worthless. However, in the case of other title and mortgage companies in liquidation, they have held that the stock became worthless in the year that the company was placed in liquidation by the Superintendent of Insurance.

Bonds Dated Sept. 1, 1928.

The Detroit Trust Co., Detroit, Mich., informed us as follows on Oct. 30, 1945:

Pursuant to the request of the holder of $147,000 par value of bonds out of $150,000 outstanding, the foreclosure sale was advertised for August 1, 1945 as stated in our letter of June 28, 1945. Subsequently the sale was postponed and was finally held on August 22, 1945. At the sale the property was purchased by the above holder for the sum of $58,686.19 subject to unpaid taxes.

The Report of the Circuit Court Commissioner provides for the distribution to remaining bondholders of their cash pro-rata share of the proceeds of the sale at the rate of $370.00 per $1,000 bond and in like proportion on $500 bonds. To receive this distribution the March 1, 1931 and all subsequent coupons should be attached to the bonds.

At the same time holders will also receive a payment at the rate of $29.82 per $1,000 bond representing the pro-rata share of income available at the date of the foreclosure sale.

Accordingly, if you will forward your bond to the attention of the undersigned, these two cash distributions will be made promptly. Suitable endorsements will be made on the bond which will then be returned to you with the check.

At the expiration of the redemption period, which will end February 22, 1946, a further distribution, representing the pro-rata share of income received during the redemption period, will be made to bondholders. Unless you receive advice to the contrary, you should again forward your bond to the attention of the undersigned on or about March 1, 1946 and this further distribution will then be made.

Straughan Petroleum Company. Incorporated in Arkansas on June 28, 1919 and was located at Camden, Arkansas. In 1920 it was reported that the company held leases near Camden, Arkansas. In 1925 no further trace of the company could be found. The company lost its charter on July 5, 1927. We found no value to the stock, which we believe to be worthless.	
Straus, S. W., Investing Corporation. Incorporated in Delaware on January 11, 1929 and lost its charter in January, 1936. Straus & Blosser, 135 S. La Salle Street, Chicago, Illinois, informed us on April 29, 1946, that the above company went into receivership in 1933, and all of the assets were used to satisfy creditor's claims. The stock, therefore, is worthless.

Struthers Ellsworth's motion asking for an injunction to restrain Strutwear Knitting Co., Inc., from merging with Manufacturers' Holding Co. was denied in an order filed in District Court by Judge E. A. Montgomery. Although the order can be appealed, no such action has been instigated as yet by Bermann Richards, attorney for Mrs. Ellsworth. Strutwear has not yet filed merger agreement with the secretary of state. As noted, Mrs. Ellsworth had alleged that the proposed merger would change and impair her voting control powers as majority holder of Class B stock. The case was heard on Oct. 2.

Syndicate Properties, Inc. First Mortgage 6% Serial Bonds Dated May 1, 1928: The Detroit Trust Co., Detroit, Michigan, informed us as follows on March 13, 1945: Subsequent to our letter dated January 25, 1944, sufficient funds have accumulated to warrant a distribution to Bondholders of 2% or $20.00 on each $1,000.00 bond in the form of a principal liquidating dividend, making a total liquidating payment of 27% or $270.00 on each $1,000.00 bond.

Therefore, to the holders of Certificates of Deposit representing bonds of this issue, we are enclosing a check in the amount of $20.00 for each $1,000.00 bond represented thereby according to the records of the Depositary.

If, however, you are still the owner of an actual bond, you may secure the aforementioned distribution by submitting your bond to the Detroit Trust Company, 201 West Fort Street, Detroit, Michigan, in care of the Reorganization Division, Windows No. 9 or No. 10 on the first floor, whereupon your bond will be endorsed and returned to you accompanied by a check in the amount of $20.00 per each $1,000.00 bond presented. The bonds represented by Certificate of Deposit will likewise be endorsed.

Taft Midway Oil Company. Incorporated in California. A letter addressed to the company was answered by A. M. Keene, Publisher of the Daily Midway Driller, of Taft, California, on May 16th, 1945 as follows: "Replying to your letter of May 3rd relative to the Taft Midway Oil Company, will say there is quite a divergence of opinion relative to the forfeiture or non-forfeiture of this stock. One faction of the company says it is and some say it is not. Some day there will be a real decision. Personally I do not believe the stock was forfeited, or whether it was not forfeited means little. I would sell to anyone any part of 50,000 at 2c a share, all of which means it is nothing worth fighting over. If you should have any other questions relative to this stock, may I ask you to tell us the name of your client and how much stock he holds."

Taylor, Alex, & Company, Inc. Incorporated in New York State, and is engaged in the sporting and athletic goods business at 22 East 42nd Street, New York City. The company informed us that the preferred stock has earned nothing in the last 14 years and have paid no dividends on the stock since 1931. The company did state that some stock was sold about November 16, 1943 at $5.00 per share. Brokers quoted the stock about the date of death at 1 bid, 6 asked. In view of the sale at $5.00 per share, I submit $5.00 a share as a fair value for the preferred stock as of November 16, 1943, the date of the decedent's death.

Taylor-Brothers Company. Incorporated in Michigan on August 18, 1904, and filed Notice of Dissolution on August 1, 1921. The Detroit Trust Company, Detroit, Michigan, informed us as follows on April 9, 1945: ". . . you are informed that after further investigation we find that the Union Trust Company became Trustees for the Second Mortgage Bonds in 1913, which bonds covered property located in Battle Creek, Michigan. The first mortgage covering the property was foreclosed and bid in by the Federal State Bank of Detroit on January 13, 1917, apparently without any distribution being made to holders of second mortgage bonds. The trust was closed in 1917 prior to the writer's association with the Trust company, and the bank referred to has long since been out of business."

In view of the above, we believe the bonds are worthless.

Telegram Realty Corporation. N. Y. 1937.
Telegraph Hill Railroad Company.
Incorporated in California on May 13, 1882, and lost its charter on December 14, 1905. We found no record of this company in the California Railroad Commission books dating back to 1882. We do not believe the road ever functioned. Although the company did not lose its charter until 1905, we do not believe the State of California started to cancel charters until 1905. The shares in our opinion have no value.

Texas Petroleum Co. Schimmel Income Sharing Interest (Under Texas Petroleum Co. Operation Management). Incorporated under the laws of the State of Texas, with V. G. Schimmel, Pres., Smith-Young Tower, San Antonio, Texas. Steele & Co., Fair Bldg., Fort Worth, Texas, in a letter in answer to our inquiry as to the value of the stock said, "For a number of years past there has been practically no active market for either Texas Petroleum Co. stock or Schimmel Income Sharing Interests, but during that time we have liquidated some of the stock and a few of the interests for out of town clients on a net basis to the seller of 3c per share for the stock and $1 each for the interests less the usual Federal Revenue stamp tax. Inasmuch as there are no firm bids in the market, we are not in a position to definitely submit you a bid on the basis of prices mentioned above but we are reasonably certain that we can liquidate your holdings at those figures if given a firm selling order. If you decide to sell, we would suggest that the securities properly endorsed and witnessed in blank, be forwarded to us and we will then endeavor to effect prompt sale and remit the proceeds to you."

A company of the same name was incorporated in Rhode Island on April 5, 1944 at 4:45 P. M. Mr. J. Allen Harlan and Emery W. Lothrop, receivers for the T. F. M. Corporation informed us on August 28, 1945 that all the assets have been turned into cash except the claim against the Treasury Department for rebate on taxes due to the loss on the sale of fixed assets. As to the value of the stock, total liquidating dividends of $110. per share has been paid on the preferred stock, and the possibility of a further dividend will depend entirely upon any action toward refund by the Treasury Department.

Theiolythe Company. Incorporated in New York on August 7, 1915 and lost its charter in 1929. The incorporators were:
Ulrich Weisendanger, 158 Nepperhan Avenue, Yonkers, N. Y. Edward Holmes, 119 Locust Hill Avenue, Yonkers, N. Y. Frank H. Davis, 167 Woodworth Avenue, Yonkers, N. Y. Samuel H. Gaskill, Mount Holly, N. J. Louis C. Wedgefuth, 5 Speedling Place, Yonkers, N. Y.
The attorney for the corporation was Edwin A. Root, 38 Park Row, N. Y. C. We found no trace of Mr. Root.

Theiolythe Company. Supplementing our previous report, Mr. Weisendanger, informed us that this company owned a blood medicine called "Sulfosol". He understands that the company went out of existence some years ago. Mr. Weisendanger stated that the assets of the company were sold and what became of the proceeds he does not know, not having been a stockholder. With the assets sold and the company out of existence, and all of the officers dead, we do not see what could be done at this time. It might be possible to find out in Washington if anyone is using Sulfosol today.

39 Broadway Inc. This corporation, located at 551 Fifth Avenue, New York City, reported the following on January 25, 1944: Footnotes appearing on recent annual financial statement of 39 Broadway Inc., set forth information concerning an action commenced on December 29, 1939, under the Burchill Act to foreclose the mortgage covering the property known as 39 Broadway and a plan of reorganization proposed in connection therewith. The above referred to foreclosure action has been completed, amended plan of reorganization has been duly approved and adopted and on December 31, 1943, title to the property was conveyed to a new corporation known as Broadway-Trinity Place Corporation, which corporation is located at 39 Broadway, New York City, and was organized to acquire title to this property for the exclusive benefit of the mortgage bondholders. Accordingly, 39 Broadway Inc. and its stockholders no longer have any interest whatsoever in the property referred to. Judge McLaughlin ruled that there was no equity in the property for the stockholders over and above the mortgage, and he ordered the plan to be amended so as to completely exclude the stockholders of 39 Broadway from any participation in the reorganization. The remaining assets of your corporation, 39 Broadway, Inc. consist almost entirely of some cash which as of December 31, 1943, amounted to $107,229.18., which will be available for the benefit of the stockholders of 39 Broadway, Inc.

Tin Corporation, Limited. Incorporated in Delaware on July 26, 1925, and filed Consent to Dissolution on February 26, 1936. Mr. G. F. Thompson, Secretary of the company, located at 60 East 42nd Street, New York City, informed us that the company owned a tin mine in Bolivia. The mine was confiscated and transferred to another. This company was a subsidiary of Golden Center Mines, which went into Mining & Development Co. Mr. Thompson informed us that if a claim is filed against the Bolivian Government something may be claimed for the mine. If successful the stockholders may realize something on their stock. We suggest that you place your name with Mr. Thompson as a stockholder.

Tom Lawson Shelby County Trust. Capitalization 5,000 Beneficial Units, Par value $1. This Trustee, by virtue of the relationship created by the assignment of the property to this Trust under Article 7425c R. S. of 1925 of Texas, signs & issues this Certificate as evidence of the Unit Interest herein conveyed on the 29th day of Oct. 1936. County Clerk of Shelby Co., Center, Texas, informs us that these trust certificates are of no value whatsoever, according to several lawyers' opinions who have been connected with the oil situation there. The Co. Clerk also referred us to Judge D. R. Taylor, who does considerable abstract work, and C. A. Parker who has been connected with oil leasing there for a number of years, who might be able to supply us with other information.

Travelers Insurance Machine Company. Incorporated in Arizona on May 8, 1909 and has failed to file reports since then. The officers were S. T. Castleman and Wm. B. Thomas. We found no trace of the officers nor any record of the company's operations. Due to the fact that the company did not file a report in 1910, we believe it went out of business that year. The company's charter expired by limitation on May 8, 1934. We believe the shares are worthless.

Tri-Bullion Corporation 7-8M

Tri-Bullion Corporation. Incorporated in Delaware and is located at 576 Fifth Avenue, New York City, in care of Dr. W. H. Colburn. Dr. Colburn informed us on June 18, 1940, that the company owed many years taxes on the property, and unless metal prices improved, the property would be sold for taxes. The property was appraised for $50,000 in 1915. Dr. Colburn stated in 1940 that if the property could be sold for $50,000 nothing would be realized by the stockholders after paying taxes, amounts owed to officers of the company and costs of liquidation. The mine was filled with water in 1940, and it was estimated that it would cost from $3,000 to $4,000 to drain all of the water out. In view of the above, we believe the shares were worthless as of October 24, 1940, the date of the decedent's death.

As of April, 1946, the company paid off a mortgage of $1,000 on its property in New Mexico, and is enjoying an income from the mine of about $75 per month. Sales of the stock have occurred in recent years at ½c per share.

Tri-Bullion Smelting & Development Company 8M

Tri-Bullion Smelting and Development Co. Value of Capital Stock, Par Value $5.00. Incorporated in Arizona. The property of this company was acquired by the Tri-Bullion Corporation, and the stock was exchanged share for share. The shares of Tri-Bullion Corporation have all been distributed, and therefore, the shares of Tri-Bullion Smelting & Development Company have no further value, and were worthless as of October 24, 1940, the date of the decedent's death.

Twin States Natural Gas Company. The Elk River Company, Union Bldg., Charleston, W. Va. informed us as follows on January 19, 1946:
"Referring to your letter of December 3rd, with regard to the securities of Twin States Natural Gas Company, also Hillcrest Natural Gas Company and Northeastern Natural Gas Company. For your information beg to advise that the Twin States Natural Gas Company was put into Receivership in 1931 and the Hillcrest Natural Gas Company was a reorganization of Twin States and took over their properties in the year 1932 and the Hillcrest and Northeastern Natural were consolidated in 1936 and continued operation under the name of Northeastern Oil & Gas Company. The latter company went thru Receivership and was liquidated as of July 1, 1942. The only securities that would have any value would be the 6% First Lien Bonds of Northeastern Natural Gas Company. If any of these are held they should be forwarded to the Colonial Trust Company, New York, N. Y., for payment, all of the other securities are worthless unless a claim was filed with the Receiver."

212Fifth Avenue Corporation. Incorporated in New York in 1925 and was dissolved in December, 1941. The following is a copy of a letter sent out by the President of the corporation dated July 7, 1938: "As you know, the sole asset of the corporation was the property located at 212 Fifth Avenue, New York City. For the past several years the value of the property has been steadily declining. It is a twenty story office building over 25 years old and, although favorably located, has experienced increasing difficulty in meeting the competition of the modern office buildings erected in recent years in the midtown zone, offering space at unbelievingly low prices. The structure was

consistently maintained in good physical condition, operated with the utmost economy, and tax assessment reductions obtained annually, but continuous efforts to get the mortgage interest rates reduced were futile in the absence of cash to offer in settlement of the accumulating arrears. Eventually the annual income became barely sufficient to pay operating costs and taxes, leaving nothing for first mortgage interest. On August 1, 1934, because of existing defaults in the payment of interest, the Metropolitan Life Insurance Company, holder of the first mortgage, requested the oral assignment of rents. On September 4, 1936, a formal written assignment had to be executed. Under these conditions and since August 1, 1934 the mortgagee had virtually complete control. Early this year, it began foreclosure proceedings, obtained judgment, and on June 30, 1938, bid the property in at public auction. This renders your investment completely valueless, except as to the below. On July 30, 1934, when the Metropolitan Life Insurance Company first began receiving the rents under the assignment, the books of the undersigned showed the following: Balance rent proceeds in hand of agents, $4,964.48, and Cash balance in bank of $306.96, or a total of $5,271.44. To close out this balance, we have arranged that $71.44 be applied in final settlement of pending legal and accounting charges, that the final balance, $5,200.00, representing 1% of the outstanding notes of the undersigned, be distributed to each noteholder as a 1% payment on account of the interest due and unpaid December 1, 1931. A check for your share is enclosed herewith. This is a final distribution."

U. S. B. & M. Liquidation Corporation. Value of 2 Shares of Class "B" Stock: This company is located at 25 West 45th Street, New York City. The company informed me that they have paid $115.55 in liquidating dividends on the Class "B" stock, and that the decedent has received all dividends paid to date. The last dividend of $7.00 per share was paid on August 15, 1944. The company also informed me that one more dividend will be paid which will be the final one, and will be nominal. The company informed me that $1.00 per share would not be excessive. Therefore, I submit $8.00 per share, which includes the $7.00 payment made in August, or $16.00 as a fair value for two shares of Class "B" stock as of March 22, 1944, the date of the decedent's death.

Union Bank of the State of Tennessee.
Following is quoted from a letter received from the Supt. of Banks of the State of Tennessee: "In reply, I beg to advise you that this bank was incorporated by our General Assembly Oct. 18, 1832, and was located at Nashville, Tennessee, with branches thereof at Knoxville, Columbia and Jackson. The Nashville office was opened March 4, 1833, and continued to operate until 1861, when conditions imposed by the War between the States forced its closure. The stock has no value beyond that of a souvenir."

Union Copper Mines Company. Value of 208 Shares of Capital Stock: Incorporated in Maine in 1907 and was located at 18 Broadway, New York City. In May, 1913, the Directors reported that there were several judgments against the company and asked for subscriptions of 10c per share to pay the judgments. Stockholders failed to respond, and in July, 1913, the property was sold at Sheriff's sale for $7,100. in satisfaction of a judgment for wages and labor due. The company lost its charter in 1913. I submit the shares as worthless as of December 28, 1944, the date of the decedent's death.

Union Copper Mining Co., Boston, Mass. 7M

Union Trust Company, Cleveland, Ohio. Press report April 17, 1945: Cleveland, April 17 (UP).—Liquidation of the Union Trust Company, which was closed at the time of the bank holiday when the company was the seventeenth largest bank in the United States, is nearing completion, it was disclosed today. In recognition of the approach of the "end of the road" of the liquidation, the Cleveland Chamber of Commerce today presented its citation and gold medal for distinguished public service to the five members of the Noteholders' Committee Properties, Inc. The five men are: A. C. Ernst, committee chairman; Percy W. Brown, Sam W. Emerson, David L. Johnson and Frank A. Scott. The chamber pointed out that all depositors have been paid in full, with stockholders who had met the double liability having received 85 per cent of their liability. It added that the committee still has for distribution some $8,000,000 in cash and short-term United States government securities, miscellaneous assets, and the 20-story Union Commerce Building.

Press report Feb. 26, 1945:

Washington, Feb. 26 (AP).—Otis & Co. Cleveland, asked the Supreme Court today for a rehearing of its recent decision which upheld a plan of liquidation of the United Light & Power Co.

United Light & Power submitted the plan after the Securities and Exchange Commission ordered the firm dissolved under the "death sentence" provision of the holding company act. The commission approved the arrangement.

The plan called for distribution of assets to preferred and common stockholders on a basis of 94.52 and 5.48 per cent, respectively. Otis, a preferred stock holder, contended that the plan was unfair. The Supreme Court's 5-3 decision affirming the general arrangement did not attempt to determine whether the actual division was in proper proportion.

Otis asked that the rehearing be devoted to a determination of the question of proportion.

United States Electric Power Corporation. The Maryland Trust Co., Baltimore, Md., informed us as follows on March 21, 1946: Pursuant to an order of the Circuit Court of Baltimore City passed December 24, 1942, Maryland Trust Company as Agent for the Receiver of United States Electric Power Corporation during the three year period from March 8, 1943 to March 8, 1946, made a distribution of five and seven tenth cents per share to the holders of certificates for common stock of United States Electric Power Corporation upon surrender of said certificates at this office.

Enclosed you will find copy of a printed notice from the Receiver which was sent to all the holders of such stock as shown by the stock records which were in charge of the Public Engineering and Utility Company of Chicago. The notice was also given to former stockholders by publication in certain newspapers.

The time for filing claims for the distri-

bution of five and seven tenths cents per share by surrender of certificates for common stock of United States Electric Power Corporation terminated at the close of business on March 8, 1946 and the Circuit Court of Baltimore City thereafter passed an order directing Maryland Trust Company as agent for the Receiver to make final distribution of the remaining assets among the holders of said stock who filed their claims prior to the close of business on said date.

The distribution authorized by the Court was made pursuant to the provisions of Section 101 (a) of Article 23 of the Annotated Code of Maryland. Complete information in this matter may be obtained by persons interested by reference to the Order of the Circuit Court of Baltimore City and the proceedings relating thereto in Docket 76 A-791.

We are advised by counsel to the Receiver that the former stockholders of United States Electric Power Corporation who did not prove claims to the first distribution on or prior to March 8, 1946 are forever barred and foreclosed.

Pursuant to the provisions of Section 101 (a) of Article 23 of the Annotated Code of Maryland and in accordance with Order passed by the Circuit Court of Baltimore City on March 16, 1946, final distribution of the remaining assets will be made in behalf of the Receiver on April 1, 1946 to the stockholders who filed claims prior to the close of business on March 8, 1946.

United States Metal Cap & Seal Company. The Upressit Metal Cap Corporation, located at 420 Lexington Avenue, New York City, informed us as follows on June 12, 1945: "In reply to your letter of the 9th, we wish to advise that at a special meeting of the stockholders held in 1925 the name of the company was changed from U. S. Metal Cap & Seal Company to Upressit Metal Cap Corporation. At the same time the par value of the common stock was reduced to 10 cents per share. All stockholders were notified of this meeting and they were subsequently advised of the action taken at this meeting and instructed to send their stock to our Transfer Agent, The Corporation Trust Company, 120 Broadway, New York 5, New York, to be exchanged for stock of Upressit Metal Cap Corporation. This exchange was on a share for share basis. The stock can still be exchanged if it is sent to the Transfer Agent as mentioned above. If the exchange is made in the name of the original stockholder no Transfer Taxes will be assessed. However, if it is to be transferred to someone other than the original stockholder New York State and Federal Transfer Taxes would be assessed, and as these would be based on the original par value they would exceed the value of the stock. The only possible exception would be if the transfer is made in settle-

ment of an estate. However, if the transfer is to be made in the settlement of an estate the Transfer Agent will require certain papers before the transfer can be made. We would suggest that you write direct to the Transfer Agent and inquire as to what papers they will need in order to make the transfer. . . . At the present time the preferred stock is in arrears for approximately $50. per share in back dividends."

We searched our mining records back to 1897 and found no record of this company's operations, with this exception—the Utica Mining company of San Francisco was reported in 1931 to be operating for the owners of the old Gold Cliff and Utica Mines at Angels Camp, Calaveras County, California, formerly operated by the defunct Utica Gold Mining Company. and
To the Holders of First Mortgage Bonds of
Utilities Elkhorn Coal Company
Entitled to
Common Stock of
Ogden Corporation

Notice is hereby given that the 49,395.92 shares of Common Stock of Ogden Corporation, which were reserved for you up to the date of the sale hereafter mentioned pursuant to the Plan of Reorganization of Utilities Power & Light Corporation, dated July 10, 1939, approved by the Securities and Exchange Commission on July 26, 1939, and by the order of the United States District Court for the Northern District of Illinois (Eastern Division), dated January 2, 1940, confirming said Plan, have been sold at public auction pursuant to the terms of said Court order on the 18th day of April, 1945, for an aggregate price of $229,691.03.

The aforesaid Court order provides in effect that you no longer are entitled to obtain shares of Common Stock of Ogden Corporation, but you are entitled to obtain your pro rata share of the net proceeds of said sale (plus all dividends which have been declared and set apart for payment on said shares of stock prior to such sale) until April 19, 1951 and that after such date, you will not be entitled to any of such proceeds (or dividends) which, after said six years period, shall be considered as part of the general corporate funds of Ogden Corporation.

Ogden Corporation
By B. H. Brewster, President

April 30, 1945

The Ogden Corporation has sold at auction 49,396 shares of its $4 par common stock at $4.65 a share, it was announced yesterday. The shares had been held for creditors and preferred stockholders of Utilities Power & Light Corporation, who were given until the day of the sale to accept the stock as provided in the company's reorganization plan. As they failed to do so, the stock was first offered in parcels and was purchased by two individuals for personal investment. The purchases are subject to approval by the Securities and Exchange Commission, which had approved the auction sale. A minimum price of $3.75 a share had been set by Ogden Corp.

Proceeds from the sale totaled $229,691 plus dividends of $1.75 a share declared on the stock up to the date of the sale. This amount will be deposited in escrow in the First National Bank of Jersey City for the benefit of the claimants, who will have until April 19, 1951, to apply for the proceeds. After that date, the funds become part of Ogden Corp.'s free assets.

Co., and have been such for about 20 years. This co. has never produced any ore and we have never had a balance sheet or income account. The stock at present is valueless, and I do not know when operations will start on the property. The property consists of six patented claims comprising about 120 acres, and it is located in Day's Fork in Big Cottonwood Canyon which is approximately 20 miles from Salt Lake City. I think the ground is good mining ground, but it may be many years before any money is realized from it. The president of the co., myself, and one of the substantial stockholders have been paying taxes and the corp. tax for the last 10 years. There is no money in the treasury. I would suggest that your client hold the stock as it may be of some value in the future. I shall be glad to give you any further information at any time." Signed: E. A. Virden Packing Company
A new company was formed in 1935, known as Vica Co., which took over all of the assets including $250,000 cash rec'd. from the sale of meat packing & wholesale butcher business to Armour & Co; all of Sec. 16, Township 27, So. Range 23, East, in Kern County, Calif., in the vicinity of a dry gas field leased to the Standard Oil Co. of Calif. for a bonus of $70,000 and 1/8th royalty commencing in Nov. 1937. Stock in the new co. was exchanged share for share for that of Virden Packing Co. The par value of the stock was changed in 1930 from $100 to $25. The Vica Company, now in the process of liquidation, paid the following liquidating dividends to stockholders. $8.00 per share, Feb. 25, 1932; $4.00 per share, June 26, 1935; $3.00 per share, Oct. 30, 1935; $1.00 per share, Dec. 24, 1935; $2.00 per share, Feb. 3, 1936.

Virgin Dome Oil Company. Incorporated at St. George, Utah, on Nov. 5, 1917, and, according to the Sec. of State of Utah, is in good standing. Following is quoted from a letter from the County Clerk of Wash. County, St. George, Utah.

"On Jan. 28, 1929, Richard Kelly, Dr. William Cardew, Joseph Corey & John Mespie filed oaths of office as directors of the Virgin Dome Oil Co. No address is shown except that the oaths were all notarized by E. D. Jensen, Notary Public in and for the County of Santa Clara, State of Calif. On March 19, 1930, Clair M. Senior, apparently of Salt Lake City, filed an oath of office as director or this co. and on Dec. 17, 1930, Ellis J. Pickett of St. George filed an oath of office as a director."

A letter directed to Ellis J. Pickett suggested we write to Miss A. Lauret, Box 72, Sunnyvale, Calif., sec. of the co. He added, "The co. has never produced, but has been exploring for oil for many years and I know of no transaction in the stock for many years. Therefore, don't know of any market value that it has." Wrote to Miss A. Lauret, but received no reply.

Vitaplus, Inc. Press report Dec. 12, 1945:

New York, Dec. 12, 1945 (CCNS)—In what was hailed by City Markets Commissioner Harry M. Brundage as a "warning to those who attempt to use the radio, newspapers or any other medium in an attempt to swindle the public," Sylvan D. Broder, 51, president and treasurer of Vitaplus, Inc., and the corporation itself, were found guilty after a 17-day trial in Special Sessions Court here for using misleading advertising over the radio and by other means in the sale of a tablet they represented would decrease gasoline consumption in automobiles by from 20 to 39 per cent.

In commenting on the case, Brundage said: "We have aborted the attempts of this group in a projected scheme that would have cost the American people unknown thousands of dollars in terms of money paid for a valueless product and in terms of irreparable injury to their cars. "There is a lesson to be learned here for both radio stations and radio listeners. The stations themselves have a civic duty to perform in making certain that advertising they carry on their wave lengths is not false, exaggerated and, in particular, destructive. Listeners, on the other hand, must learn to regard carefully wild blown-up claims by sponsors for their products."

Value of $1,000 First 8% Bond due 1934 and $1,000 Bond Due 1935 Stamped as To The Payment of .0418% Of The Face of The Bonds, and 5 Coupons on Each Bond Have Also Been Stamped as To Certain Payments.

The Clerk of Circuit Court of Palm Beach County, West Palm Beach, Florida, informed me as follows on December 3, 1945: "Reference is made to your letter of November 26th, 1945, Bond No. 115 of Elinor B. Walker, etc. is not shown on the schedule filed with the Clerk. However holders of bond of the same amount $1,000 were allowed $51.83."

In view of the fact that payments of $41.80 were paid on the principal of the above bonds and certain payments were made on the coupons, and that the bonds are not listed on the schedule filed showing payments due thereon, it would appear that the total amount in liquidation was paid on these bonds. Therefore, I submit the bonds as worthless as of June 9, 1945, the date of the decedent's death.

Walker Mining Company, Plumas County, Calif. Press report 10/18/45:

Reno, Nev.—R. P. Wilson, formerly of Fort Worth, Texas, who is making his home in Nevada, has been in Reno following his recent purchase of property and improvements of the Walker Mining Co. in Plumas county, Cal., some 48 miles northwest of Reno, at sheriff's sale. The mine and 1600 ton flotation mill were closed down late in 1941 largely because of the low price for copper.

The property purchased by Wilson includes the Walker mine of 790 acres with mining rights on adjoining claims, standing timber, a large number of houses, 540,000 feet of lumber and mine equipment and supplies. He was said to have an option on the milling plant to which ore was delivered formerly by aerial tramway and more recently by truck.

Long active in western mining and industrial projects, Wilson in 1936 opened the Trinity River in Texas to navigation, an undertaking followed later by a government project involving many millions in cost.

Sale of the Walker mine properties was enforced to satisfy indebtedness to Anaconda Copper Mining Co., which has long owned around 51% of the Walker Co. stock. In 1940, the last year of operation, the Walker mine employed an average of 520 men and produced 5262 tons of copper,

237,891 ounces of silver and 14,170 ounces of gold, but operating costs were notoriously high and liabilities were listed at $921,465 at the close of that year.

The mine is known to contain a large volume of developed ore and it is said there are possibilities that it may be reopened by other interests.

First Mortgage 6½% Bonds Due 1941.
The Everett Trust & Savings Bank, Everett, Washington, informed us as follows on July 30, 1945:

"... A few years ago a settlement was worked out with the payers of these bonds and with the approval of all of the bondholders whereby certain principal payments were made by obligators, and they turned over to the bondholders all of their stock in the San Juan Logging Company and were released of all their obligations. At that time principal payments were made on the bonds reducing the unpaid principal amount to 44% of face value. As Trustee, we own all of the stock of the San Juan Logging Company for the benefit of the bondholders. The timber of this company has been contracted to the Malahat Logging Company, and the bondholders received a percentage of the selling price of the logs. Logging has proceeded during the past few years but on a modest scale due to the inability to get men to do logging in British Columbia. Stumpage funds have accumulated in Canada from the liquidation of this timber, but on account of the tax angles, this money has not been brought over to this country or distributed to bondholders. On account of the high income taxes in Canada, there has been no sentiment on the part of the bondholders to push this operation, and there probably will not be much change in the status of these bonds until after the war."

Wark & Gibbons. First Mortgage 6½% Bonds Dated Jan. 15, 1926:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Sept. 17, 1945: The purpose of this letter is to advise bondholders that a first and final liquidating dividend can now be paid.

In 1939 all of the then remaining lots were lost to the State of Michigan for taxes. Through arrangements with an interested third party some of the lots were subsequently re-purchased from the State on Land Contracts at the Scavenger Sale, under an option agreement whereby the Trustee would receive certain release prices when any of the lots were deeded to the optionee. The option has been completed.

A first and final liquidating payment can now be made to bondholders. Cash on hand amounts to $2,491.01. Of this amount $1,100.00 will be used to make a 10% ($100 per $1,000 bond) first and final distribution to the holders of $11,000.00 par value of bonds; $695.50 will be used to pay the fees and expenses of the Michigan Bondholders Committee, which have by agreement been reduced from $1,120.22; $85.00 will be used to pay the depositary fee and $610.51 to pay Trustee's fees which have been reduced from $1,280.00.

In order to receive this first and final liquidating payment bonds, either registered or in bearer form, should be forwarded to

Detroit Trust Company
Stock Transfer Department
Mezzanine Floor
201 West Fort Street
Detroit 31, Michigan

As this is a final liquidating payment, and since there is no possibility of further recovery for bondholders (the mortgagors having gone through bankruptcy several years ago), the bonds will have no further value after this payment. We therefore propose to retain the bonds and cancel them unless any bondholder instructs us, in writing, to return same.

Wark Gilbert Company. First Mortgage Bonds Dated Sept. 1, 1928 and C/D Therefor:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 27, 1945: Under date of August 10, 1943 you were advised of a 30% liquidating dividend to be paid as of August 20, 1943 on $35,000 par value of bonds outstanding. Previous liquidating dividends totalling 17% had been paid, making a total of 47%. An additional distribution of 15% ($150 per $1,000 bond) can now be paid to holders. Because the income tax status of the trust has not been determined it is necessary that $2,000 cash now on hand be set aside in reserve to cover possible claims for income tax.

In order to receive this distribution of 15% bondholders should present their bonds or Certificates of Deposit to

Detroit Trust Company
Tellers Windows No. 9 or No. 10
201 West Fort Street,
Detroit, Michigan.

Name State Date Charter Forfeited Vol.

The bonds or Certificates of Deposit will be endorsed and returned with the dividend check.

After payment of this distribution the assets remaining in the trust are—

(1) Cash in the amount of $2,250.00.

(2) Certificate for impounded funds in the amount of $761.31 with a value of approximately $213.00.

(3) One land contract receivable with an unpaid bal. of $285.00.

(4) Sixteen lots of doubtful value considering unpaid taxes.

Some liquidation of the trust property was made in 1944 and 49.7% of the distribution now available to bondholders (or $74.55 per $1,000 bond) represents proceeds of sale within that year and the balance thereof out of proceeds of sale in prior years. With respect to the Fiduciary Income Tax Return being filed by the Trustee for the year 1944 for the trust, the portion of the distribution allocable to the year 1944 is being treated by the Trustee as though the distribution had actually been made as of December 31, 1944. This action is based upon Section 162(d) of the Internal Revenue Code. The Trustee is advised by counsel that from a bondholder's viewpoint the treatment of the distribution depends upon a bondholder's own cost basis, the amount now available to him to be applied against his own cost basis for the bonds he holds.

As soon as the income tax questions of the trust have been determined (and that may not be until approximately three (3) years from date), any unused portion of the income tax reserve will be made available for distribution to bondholders along with funds obtained from liquidation of the few remaining assets.

Weaver Oil Company. Incorporated in South Dakota on May 26, 1930 for 25 years. The business was located at Chicago, Illinois. The incorporators were: F. C. Weaver and G. L. Horeseill, both of Kadoka, South Dakota, and F. E. Morgan of 58 E. Washington Street, Chicago, Illinois. Letters addressed to the officers in South Dakota were returned. A letter addressed to Mr. Morgan has not been answered nor returned. We searched our files and "Petroleum Register" back to 1930 and found no record of this company's operations, nor did we find any record of this company in Illinois state records as a foreign corporation. It is our opinion that the shares are without value.

First Mortgage 6% Bonds Dated Sept. 1, 1928 or C/D Therefor:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 27, 1945:

As of March 28, 1934 Liquidating Dividend No. 1 of 9.5% was made available to bondholders and on December 22, 1934 Liquidating Dividend No. 2 of 3% was made available. Through an option agreement with an interested third party 195 of the lots were repurchased by the Trustee from the State of Michigan at the 1940 Scavenger Sale under an arrangement whereby the Trustee would receive certain agreed release prices when any of the lots were deeded to the optionee. The optionee was also required to make the payments due the State on the land contracts, and also pay taxes.

Because F. H. A. mortgages could not be secured for building purposes prior to 1944, very few lots were purchased under the option. The optionee could not meet his obligations promptly and it looked as if the State would cancel the land contracts. Then the property was approved for F. H. A. mortgages and the situation improved, although a substantial amount of unpaid taxes had accumulated. The optionee has recently paid the Trustee in full for the release of all the remaining optioned lots. A liquidating dividend is now in order.

After payment of Trustee's fees and expenses, but before provision for possible income tax liability, there is available $6,118.33. This amount is equivalent to 26% on the $23,500 par value of bonds presently outstanding. However, because the income tax status of the trust has not been determined, it is necessary that $1,390.00 be held in reserve to cover possible claims for income tax. There is, therefore, $4,728.33 available at this time as a liquidating dividend for distribution to the holders of $23,500 par value of bonds and Certificates of Deposit presently outstanding at the rate of 20% ($200 per $1,000 bond). In order to receive this liquidating dividend the bonds or Certificates of Deposit should be forwarded to

Detroit Trust Company
Reorganization Division
201 West Fort Street
Detroit 31, Michigan.

The bonds and Certificates of Deposit will be endorsed to show their payment and returned to holders with the check.

Some liquidation of the trust property was made in 1944 and the balance in 1945. Of the distribution now made available $51.20 per $1,000 bond represents proceeds of sale in 1944 and the balance thereof out of sales in 1945. In the Fiduciary Income Tax Return being filed by the Trustee for the year 1944 for the trust, the portion of the distribution allocable to the year 1944 is being treated by the Trustee as though the distribution had actually been made as of December 31, 1944. This action is based upon Section 162(d) of the Internal Revenue Code. The balance of the distribution will be treated as a liquidating payment on the bonds in 1945 with respect to the Trustee's 1945 Fiduciary Income Tax Return for the trust.

The Trustee is advised by counsel that from a bondholder's viewpoint the treatment of the distribution depends upon a bondholder's own cost basis, the amount now available to him to be applied against his own cost for the bonds he holds. Of course, the Government may take the stand that the bondholder's cost is his allocable share of the land contract price paid to the state of Michigan in recovery of the property at the Scavenger Sale, but the Trustee does not adopt that view believing instead, that the bondholder's cost is his original cost.

As soon as the income tax questions of the trust have been determined (and that may not be until approximately three (3) years from date), bondholders will be so informed. At such time any unused portion of the income tax reserve will be made available to bondholders. After collection of the distribution now available, your bonds should be retained for possible collection of the pro rata share of the unused portion of the income tax reserve.

Western Exploration Company, Ltd.

Mr. M. P. McCullough, 38 S. Dearborn Street, Chicago, Ill., informed us as follows on April 27, 1945:

Referring to your letter of April 19 in connection with information wanted regarding the Western Exploration Company, Ltd. by Mr. Robert D. Fisher, 461 Eighth Avenue, New York City, I do not recall receiving a letter from Mr. Fisher but undoubtedly it came and was forwarded to the company's British Columbia office.

For Mr. Fisher's information, I enclose the latest balance sheet I have of this company and wish to advise that the Western Exploration Company, Ltd., for the past two years, has been operating under a contract with United States Government Agencies in Washington, but the mine and mill are about to close down due to exhaustion of developed ore, as well as the expiration of the Government contract on June 30, 1945.

This has been a very high cost operation and could only operate under war conditions and the subsidy given by the U. S. Government. During the last two years' operation, the company has paid up all indebtedness and has net cash assets to the extent of 9c to 10c per share American money. We can place no value to the fixed assets and unless there is a very unusual metal market postwar, all of its properties will undoubtedly be scrapped.

When the mill and mine definitely shutdown next month the Directors will determine the future course and all Stockholders will be advised.

Western Pacific Railroad Company.

Press report December 11, 1944:

To the Holders of The Western Pacific Railroad Company First Mortgage 5% Gold Bonds, due March 1, 1946:

By order of the District Court of the United States, for Northern District of California, Southern Division, entered November 27, 1944, the properties of The Western Pacific Railroad Company are to be revested in it on December 29, 1944, in order to carry out the plan of reorganization of that Company which is now effective. On and after December 29, 1944, holders of outstanding First Mortgage 5% Gold Bonds due March 1, 1946, will be entitled to receive from the Depositary and Exchange Agent, Guaranty Trust Company of New York, 140 Broadway, New York 15, N. Y., new securities, together with certain adjustment payments in cash, in exchange for their old securities.

First Mortgage Bonds May Be Deposited With The Depositary And Exchange Agent Any Time Prior To, As Well As On Or After, December 29, 1944.

All First Mortgage Bonds in coupon form so deposited should have all coupons maturing March 1, 1934 and subsequently attached thereto, or should be accompanied by satisfactory affidavit and indemnity agreement. Scrip certificates for such bonds will be treated as bonds provided they are surrendered in principal amounts of $100 or multiples thereof.

For each $1,000 principal amount of First Mortgage Bonds so surrendered, the holder thereof will be entitled to receive new securities of The Western Pacific Railroad Company and adjustment payments in cash, as follows:

$400 principal amount of new General Mortgage 4½% Income Bonds, Series A, and a cash adjustment payment at the rate of 22½% of the principal amount of such bonds.

6 shares of new Preferred Stock, Series A, having a par value of $100 a share and a cash adjustment payment at the rate of $15.81 for each share of Preferred Stock so delivered.

4.67 shares of new Common Stock without par value and a cash adjustment payment at the rate of $9.00 for each share of Common Stock so delivered.

Outstanding First Mortgage Bonds in principal amounts other than $1,000 will be entitled to receive proportionate amounts of new securities and cash.

The new General Mortgage 4½% Income Bonds are issuable only in fully registered form in denominations of $100, $500, $1,000, $5,000 and $10,000. No fractional amount of bonds or fractional shares of stock will be issued but, in lieu thereof, there will be issued scrip certificates for such fractions in bearer form. No interest or dividends will be paid on scrip certificates for bonds, preferred stock or common stock until such certificates have been consolidated and exchanged for whole bonds or shares of stock.

The required form of Letter of Transmittal to accompany the deposited First Mortgage Bonds may be obtained from Guaranty Trust Company of New York, Corporate Trust Department, 140 Broadway,

Name State Date Charter Forfeited Vol.

Wettlaufer Lorrain Silver Mines, Limited.
Value of 100 shares of capital stock. Incorporated in Ontario. This stock has a liquidating value of 20c in Canadian currency per 100 shares. Evidence of payment was not stamped on the face of the certificate. This dividend may be obtained from Mr. E. H. Westlage, 61 Broadway, New York City. The bank charge for collecting on Canadian currency or drafts is 10% plus 15c, which would give the stock a value of 3c per 100 shares as of December 28, 1944. In view of the fact that more than 3c would be envolved in sending the stock for collection, I submit the shares as worthless as of December 28, 1944, the date of the decedent's death.

Wightman Electric Manufacturing Company. Value of First Mortgage 5% Bonds Due 1931 with 8/1/1894 and Subsequent Coupons Attached and Stock:
The Central Hanover Bank & Trust Company, New York City, informed us that the property of this company was sold in 1893, and sufficient funds were realized from the sale to pay the coupons on the bonds up to February, 1893. Nothing was available to pay on the principal of the bonds. Therefore, we submit the bonds and stock as worthless.

Wilbert Mining Company. Incorporated in Utah and is located at 302 Felt Bldg., Salt Lake City, Utah. The stock is listed on the Salt Lake City Stock Exchange and sold on March 1, 1946 for 11c per share. However, the company has requested that you inform them the name in which the certificate was issued, number, so that they may check their records. Apparently the stock is assessable and if the back assessments have not been paid the shares were cancelled on the books and have no value.

Wilkes-Barre & Hazelton Railroad Company. This road discontinued service on September 17, 1933. It was organized in 1931 as a reorganization of the Wilkes-Barre & Hazelton Railway Company. All of the property of the latter company had been sold at public sale to the reorganizers, under foreclosure proceedings instituted by the bondholders. The preferred stock held by your client presumably is of the defunct Wilkes-Barre & Hazelton Railway Company. It is unlikely that the stock has any value. The property of the company was sold to satisfy, in part at least, the claim of holders of $1,500,000, par value of bonds. The fact that the purchasers of the property sold it to the reorganized company for $750,000. payable in common stock, indicates that the proceeds of the sale were insufficient to satisfy the claims of the creditors, leaving nothing for the capital stock. The Markle Bank & Trust Company of Hazelton, Pa., was Trustee for the bondholders.

Williams, E. T., Oil Company. Incorporated in Wyoming and its present address is Wyoming National Bank Bldg., Casper. Wyo. The company operates oil wells at Salt Creek field, Natroma, Wyoming. In 1926 the company paid a dividend of ½%, and in 1927 was operating 34 producing wells. We have no later reports on the amount of wells the company is operating. The stock, according to brokers familiar with the company, is quoted at 4c bid, 8c asked.

Williams, E. T., Oil Company, Casper, Wyo. The company informed us as follows on November 1, 1945:

We have your inquiry of October 24th regarding the stock of this company. We

Name State Date Charter Forfeited Vol.

are operating in the Salt Creek Field fifty miles north of Casper which was the original lease of the Company. In 1920 the production was about 6,000 barrels a day and it has now depleted to the point where the production is less than 100 barrels a day.

There is little market for the stock but when any is sold it is at about 4c a share. No broker handles it and for that reason this office tries to bring buyer and seller together without charge. Therefore you might suggest to your client that he contact us if he desires to either buy or sell. There was a dividend paid in 1924 which was the last. We have 1,700,000 shares outstanding and with our small income it is unlikely that another dividend will be paid.

Press report 12/28/44:

Washington—A plan of reorganization for the Wisconsin Central Railway was filed with the Interstate Commerce Commission yesterday by a protective committee for holders of the road's first general mortgage 4% bonds.

The plan contemplates a reduction in total capitalization from $85,233,072 (including accrued and unpaid interest) to $48,127,190 on July 1, 1945. Fixed interest requirements would be cut to $459,481 annually. The Marchfield & South Eastern mortgage 4% bonds would remain undisturbed, under the plan, as would outstanding equipment obligations. A total cash distribution of $5,837,430 would be made to the first general mortgage bondholders, equivalent to $190 per $1,000 bond. In addition, these bondholders would receive for each $1,000 of odd bonds held (including accrued and unpaid interest), $450 in new first mortgage 4% bonds and $626.40 in general mortgage income 4½s.

Holders of Superior & Duluth Division & Terminal mortgage 4s would get, for each $1,000 bonds held (including interest), $1,002 of new capital stock.

The first and refunding mortgage 4% bondholders would receive, per $1,000 bond, $1,359 of capital stock, while holders of the first and refunding 5s would get $1,000 in new capital stock for each $1,000 old bond held.

Present common and preferred stockholders would not be allowed to participate in the reorganization.

Women's Town Club, Inc. Incorporated in New York on November 22, 1923 and filed a Certificate of Dissolution on December 7, 1944. The Certificate was filed by Ray F. Zucker, 1 West 70th Street, New York City. A letter addressed to Mr. Zucker was returned. The attorney for the company was Peter Zucker, 192 Broadway, New York City. Due to the fact that a Certificate of Dissolution was filed we do not believe the 4% Bonds issued by this company have any present value. The bonds were apparently issued to members.

Wood-Mere Camp, Salem, N. J. Incorporated in New Jersey and is in good standing. We have been referred to Dr. David Green of Salem, N. J., for further information.	
Wood-Mere Camp, Salem, N. J. Dr. David W. Green, 69 Market Street, Salem, N. J., informed us on September 6, 1945, that the stock of Wood-Mere Camp is worthless except to members. Dr. Green states that he does not know of any stock which your client may hold unless it is some which your client has neglected to turn in for money all ready received. There are only 15 members and the stock is worthless to anyone holding it other than these 15 members.

World Film Corporation. Value of Capital Stock. Incorporated in Virginia and lost its charter in 1927. Mr. Harry B. Lake, a former director of the company, informed me in 1938 that this corporation ceased business many years ago and its few remaining assets were taken over through foreclosure by the Noteholders. The assets were insufficient to pay the noteholders in full, leaving no equity for the stock. Therefore, I submit the shares as worthless as of October 28, 1945, the date of the decedent's death.

Wrigley Pharmaceutical Company 10

Wrigley Pharmaceutical Company. Incorporated in Delaware in 1920. In an accounting prepared by the First Central Trust Company of Akron, Ohio, a decree was handed down by the Orphans Court of Alleghany County, Pa., in March of 1935, which showed the Class "A" and common stock as worthless. The company lost its charter in 1942. The shares, in our opinion, have no value. The company's officers were fined for mail fraud.

Wrigley Tooth Paste Company, Limited 10

Wrigley Tooth Paste Co., Limited. Incorporated in Ottawa and its auditors are David Rothenberg & Company, New Birks Bldg., Montreal, Quebec. This firm has not answered our letter requesting information about the company. The company is required under Section 117 of the Companies Act to mail a copy of its balance sheet and statement of income and expenditures and statement of surplus to each shareholder of record at his address, as recorded in the books of the company, at least not less than 14 days before the date of the annual meeting at which such statements are to be presented.

We suggest that you arrange to have the stock transferred to your name, and then request a statement as a stockholder of record. If the company then refuses the statement, you have the letter from the Department of State of Ottawa to take further action.

York Railways Company.

Press report April 3, 1945:

Philadelphia, April 3, 1945—The York Railways Company, which operates in York County, Pa., and is a unit in the holding company system of the Associated Gas and Electric Corporation, filed today with the Securities and Exchange Commission an amended reorganization plan which will lead to liquidation of the company.

The plan involves eight steps, including the Metropolitan Edison Company's purchase from York Railways of all the promissory notes and other indebtedness of the Edison Light and Power Company held by York Railways and 13,010 shares of Edison Light common stock. This would be for a sum sufficient to provide for the obligations of York Railways under the plan, estimated at $3,830,000.

York Railways then would reorganize, liquidate and dissolve by taking the following steps:

York Railways will pay the full liquidation value of the then outstanding York Railways bonds, $4,387,000, and accrued interest.

York Railways will pay or provide for all its other indebtedness, including costs of administration and allowances approved by the United States District Court.

York Railways will pay the full liquidation value of the 3,186 shares of York Railways 5 per cent cumulative preferred stock held by the public, namely, $50 and accrued unpaid dividends, which were $20 a share on Jan. 1.

Metropolitan Edison will assume all the then remaining liabilities of York Railways, which will be liquidated. Metropolitan Edison, as the sole remaining holder of York Railways 4 per cent cumulative preferred stock, consisting of 28,814 shares, will receive any remaining assets of York Railways.

York Railways will consummate the plan, which makes no provision for its common shareholders.
